

Town of Westford Annual Report

For Year Ending December 31
2009

Honoring Westford soldiers killed in action - Veterans Day 2009

Thanks to the inspiration of Geoff Hall, Paul MacMillan and Paul Murray, at Veterans Day ceremonies on Westford Common November 11, 2009, nineteen Westford veterans who died in World War II, Korea, and Vietnam were honored. A street marker was made for each veteran, matching markers previously created for those who died in World War I. The nineteen veterans and the location of their memorial markers are listed below:

World War II

Hubert E. Bolyea	Graniteville Road at Cold Spring Road
Herbert S. Clark	West Prescott Street at Story Street
Raymond R. Connell	Pleasant Street at Abbot Street
Richard A. Connell	West Prescott Street at Coolidge Street
Gaston J. Cote	West Prescott Street at Hill Street
Real J. Cote	North Main Street at Broadway
Joseph W. Fletcher	Depot Street at Plain Road
William R. Gower	Broadway Street at First Street
Frederick S. Healy	Broadway Street at Cross Street
Bernard Kulisich	Forge Village Road at Abbot Street
Anthony Kostechko	Pleasant Street at Bradford Street
Arthur T. Perkins	River Street at Fourth Street
Eugene J. Rioux	North Main Street at Hillside Avenue

Korea

John L. Black	Depot Street at Nutting Road
Robert G. Langley	Groton Road at North Street

Vietnam

Charles E. Aaron	East Prescott Street at Town Farm Road
Richard E. Brundrette, Jr.	North Main Street at West Street
Richard Connolly	Plain Road at Moore Road
Kenneth R. Hughes	Oak Hill Road at Nabnasset Street

TOWN OF WESTFORD MASSACHUSETTS

Annual Report

Annual Town Election
to be held
Tuesday, May 4, 2010

Annual Town Meeting
to be held
Saturday, March 27, 2010

In Memoriam

H. Arnold Wilder

May 23, 1909 - May 20, 2009

A gentleman in the finest sense of the word

The Wilder family moved from New Hampshire to Parker Village in 1923. Arnold graduated from Westford Academy in 1927.

"H. Arnold Wilder, known as Arnold about town, wears many hats. In addition to being a railroad buff, he's a avid horseman. For years, bedecked in Revolutionary costume, Arnold has been the Grand Marshall of Westford's Apple Blossom Parades. Arnold worked for many years (1927-1934) at the Wright & Fletcher Store in Westford Center and at the Abbot Worsted Company in Forge Village."

June W. Kennedy - *Westford Recollections of Days Gone By*, 2006

1956	Secretary, Westford Water Commissioners
1961-70	Trustee of J. V. Fletcher Library
1951 - 2003	Warden of Precinct One
1953 - 2009	Trustee of Westford Academy

CITIZEN ACTIVITY APPLICATION FORM
Town of Westford

GOOD GOVERNMENT STARTS WITH YOU

If you are interested in serving on a Town committee, please fill out this form and mail to the Town Manager, Town Hall, 55 Main Street, Westford, MA 01886. This form may also be downloaded from the website at www.westfordma.gov/citizen. All committee vacancies will be filled by citizens deemed most qualified to serve in a particular capacity.

ANNUAL TOWN MEETING MINUTES

May 9, 2009

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Abbot School on Saturday, May 9, 2009, called to commence at 10:00 am, the following business was transacted:

Election officers, using voting lists, acted as tellers at the doors. A combined total of 430 voters were in attendance.

Ellen Harde, Town Moderator, called the 280th meeting to order at 10:00 am.

It was VOTED unanimously to allow town staff and consultants who are not Westford voters to sit with boards and address the meeting.

It was VOTED unanimously to waive the reading of the motions and accept as the official motions the document posted to the web on April 24, 2009 and filed with the Town Clerk.

Article 1. Acceptance of Town Reports

It was VOTED unanimously that the Town accept the Reports of Town Officers, Boards and Committees for the calendar year 2008 with a correction in the placement or non-placement of a decimal point in the Board of Assessors report.

	FY 2008	FY2009	\$ diff	change as shown	change	% Change
Total Taxable assessments	\$3,907,172,157.00	\$3,885,827,988.00	\$21,344,169.00	-0.0055	-0.0055	-0.5%
tax levy	\$52,357,398.00	\$54,282,805.00	\$1,925,407.00	1.0368	0.0368	3.7%
residential tax rate	\$13.40	\$13.97	\$0.57	1.0425	0.0425	4.2%
avg SFR assessed value	\$467,844.00	\$459,180.00	-\$8,664.00	-0.0185	-0.0185	-1.8%
avg SFR tax	\$6,269.10	\$6,414.74	\$145.64	1.0232	0.0232	2.3%

Error is in placement or non-placement of decimal point.

Lines 1 and 4 were determined by dividing Col C from Col B minus 1.

Lines 2, 3, and 5 were determined by dividing Col C from Col B.

The report of the Historical Commission was inadvertently omitted from the report but was inserted inside each of the printed reports and is printed below in its entirety.

HISTORICAL COMMISSION

The Westford Historical Commission meets on the third Wednesday of the month, 7PM at 4 Boston Road. Additional meeting postings, meeting minutes and other information can be found on our website at www.westfordma.gov/historical. On December 16, 2008, Brad Heath and Robert Stafford were appointed to the Historical Commission, filling vacancies left this year by Rita Shipley and Bob Shaffer. The Commission is grateful for the support and insight Rita and Bob provided. During Bob's term he had been elected as vice chair, chair, and the Historical

Alternates:

Jane Hinckley
Phil Gilbert

Commission's representative to the Community Preservation Committee. John Cunniffe was elected to fill that vacancy as our Community Preservation Committee representative on October 1, 2008.

National Register of Historic Places

The Town Farm was nominated to the National Register of Historic Places in December of 2007. The Westford Historical Commission received notification from the Massachusetts Historical Commission that the listing was accepted on March 14, 2008.

Demolition Delay Bylaw

During 2008, the Historical Commission reviewed nine demolition applications which fit the criteria of the Demolition Delay Bylaw. This was a slight increase from the seven applications reviewed in 2007. The corresponding properties were toured, and demolition was approved in all cases. Unfortunately, these included two barns. One at 32 Flagg Road, possibly dating from the 1730's, and another at 78 Main Street, possibly dating from the mid 1850's. Although historically significant, their structural condition warranted approval of the demolition. This reminds us of not only the importance of our historic structures, but of their fragility.

Town Common Restoration Project

The Historical Commission supported the Common Restoration Committee's plan to recreate a bandstand on the Town Common, and the installation of an irrigation system for the Common grounds. That committee worked with the Westford Academy Community Service Team, students from the Nashoba Valley Technical High School, and many other volunteers, calling the project "Lend A Hand for the Bandstand". Bob Shaffer, from the Historical Commission, assumed the role of advisor to the irrigation system installation team. The completion of the irrigation system and most of the bandstand construction was accomplished on May 31, 2008. The Historical Commission wishes to thank the many people involved with this project, for their vision and many hours of hard work.

Community Preservation Projects

The Historical Commission supported the following applications for funding by the Community Preservation Committee:

- J.V. Fletcher Library restoration project of the Elizabeth J. Fisher map of the United States, and the Wallings map of Middlesex County
- Town Hall Records preservation project
- Forge Village Millworkers path construction
- Cameron Senior Center restoration/expansion. The Historical Commission has toured the Senior Center with the Permanent Town Building Committee and reviewed the proposed architectural plans. The Historical Commission would like to note that the proposed plan reflects respect of the building's character and architectural style. As the Cameron Senior Center is a prominent building in the Forge Village Historic District, the Commission will continue to be involved with the project as it progresses.
- Town Hall Renovation/Expansion. The Westford Historical Commission is committed to the preservation of the existing Town Hall building. The Commission has been working with the Permanent Town Building Committee, Community Preservation Committee and town officials in reviewing the conceptual architectural plans and feasibility study of the renovation/expansion of the existing Town Hall building, which was closed in December of 2007. The Commission has expressed the desire that any addition to the building blend in with the architectural style of both the existing Town Hall structure and the Westford Center Historic District. With the proposed renovation to the interior of the building being so extensive, the Commission hopes that the result will be a functional Town Hall that will serve the people of Westford for many years to come.

Museum and Cottage Maintenance

The Historical Commission has care and custody of the Westford Museum building, located at 2 Boston Road, and the building referred to as the “Cottage” at 4 Boston Road. As part of the “Lend a Hand for the Bandstand” project of May 2008, the members of the Westford Academy Service team, along with Historical Commission and Historical Society members, also provided some maintenance for our buildings and grounds. Tasks included window washing, painting and yard work. Later that month Brian Shipley, and Lloyd Leach realigned the granite steps to the front door of the cottage, with materials donated by Dave Canney of Dr. Mulch Garden Center. In November, Mike Dutton from Specialty Stone donated his time and materials to repaint the foundations of both buildings. The Historical Commission would like to again thank them all for their help in maintaining both of these buildings which are so important to our work in preserving, protecting and promoting Westford’s history.

Goals for 2009

The Historical Commission has long desired to obtain a town archaeology survey, which would identify high risk sites which should be considered when reviewing future development plans. CPC funding for this survey was approved in May of 2007. John Cuncliffe has worked on the RFP, required in order to put the project out to bid. The Commission’s goal is to initiate the survey in 2009.

The Commission would also like to formalize our Preservation Plan in the coming year, by completing edits and distributing the final document to other Town Boards and Commissions. This plan will be a tool that all would be able to use to aid in preserving our historical assets.

Article 2. Fiscal Year 2009 Supplemental Appropriations

It was VOTED unanimously to dismiss this article

Article 3. Fiscal Year 2009 Budget Transfers

It was VOTED unanimously to dismiss this article

Article 4. Unpaid Bills from Previous Fiscal Year(s)

It was VOTED unanimously that the Town appropriate from Free Cash the sum of \$56.71 (FIFTY SIX DOLLARS AND SEVENTY ONE CENTS) to cover the costs of unpaid bills in previous fiscal years due to MacKay Hardware in accordance with the provisions of MGL Chapter 44, Section 64.

It was voted to take article 20 out of order.

Article 20. Renaming of Central Fire Station

It was VOTED unanimously that the Town name the Westford Center Fire Station in memory of Harold A Fletcher, Senior.

Article 5. Acceptance of Chapter 71: Section 37M Consolidation of Administrative Functions of Town and School

It was VOTED unanimously that the Town accept the provisions of Massachusetts General Laws Chapter 71, Section 37M to allow the Town to consolidate administrative functions, including but not limited to financial, personnel, and maintenance functions, of the School Committee with those of the Town.

Town Manager Jodi Ross then addressed the meeting with the state of the Town.

Article 6. Amendments to the Wage and Classification Plan

It was VOTED under four separate motions that the Town amend the Pay Classification Plan for non-union municipal employees, effective July 1, 2009 as follows:Change Position Title and Band:								
Position Title	Current Band	Min	Mid	Max	New Band	Min	Mid	Max
Admin. Secretary to the Town Manager to Admin. Assistant to the Town Manager	Band 2	\$37,893	\$46,051	\$54,209	Band 3	\$42,442	\$51,579	\$60,715
Band Changes:								
Position Title	Current Band	Min	Mid	Max	New Band	Min	Mid	Max
Finance & Budget Analyst	Band 3	\$42,442	\$51,579	\$60,715	Band 4	\$47,534	\$57,768	\$68,002
Social Worker	Band 3	\$42,442	\$51,579	\$60,715	Band 4	\$47,534	\$57,768	\$68,002
Create the Following New Position:								
Position Title	Current Band	Min	Mid	Max	New Band	Min	Mid	Max
Director of Land Use Management					Band 8	\$68,946	\$83,789	\$98,631

The original motion was AMENDED to add the position of Director of Land Use and Management.

Article 7. Fiscal Year 2010 Operating Budget

It was VOTED that the Town appropriate the sum of \$87,774,553 (EIGHTY SEVEN MILLION SEVEN HUNDRED SEVENTY FOUR THOUSAND FIVE HUNDRED FIFTY THREE DOLLARS) for the operation and maintenance of Town Departments for the Fiscal Year July 1, 2009 through June 30, 2010, such sums to be expended for such purposes under the direction of the respective Town Officers, Boards and Committees.

and further that all items be raised and appropriated except for the following:

Fund 100 General Fund: \$303,515.17 shall be appropriated from Overlay Surplus

Fund 240 Community Preservation Fund: \$789,369 shall be appropriated from Community Preservation Fund Estimated Annual Revenue.

Fund 270 Receipts Reserved for Appropriation: \$5,500 shall be appropriated
From Conservation Wetlands Fees

Fund 600 Water Enterprise Fund: \$3,424,152 shall be appropriated from Water Enterprise Revenue.

Fund 630 Recreation Enterprise Fund: \$1,050,000 shall be appropriated from Recreation Enterprise Revenue.

Fund 640 Ambulance Enterprise Fund: \$472,500 shall be appropriated from Ambulance Enterprise Revenue.

The original motion was AMENDED to adjust the Human Resources and Permitting line items in order to fund the newly created position of Director of Land use Management.

It was voted to TABLE the Roudenbush budget line item until after deliberation under Article 21.

A motion was made and seconded to reduce the budget for NVTHS by \$5,000 which is the estimated cost for legal fees in ongoing litigation with WestfordCAT and the Superintendent's vehicle provision. Town Counsel indicated that a vote to reduce the NVTHS budget would have the effect of disapproving it. The motion FAILED for lack of majority.

It was then RESOLVED to ask the Nashoba Valley Technical High School Committee to provide a report of their budget at least 14 days prior to Town Meeting, according to Town Bylaw Ch. 51.1.E.

It was further RESOLVED to request that tax dollars are spent in furthering the education of our children and not in further pursuing legal action between NVTHS and WestfordCAT.

The motion for the Roudenbush Community Center line item was tabled until a vote was taken under Article 21.

The Highway Department was commended for its tremendous efforts in cleanup following the December 2008 ice storm and for keeping the roads clear during the many snowstorms this past winter.

At 12:20pm, it was voted to recess the meeting following the presentation of the Gordon B. Seavey award, until 1:30pm.

* * *

The School Superintendent, Everett Olsen then presented the Gordon B. Seavey Appreciation Award to distinguished member of the community and long time School Dept. staff member Kenneth Kavetz for his significant contributions to the community as Director of the Westford Academy Community Service Team.

* * *

The Westford Conservation Trust was thanked for providing the slideshow showing a naturalist's view of Westford.

The Nashoba Quilters were thanked for creating the Westford quilt as a fundraiser to Habitat for Humanity. The quilt was donated to the Westford Historical Society.

Article 8. Property Tax Exemption Increase by 100% for the Blind, Elderly and for Disabled Veterans

It was VOTED under a consent agenda that the Town accept the provisions of Chapter 73, Section 4 of the Acts of 1986, as amended by Chapter 126 of the Acts of 1988, by providing for additional property tax exemptions for qualified residents who may be blind, elderly, surviving spouses or minors, or who are disabled veterans, and to continue the present percentage increase of 100%.

Article 9. Property Tax Deferral for Seniors: Amend and Increase Qualifying Income

It was VOTED unanimously that the Town accept the provisions of Chapter 73, Section 4 of the Acts of 1986, as amended by Chapter 126 of the Acts of 1988, by providing for additional property tax exemptions for qualified residents who may be blind, elderly, surviving spouses or minors, or who are disabled veterans, and to continue the present percentage increase of 100%.

Article 10. Revolving Funds

It was VOTED unanimously that the Town re-authorize revolving funds for the Fiscal Year July 1, 2009 - June 30, 2010, under the provisions of MGL Chapter 44, Section 53 E ½ for the fiscal year beginning July 1, 2009 as follows:

Revolving Account	Spending Authority	Revenue Source	Allowed Expenses	Expenditure Limits	Year End Balance
Recycling Revolving	Recycling Commission	Sale of bins and bulk stickers	Purchase of recycling supplies	\$20,000	Available for expenditure next year
Recreation Field Maintenance	Recreation Commission	Field user fees/permits	Field maintenance, personnel and consulting services	\$150,000	Available for expenditure next year
School Parking	School Department	Parking fees	Maintenance and expansion of parking facilities	\$32,800	Available for expenditure next year
School Bus / Transportation	School department	User bus fees	Student transportation costs	\$510,000	Available for expenditure next year

It was VOTED unanimously to delete section B, which would have created a revolving account for the Health Dept Clinic from the original motion.

Article 11. Highway Department Chapter 90 Funds

It was VOTED under a consent agenda that the Town appropriate the sum of \$659,023 (SIX HUNDRED FIFTY NINETHOUSAND TWENTY THREE DOLLARS) from the proceeds due to the Town under the provisions of Massachusetts General Laws Chapter 90; for the purposes of repair, construction, maintenance and preservation of the Town roads and bridges and other related costs which qualify under the State Aid Highway Guidelines adopted by the Massachusetts Highway Authority.

Article 12. Transfer \$30,000 from Ambulance Enterprise Free Cash

It was VOTED unanimously that the Town transfer the sum of \$30,000 (THIRTY THOUSAND DOLLARS) from Ambulance Enterprise Free Cash to be expended for the contractual Advance Life Support and Medicare Services.

Article 13. Capital Requests

It was VOTED that the Town raise and appropriate the sum of \$1,500,000.00 (ONE MILLION FIVE HUNDRED THOUSAND DOLLARS) to provide for the following capital requests:

DEPARTMENT	AMOUNT	PURPOSE
Technology	\$260,000	Hardware, software, maintenance, and any other related costs
Police Department	\$ 5,600	Bullet Proof Vests
Police Department	\$ 73,316	Two cruisers and accessories and any other related costs
Police Department	\$ 30,903	Portable radios and any other related costs
Fire Department	\$465,000	Replace Engine 1 and any other related costs
Fire Department	\$ 78,000	Replace boiler at Fire Headquarters and any other related costs
School Department	\$50,000	Waste Treatment Facility Plant upgrades at Westford Academy and any other related costs

School Department	\$ 80,000	Exterior door replacement at Abbot School and any other related costs
Highway Department	\$ 25,000	Catch Basin Truck Unit and any other related costs
Library	\$ 8,870	Flooring repairs, carpet replacement, associated moving costs and any other related costs
Library	\$ 50,000	Repairs to and/or replacement of Library rear entry and any other related costs
Historical Commission	\$ 10,000	Repairs to roof at 2 Boston Rd and any other related costs
Historical Commission	\$ 2,000	Replacement of oil tank at 2 Boston Rd. and any other related costs

It was further VOTED by a two-thirds declared majority for the following:

<i>2/3 Vote Required</i>		
DEPARTMENT	AMOUNT	PURPOSE
Capital Stabilization Fund	\$361,311	Appropriation to the Capital Stabilization Fund

It was voted to AMEND the original motion by transferring \$275,000 from the School Dept. Waste Treatment Facility Plant line item to the Capital Stabilization Fund.

Article 14. Develop New Well Source-Stepinski Parcel

It was VOTED unanimously that the Town transfer the sum of \$75,000 (SEVENTY FIVE THOUSAND DOLLARS) from Water Enterprise Free Cash, to be expended under the direction of the Board of Water Commissioners, to pay for the costs of a pump test and required permitting and any other related costs, to develop a new well source, to be constructed on that portion of the so-called Stepinski parcel in the care, custody and control of the Water Department identified as "Parcel A".

Article 15. Perchlorate Expenses

It was VOTED that the Town raise and appropriate the sum of \$100,000 (ONE HUNDRED THOUSAND DOLLARS) for the purpose of providing funds to address associated issues regarding perchlorate contamination.

Article 16. Authorization of Debt for Senior Center Renovations and Construction

It was VOTED by secret ballot (232 in favor and 92 opposed, giving a clear two-thirds majority) that the Town appropriate the sum of \$4,000,000 (FOUR MILLION DOLLARS) to be expended under the direction of the Board of Selectmen to pay costs of renovations and / or an addition to the current Cameron Senior Center, including any other costs incidental and related thereto; and as funding therefor to borrow pursuant to Massachusetts General Laws Chapter 44, Sections 7(3) and 7 (3A), or pursuant to any other enabling authority, said borrowing is excluded from the provisions of proposition two and one half (2 ½) so called; and to further authorize the Board of Selectmen to take any action necessary to carry out this vote.

It was voted to take articles 27 and 28 out of order while ballots were being tallied.

Article 27. Trench Regulations

It was VOTED that the Town amend the Town Bylaws by adopting a new bylaw authorizing the Building Commissioner and the Board of Selectmen to enact regulations establishing a permitting program for the issuance of trench opening permits pursuant to Massachusetts General Laws Chapter 82A and 520 Code of Massachusetts Regulation 14:00, as follows:

Chapter 162: Trench Regulations

§ 162.1. Authorization; notification of hearings.

The Board of Selectmen and the Building Commissioner shall hereby be authorized to promulgate regulations relative to implementing a trench opening permitting program pursuant to Massachusetts General Laws Chapter 82A and 520 Code of Massachusetts Regulations 14.00. Prior to promulgation of the regulations, or to amendment thereof, the Board of Selectmen or Building Commissioner or Fire Chief shall hold a public hearing for which notice shall be provided at least one week prior to the hearing.

§ 162.2. Enforcement; violations and penalties.

Notwithstanding the provisions of Sections 1.1 through 1.3 of the Town Bylaws, violations of the regulations promulgated under authority of this bylaw may be enforced through any lawful means in law or in equity by the Board of Selectmen or the Building Commissioner or the Fire Chief, including but not limited to enforcement by non-criminal disposition in accordance with Massachusetts General Laws Chapter 40, Section 21D. Each day a violation exists shall constitute a separate violation. The regulations authorized by this section shall establish specific penalties for violation thereof in amounts not to exceed \$300.00 per violation;

Article 28. Fire Alarm Bylaw

It was VOTED unanimously that the Town amend the Town Bylaws by adopting a new bylaw authorizing the Board of Selectmen and Fire Chief, after a public hearing, to promulgate regulations relative to fire protection and safety in the Town, to set fees for services related thereto, and to impose penalties for violations thereof in amounts not to exceed \$300.00 (THREE HUNDRED DOLLARS) per violation, as follows:

Chapter 94: Fire Alarms

§ 94.1. Authorization; notification of hearings.

The Board of Selectmen and Fire Chief shall hereby be authorized to promulgate regulations relative to fire protection and safety in the Town, including, but not limited to installation and operation of fire alarms and other fire protective systems and carbon monoxide alarms and to set fees for services incidental to permitting and monitoring such systems and alarms, provided, however, that such regulations must be consistent with applicable statutes, including the provisions of Massachusetts General Laws Chapter 148, the State Building Code (780 CMR), and the Massachusetts Fire Prevention Regulations promulgated by the State Board of Fire Prevention Regulations (527 CMR). Prior to promulgation of the regulations, or to amendment thereof, the Board of Selectmen and Fire Chief shall hold a public hearing for which notice shall be provided at least one week prior to the hearing.

§ 94.2. Enforcement; violations and penalties.

Notwithstanding the provisions of Sections 1.1 through 1.3 of the Town Bylaws, violations of the regulations promulgated by the Board of Selectmen and Fire Chief promulgated under authority of this bylaw may be enforced through any lawful means in law or in equity by the Board of Selectmen or the Fire Chief, including but not limited to enforcement by non-criminal disposition in accordance with Massachusetts General Laws Chapter 40, Section 21D. Each day a violation exists shall constitute a separate

violation. The regulations authorized by this section shall establish specific penalties for violation thereof in amounts not to exceed \$300.00 per violation.

Article 17. Authorization of Debt for Town Hall Renovations and Construction

It was VOTED by a two-thirds declared majority that the Town appropriate the sum of \$3,700,000 (THREE MILLION SEVEN HUNDRED THOUSAND DOLLARS) to be expended under the direction of the Board of Selectmen to pay costs of renovating and/or constructing an addition to the current Town Hall, including all costs incidental and related thereto; that to meet this appropriation the sum of \$840,000 (EIGHT HUNDRED AND FORTY THOUSAND DOLLARS) be appropriated from the Community Preservation Fund Undesignated Fund Balance; that the sum of \$460,000 (FOUR HUNDRED AND SIXTY THOUSAND DOLLARS) be appropriated from the Community Preservation Fund Historic Reserve; that the Treasurer, with the approval of the Board of Selectmen is hereby authorized to borrow the sum of \$1,025,000 (ONE MILLION TWENTY-FIVE THOUSAND DOLLARS) pursuant to Massachusetts General Laws Chapter 44B, Section 11 or any other enabling authority and to issue bonds and notes therefor, and that the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$1,375,000 (ONE MILLION THREE HUNDRED SEVENTY-FIVE THOUSAND DOLLARS) pursuant to Massachusetts General Laws Chapter 44, Section 7(3) and 7(3A), or any other enabling authority and to issues bonds and notes therefor; and to further authorize the Board of Selectmen to take any other action necessary to carry out this vote.

The original motion was amended from \$3,300,000 to \$3,700,000, increasing the amount to be borrowed by \$400,000.

Article 18. Community Preservation Committee Recommendations

It was VOTED that the Town, pursuant to Massachusetts General Laws, Chapter 44B, in accordance with the recommendations of the Westford Community Preservation Committee, appropriate from Community Preservation Funds the sum of \$558,010.14 (FIVE HUNDRED FIFTY-EIGHT THOUSAND TEN DOLLARS AND FOURTEEN CENTS) as follows:

\$235,235	From Undesignated Fund Balance To the Community Housing Reserve This allocation more than covers the required 10% for Community Housing	<i>Community Housing Reserve</i>
\$20,000	From Undesignated Fund Balance For the refurbishment of six (6) Greek revival windows in the third-floor Mary Atwood Hall in the J.V. Fletcher Library	<i>Board of Library Trustees</i>
\$13,713.14	From Undesignated Fund Balance For the 2009 Town Records Preservation Project and any other related costs	<i>Records & Archives Management Committee</i>
\$ 14,062	From Undesignated Fund Balance For the restoration and preservation of historic grave markers from four separate cemeteries.	<i>Cemetery Commission</i>
\$35,000	From Undesignated Fund Balance For the Ronan McElligott Memorial	<i>Westford Friends of Recreation / Westford Parks</i>

	Playground and any other related costs.	<i>and Recreation Commission</i>
\$35,000	From Undesignated Fund Balance For the roof replacement at the Sargent School Housing in Graniteville and any other related costs.	<i>Westford Housing Authority</i>
\$190,000	From Undesignated Fund Balance To the Conservation Trust Fund for future land purchases	<i>Conservation Commission</i>
\$15,000	From FY10 Community Preservation Estimated Revenue For administrative expenses for the Community Preservation Committee	<i>Community Preservation Committee</i>

Article 19. Institute Waste Reduction Program

The following MOTION was made and seconded but FAILED for lack of majority:

That the Town direct the Board of Selectmen to institute a waste reduction program, as part of the Town's curbside collection of solid waste and recyclables service, that would have the following elements: each household would be allowed to place at the curbside for pickup each week one 36 gallon container or bag containing non-recyclable, acceptable solid waste; additional 33 gallon bags, imprinted with an official identifier, for non-recyclable, acceptable solid waste may be placed at curbside for collection provided the resident purchases said bags from the Town at designated locations at a cost to be determined by the Board of Selectmen; an unlimited amount of recyclable materials may be placed at the curbside during the week regularly scheduled for recycling collection.

A MOTION was made to change "36 gallon" to "45 gallon" bags. The motion FAILED for lack of majority.

A MOTION was made to adjourn the meeting to 7:00pm on Monday, May 11, 2009. The motion FAILED for lack of majority.

Article 20 was taken out of order following Article 4.

Article 21. Dissolution of Roudenbush Community Center Committee & Transfer Care, Custody & Control of Town Buildings to Board of Selectmen, Authority to Enter Lease

It was VOTED by a two-thirds declared majority that the Town, pursuant to Massachusetts General Laws Chapter. 40, Section 15A, transfer the care, custody, control, and management of the Roudenbush Community Center land and buildings, located at 65 Main Street and 73 Main Street (Assessors' Map No. 59, Parcel No. 42) and 170 Plain Road (Assessors' Map No. 74, Parcel No. 108) from the Roudenbush Community Center Committee to the Board of Selectmen to be held for general municipal purposes and for the purpose of leasing and to authorize the Board of Selectmen to lease in accordance with the provisions of Massachusetts General Laws Chapter. 30B, Section 16, as applicable, all or a portion of the real property known as the Roudenbush Community Center for a term not to exceed ten years with an intended purpose similar to that which is currently in operation as reasonably determined by the Board of Selectmen, on such terms and conditions as the Board of Selectmen deem to be in the best interests of the Town; and further to dissolve the Roudenbush Community Center Committee.

It was VOTED to remove the Roudenbush budget line item under Article 7 from the table.

It was VOTED unanimously to pass the Roudenbush budget line item in Article 7.

At 5:37 pm it was voted to Adjourn the meeting until 7:00pm on May 11, 2009.

Adjourned Annual Town Meeting

Monday, May 11, 2009

Ellen Harde, Town Moderator called the meeting to order at 7:00 pm.

Article 22. Change Town Meeting Date

It was VOTED that the Town amend Chapter 51, Section 51.1 A and 51.1 B of the Westford General Bylaws relating to the date of the Annual Town Meeting by deleting the current text and replacing it with the following text:

- A. Date and time of Annual Town Elections. [Amended 2-20-33 ATM Art. 13; 2-17-47 ATM Art. 35; 3-12-66 ATM Art. 36; 12-19-73 STM Art. 4. Replaced 10-2-90 STM Art. 10. Amended 5-11-02 ATM Art. 30] The Annual Meeting for the election of Town officers and the determination of matters as by law or vote of the Town are required to be elected or determined by ballot shall be held on the first Tuesday of May each year. The polls shall be open at 7:00 A.M. and shall remain open until 8:00 P.M.
- B. Date and time of Annual Town Business Meetings. All other business of the Annual Town Meeting shall be considered at 10:00 A.M. on the fourth Saturday in March, except that if the Board of Selectmen determines that such date conflicts with the traditional observance of a religious holiday, the Board of Selectmen may delay the Annual Town Meeting to a subsequent Saturday that does not conflict with any religious holiday

A MOTION was made to amend the date to the third Saturday in April. The motion FAILED for lack of majority.

Article 23. Change Quorum Requirement for Special Town Meeting

It was VOTED that the Town amend Chapter 51, Section 51.2 B of the Westford General Bylaws relating to the quorum requirement at a Special Town Meeting by deleting the current text in its entirety and replacing it with the following text: "A quorum of 200 registered voters shall be required to convene a Special Town Meeting. Once a Special Town Meeting has been opened, there shall be no requirement to maintain the quorum."

The last sentence in the original motion was amended to read "no requirement to maintain the quorum."

A MOTION was made to strike the last sentence and replace it with "and 150 voters shall be the minimum requirement to continue business." The motion FAILED for lack of majority.

Article 24. Conservation Land – Rules and Regulations Violations

It was VOTED unanimously that the Town amend Chapter 1, Section 1.4 of the Westford General Bylaws (Penalties and enforcing person for violation of bylaws or regulations) as follows:

Annual Town Meeting Minutes

1. Under “Conservation Commission Regulations” : Amend “Use of Conservation Land” to read “Rules and Regulations for Use of Town of Westford Conservation Lands”;
2. Under “Enforcing Persons” delete “Planning/Conservation Coordinator” and replace it with “ Westford Police, Town Bylaw Enforcement Officer, Conservation/Resource Planner;
3. Under “Offense” and “Fine”, delete “1st Offense \$25” and “Subsequent offenses \$100.00” and replace with the following: “1st Offense \$50.00, 2nd offense \$75.00, third and subsequent offenses \$100.00”

Article 25. Board of Health Fines

It was VOTED unanimously that the Town delete all Board of Health entries in Chapter 1, sec. 1.4 of the General Bylaws and replace them with the following:

Board of Health Regulation/CMR	Enforcing Person	Offense	Fine
Ambient air quality standards (310 CMR 6.00–8.00)	Board of Health	1st and each subsequent offense	\$100
Animals

		2nd offense	\$200
		subsequent offenses	\$300
Smoking in a non-smoking area Individual	Board of Health	1st offense	\$100
		2nd offense	\$200
		subsequent offenses	\$300
Water supply	Board of Health	1st and each subsequent	\$100

***Town Meeting approved increasing fines in excess of \$300, but Massachusetts General Laws chapter 40, section 21D limits the amount of a fine that may be collected through noncriminal disposition to \$300.*

Article 26. Amend Chapter 68 Numbering of Buildings

It was VOTED unanimously that the Town amend Chapter 68 of the General Bylaw as follows:

Chapter 68: Numbering of Buildings

[Adopted 3-18-61 Adj. ATM Art. 4. Amendments noted where applicable.]

§ 68.1. Numbering of Buildings

Every building in the Town of Westford, including but not limited to dwellings, apartment buildings, condominiums, and business establishments, shall have affixed thereto a number representing the address of such building. Said number shall be situated on the building and/or appurtenant land so that it is visible from the nearest street or road providing vehicular access to such building.

§ 68.24. Authority to determine and designate numbers. [5-11-2002 ATM Art. 30]

~~The Board of Selectmen may determine and designate numbers for all buildings abutting upon or adjacent to public ways and so shall determine and designate numbers for these buildings.~~

The Board of Selectmen shall have the authority to determine and designate numbers for all buildings abutting upon or adjacent to public ways. The Board of Selectmen may, however, create and delegate said authority to an E911 Committee comprised of the Fire Chief, the Police Chief and the Building Commissioner or their designees.

§ 68.3 Authority to adopt rules and regulations.

The Board of Selectmen or an E911 Committee created by the Board of Selectmen shall adopt rules and regulations for the administration of this Chapter.

§ 68.42. Compliance required. [5-11-2002 ATM Art. 30]

No person shall refuse or neglect to affix to any building owned by him/her the street number designated by the Board of Selectmen or the E911 Committee.

nor shall any person affix or suffer to remain on any building owned or occupied by him/her a street number other than the one designated by the Board of Selectmen or the E911 Committee ~~Selectmen~~.

§ 68.53. Size and placement of numbers. [5-11-2002 ATM Art. 30]

The Board of Selectmen or the E911 committee shall determine the appropriate size and visibility requirements for the placement of house numbers. At a minimum, residential house numbers must be 3 inches ~~All numbers must be at least 2 inches in height. and must be placed that they are visible from the street.~~

§ 68.64. Violations and penalties [5-11-2002 ATM Art. 30]

Owners who are found to be in violation will receive written notice of non-compliance and be ordered to comply within 30 days. Penalties will be assessed if owners fail to comply within 90 days of written notice. Any person or entity who violates this chapter shall be subject to a fine of \$25 ~~liable to the following fines for each day of the violation. continues:-~~

~~For the first and each subsequent offense: \$25~~

A MOTION was made to replace the words “an E911” Committee with “a Public Safety” Committee. The motion FAILED for lack of majority.

Articles 27 and 28 were taken out of order following the secret ballot vote under article 16.

Article 29. Amendment to Section 6.3: Growth Management Bylaw

The following MOTION was made and seconded but FAILED for lack of majority:

That the Town amend Chapter 173, Section 6.3 of the Westford Zoning Bylaw to extend the Growth Management Bylaw for an additional year to allow for the completion of the Comprehensive Master Plan update, as follows:

At §173-6.3.2.2 ADD and DELETE the following: (additions are underlined / deletions are crossed through)

§6.3.2.2 The provisions of this Section 6.3 shall expire on May 11, ~~2009~~2010; however, by vote of Town Meeting before said date, the provisions of this Section 6.3 may be extended for an additional five years, in order to continue comprehensive municipal planning studies necessary to promote orderly growth. In the event such action is taken by the Town Meeting prior to May 11, ~~2009~~2010, these provisions shall not be construed to have lapsed on such date

Article 30. Amendment to Section 3.2 Accessory Uses

The following MOTION was made and seconded but FAILED for lack of counted majority (37 ayes / 70 nays):

That the Town amend Chapter 173, Section 3.2 of the Westford Zoning Bylaw to define the number of garages allowed in residential areas, as follows;

At §173-3.2.1 6 Garage, ADD and DELETE the following: (additions are underlined / deletions are crossed through)

6. Garage. ~~Garage for not more than 3 motor vehicles.~~ - Attached to residential structures- no more than 4 bays to house motor vehicles, with a maximum of not more than 3 bays on any one face of the structure.

Whether a detached accessory building, or attached to a residential building, a garage with not more than four bays to house a maximum of four motor vehicles shall be permitted as an accessory use to a single or two-family dwelling, provided that:

(a)No more than three bays may be on any one face of the building;

(b)The maximum size of each bay shall be 14 feet by 26 feet, with a maximum area of 364 square feet for a single bay and a maximum total area of 1,092 square feet for three contiguous bays; and

(c)The total area of a garage shall not exceed 1,456 square feet for the purposes of housing vehicles.

Barns used to house motor vehicles shall be considered a garage use, unless it is used primarily for an exempt agricultural use under G.L. c. 40A, §3.

The following motions were made to amend the original motion:

To add after the word “Barns” in the last paragraph: erected after the effective date of this bylaw.

Motion passed.

To delete the last paragraph entirely. Motion failed.

To change the words “motor vehicles” to “passenger vehicles.” Motion failed.

To strike paragraphs b and c. Motion failed.

Article 31. Amendment to Section 8.2 Floodplain Overlay District

It was VOTED by a two-thirds declared majority that the Town amend Chapter 173 of the Code of the Town of Westford as follows;

At §173-8.2.2 District Boundaries, ADD and DELETE the following: (additions are underlined / deletions are crossed through)

8.2.2 District Boundaries. The boundaries of the FOD are shown on the Flood Insurance Rate Map (FIRM), dated June 15, 1983, revised November 14, 2005, and amended through November 13, 2008 by the Federal Emergency Management Agency, which represent the one-hundred year flood elevations designated at Zone A and Zones A1 through A30. The boundaries of the floodway are shown on the Flood Boundary and Floodway Map, ~~dated June 15, 1983,~~ and further defined by the floodway data tables contained in the Flood Insurance Study.

Article 32. Comprehensive Master Plan

It was VOTED that the Town accept the Westford Comprehensive Master Plan Report Summary prepared and adopted by the Planning Board on April 21, 2009 pursuant to Massachusetts General Laws Chapter 41, Section 81D.

The original motion was amended to reflect the actual title of the document being voted.

Article 33. Allie Lane Land Gift

It was VOTED unanimously that the Town authorize the Board of Selectmen to accept a gift of land from Granite Hill Estates, LLC, which will transfer the care, custody and control of a certain parcel of land, containing approximately 15 +/- acres commonly known as the “Allie Lane” parcel and identified as Westford Assessors’ Map 35 Parcel 101, which is more accurately described as Parcel 4, 4-2; Second in a deed running from Herbert E. Fletcher et.al. to Granite Hill Estates, LLC, dated December 9, 1999 and recorded with the Middlesex North Registry of Deeds at Book 10576, Page 123 to the inhabitants of the Town of Westford, and said land is to be under the care, custody and control of the Board of Selectmen for general municipal purposes .

Article 34. Lease of Day Agricultural and Conservation Land

It was VOTED unanimously that the Town authorize the Conservation Commission to lease for agricultural use for up to ten years, a portion of the land under its care and custody located on Graniteville Road known as the Day Agricultural and Conservation Land (Assessors' Map 26 Parcel 37) and to authorize the Selectmen to file special legislation with the General Court, pursuant to Article 97, authorizing the Conservation Commission to lease the land known as the Day Agricultural and Conservation Land (Assessors' Map 26 Parcel 37) for agricultural use for up to ten years.

It was voted to adjourn the 280th Annual Town Meeting at 9:29 pm, having no further business to conduct.

A True Record: Attest
Kaari Mai Tari
Town Clerk

SPECIAL TOWN MEETING MINUTES

June 18, 2009

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Abbot School on Thursday, June 18, 2009, called to commence at 7:30 pm, the following business was transacted:

Election officers, using voting lists, acted as tellers at the doors. There were in excess of 278 voters in attendance as the meeting began.

Ellen Harde, Town Moderator, declared that a quorum was present and called the meeting to order at 7:56 pm.

It was voted unanimously to allow Town employees and consultants who are not residents to address this meeting.

Article 1: Boston Road Parcel

By Petition

A MOTION was made and seconded and following a brief presentation, it was voted by secret ballot, with 335 voters in favor and 112 voters opposed, to replace the main motion.

It was then VOTED by a clear two-thirds majority that the Town transfer the care, custody, control, and management of the parcel of land described in this motion from the Board of Selectmen currently held for the purpose of conveyance and for recreation purposes, to the Conservation Commission to be held for conservation purposes protected under Article 97 of the Massachusetts Constitution; the land to be transferred pursuant to this vote is that portion of the land acquired by the Town pursuant to the Town Meeting vote under Article 24 of the May 11, 1987 Annual Town Meeting remaining in Town ownership after the Board of Selectmen conveys a portion of said land pursuant to the Request for Proposals issued by the Town for an affordable housing development, being a portion of the land known as Drew Farms located off of Boston Road, and identified as Parcel G on a Plan entitled "Definitive Subdivision Plan of Land, Boston Road, Westford MA" prepared by LandTech Consultants, Inc. dated August 27, 1993, consisting of 17.42 acres, more or less and as referenced in a deed to the Inhabitants of the Town of Westford, Massachusetts recorded in the Middlesex North Registry of Deeds at Book 7366, Page 211.

Having no further business to conduct, it was voted to dissolve the Special Town Meeting at 9:45 pm.

A true copy attest,

Kaari Mai Tari
Town Clerk

SPECIAL TOWN MEETING MINUTES

July 30, 2009

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Abbot School on Thursday, July 30, 2009, called to commence at 7:30 pm, the following business was transacted:

Election officers, using voting lists, acted as tellers at the doors. There were 214 voters in attendance as the meeting began.

Ellen Harde, Town Moderator, declared that a quorum was present and called the meeting to order at 7:45 pm.

It was voted unanimously to allow the Town's Environmental Compliance Manager Jessica Cajigas who is not a resident to address this meeting.

It was further voted to allow Licensed Site Professional and Engineering Consultant Richard Cote of CEI Engineering to address this meeting.

Article 1: Perchlorate Remediation

Selectmen

It was VOTED by a two-thirds declared majority that the Town appropriate the sum of \$2,500,000 (TWO MILLION FIVE HUNDRED THOUSAND DOLLARS) for the purpose of remediating perchlorate contamination, by upgrading the Cote well, developing and installing a new well, installing a water transmission line, constructing a resin-based perchlorate treatment facility, and/or upgrading the capacity of the Nutting Road water treatment facility, including costs incidental and related thereto and that to meet this appropriation, the Town Treasurer, with the approval of the Board of Selectmen, is hereby authorized to borrow said amount from the Massachusetts Water Pollution Abatement Trust (WPAT) or otherwise, under and pursuant to Massachusetts General Laws, Chapter 44 Section 8, or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefore, with said appropriation to be under the control of the Board of Selectmen.

Having no further business to conduct, it was voted to dissolve the Special Town Meeting at 8:26 pm.

A true copy attest,

Kaari Mai Tari
Town Clerk

SPECIAL TOWN MEETING MINUTES

October 19, 2009

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Abbot School on Monday, October 19, 2009, called to commence at 7:30 pm, the following business was transacted:

Election officers, using voting lists, acted as tellers at the doors. At least 200 voters were in attendance as the meeting began. The total number of voters in attendance at the meeting was 227.

Ellen Harde, Town Moderator, declared that a quorum was present and called the meeting to order at 7:43 pm.

It was voted unanimously to allow Town employees and consultants who are not residents to address this meeting.

The Moderator introduced Assistant Town Manager Andy Sheehan to the Meeting and thanked Water Superintendent Warren Sweetser who retired on October 16th for his 37 years of service to the Town's Water Department.

It was voted unanimously to waive the reading of the motions accepting the written motions filed with the Town Clerk as the official motions.

Article 1: FY2010 Supplemental Appropriations

It was voted that the Town raise and appropriate the sum of \$112,000 (ONE HUNDRED TWELVE THOUSAND DOLLARS) in order to supplement the following Fiscal Year 2010 Operating Budget:

410 Engineering Department, Personal Services	\$32,000
710 Debt Service, Principal & Interest	80,000

And further

That the town transfer the sum of \$62,400 (SIXTY TWO THOUSAND FOUR HUNDRED DOLLARS) from Ambulance Enterprise Free Cash in order to supplement the following Fiscal Year 2010 Operating Budgets:

640 Ambulance Enterprise, Personal Services	\$17,400
640 Ambulance Enterprise, Expenses	45,000

It was then voted to take Article 13 out of order.

Article 13: Transfer of Care & Custody

It was voted unanimously that the Town transfer the care, custody, control, and management of a parcel of Town land located near Texas Road identified as Parcel 31 on Westford's Assessors' Map 6, from the Tax Possession Sale Committee presently held for the purpose of tax title sale to the Conservation Commission to be held for conservation purposes.

Article 2: Amendments to Wage and Classification Plan

Following a presentation by the Town Manager on the merits of a combined Public Works department, the motion was made and seconded but failed for lack of majority by a secret ballot vote (95 in favor / 127 opposed):

That the Town amend the Pay Classification Plan for non-unionized municipal employees by adding the following position:

Position	Band	MIN	MID	MAX
Director of Public Works	9	\$75,154	91,333	107,511

It was voted to TABLE discussion under Article 3 until after the secret ballot tallying for Article 2 was completed and the outcome known.

Article 4: Capital Requests

It was voted by a two-thirds declared majority that the Town transfer the sum of \$130,000 (ONE HUNDRED THIRTY THOUSAND DOLLARS) from the Capital Stabilization Fund to provide for the following Capital Expenditure:

Westford Public Schools - Westford Academy Treatment Plant Upgrade	\$75,000
Westford Public Schools - Nabnasset Roof Design	55,000

Article 5: Town Hall Construction/Renovations Supplemental Bond Authorization Pending Bid Results

It was voted to DISMISS the article as construction/renovation bids came in under budget.

Article 6: Reduce Amount Raised by Taxes in Fiscal Year 2010

It was voted that the Town transfer the following available funds to reduce the net amount to be raised by taxes for Fiscal Year 2010:

\$78,960.08	From Fund Balance Designated for Debt Service
\$473,725.00	From Fund Balance Designated for Debt Exclusion Reduction
\$2,053,856.67	From Free Cash

It was voted to consider articles 7, 8 and 9 under one motion.

Article 7: Massachusetts Enhanced Relief Individual Tax (MERIT) Plan

It was voted unanimously that the Town accept the provisions of Chapter 260 of the Acts of 2006 creating a new local option under Massachusetts General Laws Chapter 59 Section 5L, which allows Massachusetts National Guardsmen and Reservists who are deployed outside the state to defer paying their taxes without interest or penalties up to 180 days after that service, as being terminated or released from service.

Article 8: Massachusetts Enhanced Relief Individual Tax (MERIT) Plan for Motor Vehicle Excise

It was voted unanimously that the Town accept the provisions of Chapter 182 of the Acts of 2008 Section 17, creating a new local option amending Massachusetts General Laws Chapter 60A Section 9, which allows Massachusetts National Guardsmen and Reservists who are deployed outside the state to defer paying their Motor Vehicle Excise taxes without interest or penalties up to 180 days after that service, as being terminated or released from service.

Article 9: Motor Vehicle Exemption for Residents on Active Military Duty

It was voted unanimously that the Town accept the provisions of Chapter 182 of the Acts of 2008 Sections 16 and 117, creating a new local option amending Massachusetts General Laws Chapter 60A Section 1, which allows the exemption of motor vehicle excise tax for Massachusetts residents who are on active military duty outside the country for at least 45 days of the excise calendar year. If the service member is wounded or killed in an armed

Special Town Meeting Minutes

conflict, the exemption applies regardless of the number of days deployed. The service member may exempt only one vehicle owned and registered for personal use. If accepted by the Town of Westford, then all delinquent motor vehicle excise bills will be charged an additional \$3.00 when sent to a deputy collector for collection action. The current fee is \$10.00 which, if accepted, would then be \$13.00.

The secret ballot vote under Article 2 was declared. The motion was defeated by a vote of 95 in favor and 127 opposed.

Article 3: FY 2010 Budget Transfer

A motion was made to divide the article since the vote under Article 2 failed. It was then voted unanimously that the Town transfer the following sums from and to the following Fiscal Year 2010 accounts:

from:	210	Police Department, Personal Services	\$12,000
to:	210	Police Department, Expenses	\$12,000

It was voted unanimously to dismiss the motion to transfer sums from Human Resources Compensation Reserve to a newly created account called Dept. of Public Works for Personal Services in light of the vote under Article 2.

Article 10: Chapter 51 Section 51.1.D – Annual Town Meetings and Elections

It was voted unanimously that the Town amend Chapter 51, Section 51.1.D of the Westford General Bylaws relating to the acceptance of articles for inclusion in the Annual Town Meeting warrant by deleting the current text and replacing it with the following text: "The Board of Selectmen shall include in the warrant for the Annual Town Meeting any article it receives in accordance with the provisions of Massachusetts General Laws Chapter 39 Section 10, by 2 p.m. on the fourth Tuesday in January."

The original motion was amended for grammatical reasons.

Article 11: Chapter 173, Section 8.1 Water Resource Protection Overlay District

It was voted by a two-thirds declared majority that the Town amend Chapter 173 of the Zoning Bylaw of the Town of Westford as follows:

At §173-8.1.3 Establishment of Districts, ADD the following:
(additions are underlined)

8.1.3 Establishment of Districts. The Water Resource Protection Districts are herein established as overlay districts. The Water Resource Protection Districts are described on a map entitled "Town of Westford Massachusetts, Zoning Map Water Resource Protection Overlay Districts 1, 2, & 3 (WRPOD)", with district boundary lines compiled by Town of Westford GIS Department dated February 2004 and amended August 2009. All maps are hereby made a part of this Zoning Bylaw and are on file in the office of the Town Clerk.

Alisa Nakashian-Holsberg requested that the minutes reflect the following question:

"Will there be any changes in the vicinity of 540 Groton Rd that might make it easier to put in an asphalt plant?" The answer from the Water Department's Business Manager Robin Fullford was "no."

Article 12: Country Road Easement

It was voted unanimously that the Town authorize the Board of Selectmen to grant to the Massachusetts Electric Company a perpetual right and easement for providing service for the transmission of intelligence (limited to the transmission of intelligence in connection with the

automated reading of electric meters and for no other purposes) and electricity by overhead utility facilities over, across, under and upon land located at 16 Country Road more particularly described in a deed recorded with Middlesex North Registry of Deeds in Book 1678, Page 591 and shown as Parcel "C" on a plan of land recorded with said Deeds in Plan Book 101, Plan 42, on such terms and conditions and for such consideration as the Selectmen may determine, which may be nominal consideration.

A motion was made and seconded to amend the original motion by replacing the word "intelligence" with the word "data." The motion failed for lack of majority. Robin Fullford explained that the word "intelligence" is part of the standard required language of this type of contract with Massachusetts Electric Company.

Article 13 was taken out of order following Article 1.

Article 14: Vose Hill Road Street Acceptance

It was voted to dismiss the following article:

That the Town vote, pursuant to Massachusetts General Laws, Chapter 82 Section 20 to accept Vose Hill Road as Town public way.

Having no further business to conduct, it was voted to dissolve the Special Town Meeting at 9:36pm.

A true copy attest,

Kaari Mai Tari
Town Clerk

BOARD OF SELECTMEN

The year began with Westford facing the aftermath of an ice storm that caused physical, financial, and emotional trauma.

In December 2008, a severe ice storm struck Westford, bringing with it dangerous conditions and long-term power outages. Town employees risked personal safety to deal with dangerous downed wires and move broken trees and branches from roadways. The Council on Aging staff checked on senior citizens, and shelters were opened for those who needed a warm place to stay. For several days reverse-911 messages were used to keep residents updated on the efforts to restore electrical power.

When the storm was over, a major and costly cleanup was required. Under the direction of Highway Superintendent Chip Barrett, mountains of debris were removed in the spring after the winter snow melted. Westford and several surrounding communities were initially denied federal funds for the cleanup, but thanks to the efforts of Town Manager Jodi Ross, the decision was reversed and Westford was reimbursed for much of the cost of the cleanup.

Bob Jefferies
Jim Sullivan

Westford faced significant fiscal challenges in 2009. In the midst of the most severe economic downturn since the Great Depression, town boards, employees, and citizens rose to the occasion to find innovative ways to preserve services with less funding. Examples include:

- An Energy Committee was formed to investigate ways to reduce energy costs. The committee quickly made an impact by helping to negotiate lower electricity rates and is currently working to bring solar power to Westford.
- Led by Technology Director Chris McClure, the IT Department developed municipal software that has been sold to other communities.
- Recreation Director Pat Savage and her team accomplished the goal of making the Recreation Enterprise Fund self-sufficient.
- Fire Chief Rich Rochon introduced Advanced Life Support service to Westford, which will make our citizens safer by having paramedics on our ambulances and will also move the Ambulance Enterprise Fund towards self-sufficiency.
- Finance Director Suzanne Marchand pursued refinancing Westford Academy and Millennium Building bonds, saving \$158,000
- The Selectmen met with Representative Jim Arciero and Senator Panagiotakos to discuss possible changes to state law that would reduce costs for towns.
- A Special Town Meeting held in July voted to pursue economic stimulus funds to assist with the ongoing remediation of perchlorate in the town's groundwater

- Several vacant positions went unfilled or were eliminated, but due to the efforts of town employees, noticeable impact on services was minimal.

Town and school departments under the leadership of Town Manager Ross, Finance Director Marchand, and School Superintendent Bill Olsen, along with the Selectmen, Finance Committee, and School Committee, worked cooperatively to produce a balanced budget in one of the most difficult economic environments imaginable.

A variety of construction projects moved forward in 2009:

- In June, a groundbreaking ceremony was held for the renovation and expansion of the Cameron Senior Center.
- A Special Town Meeting in late June strongly supported the development of 20 affordable houses on Boston Road.
- The Bruce Freeman Rail Trail officially opened in August.
- Improvements to Route 110 began, funded by economic stimulus funds from the American Recovery and Reinvestment Act.
- The repair, renovation, and expansion of Town Hall began in the fall.
- In November, the Ronan McElligott Memorial Playground for children of all abilities opened. The dedication and determination shown by Steve and Stephanie McElligott is an inspiration to all of us.

Significant change occurred in town. After 18 years of serving as Westford's State Representative, Geoff Hall retired, and Jim Arciero was elected as our new representative. Assistant Town Manager Norman Khumalo moved onward and upward by becoming the Town Manager of Hopkinton, and Andy Sheehan arrived as our new Assistant Town Manager. Water Superintendent Warren Sweetser retired after 37 years of service in the Water Department. Some things stayed the same as Selectman Jim Sullivan was elected to his second term. The Board congratulates them and wishes them well.

Westford didn't just survive the monumental challenges of 2009, we thrived. And so with great confidence and optimism, the Board looks forward to 2010.

TOWN MANAGER

The economic challenges we experienced in 2009 were considerable and unprecedented for most of us. Locally, although revenues dropped and state aid was reduced, the town managed to get through Fiscal Year (FY) 2009 and develop a FY 2010 budget without the need for an override. This was achieved by implementing several cost-savings measures town-wide. By working collaboratively and proactively with all town officials and department heads, the town was able to reduce general government expenses by 4.9%, with the schools achieving a modest 2.3% increase. Even in these difficult, fiscally-challenging times, we were able to reduce the draw off of cash reserves from \$3.17 million in FY08 to \$2.05 million in FY10.

Jodi Ross
Town Manager
Andrew Sheehan
Assistant Town Manager

Although the Ice Storm of '08 occurred during December 2008, the fiscal realities of the storm and subsequent cleanup transpired primarily in 2009. The town spent over \$600,000 on emergency response and storm clean-up, and was initially denied reimbursement by the federal government. We were perplexed by this denial as our devastation from the storm was so severe. By teaming with other communities who were also severely impacted by the storm, and with the assistance of local, state and federal officials, we were able to overturn this decision. Because of these actions, we received reimbursement of \$528,376 from the federal government and \$78,255 from the state for our storm-related expenses.

In order to absorb the reduction in state aid and local receipts, and still balance the budget, we were able to reduce expenses where appropriate to improve efficiency. We went out to bid on most contracted services, upheld a hiring freeze where possible, initiated a spending freeze, and instituted many other measures to reduce costs while maintaining services for our residents. With the help of the town department heads, staff, officials and volunteers, some of the financial accomplishments we attained together this year include:

- Achieved budgetary savings by seeking competitive quotes for health insurance, natural gas, electricity, town counsel, and general insurance resulting in savings of \$425,000.
- Reduced staffing levels by seven Full Time Equivalents (FTEs) resulting in savings of \$348,000.
- Reduced Technology expenses by \$68,000.
- Reduced office supplies and printing expenses by \$66,000.
- Negotiated lower tipping fees saving the town \$57,000.
- Reduced electricity charges for municipal buildings by \$26,000 per year.
- Restricted the use of town vehicles, thus saving both gas and maintenance costs.
- Recreation Enterprise Fund eliminated their need for a town subsidy.
- Technology Department created and marketed a web-based permitting program to other towns generating new revenue.
- Formed a Capital Planning Committee who worked diligently to examine, prioritize and recommend capital expenditures. Also established a Capital Stabilization Fund which will be helpful in paying for emergency capital needs, which has a current balance of \$338,078.

At the request of the Board of Selectmen, a presentation was made to fall town meeting proposing a position of Department of Public Works (DPW) Director be created. If approved this director would have been charged with working with town staff, boards and local officials to create a consolidated DPW in our town. This proposal was in response to recommendations

from many town committees and reports, including the Board of Selectmen, Finance Committee, School Committee, Comprehensive Master Plan, Commission for Efficient Town Government, Long Range Fiscal Planning Committee, and DPW Task Force. Most of these groups stated that by creating a DPW, it was expected that delivery of services could be improved, and both operational and capital expenses reduced. The special town meeting did not support the proposal, and there were a series of questions that were asked at the meeting. In response to growing concerns about the economy, and its effect on our overall town budget, the Board of Selectmen directed Selectman Valerie Wormell and Finance Committee member Mark Kost to meet one-on-one with all town officials, boards, committees, staff and residents who might be affected by the creation of a DPW, answer questions and hear concerns, and determine if consensus could be reached, with any potential reductions in expenses in place by annual town meeting.

The town has been actively managing perchlorate contamination of both town and private wells, which was discovered in 2004. Many measures have been and continue to be taken in an attempt to control the spread of the plume, guard against any further contamination of wells and the aquifer, and purify the water already contaminated. The town approved a \$2.5 million appropriation that will bring the Stepinski well on line in 2010, install a water main to the Nutting treatment plant, upgrade the Cote well, and construct a new treatment plant capable of treating the additional flow. We were notified recently that we have been awarded 2% financing from the federal government, and we are seeking principal forgiveness for this project at this time, with notification of award in February.

Despite the fiscal challenges we were facing, town meeting generously approved the renovation and expansion of the Town Hall and the Cameron Senior Center. Both projects are well underway, and are being carefully managed by the Permanent Town Building Committee and town staff, and are on or ahead of schedule and under budget.

After many years of discussion and planning by the Affordable Housing Committee and many others, the town awarded a contract to Wescon, Inc for the construction of a Boston Road affordable housing development on town-owned land. This exciting development will contain approximately 20 cottage-style homes which will be built off of Blakes Hill Road.

With the support of the Board of Selectmen, the Fire Department has initiated the process of providing paramedic level services. This will occur over the next several years, but will improve the response time of our ambulance service, and raise the level of medical assistance we provide to our residents.

Norman Khumalo, Assistant Town Manager for the past 8 years, accepted the position of Town Manager for Hopkinton in March. Although we were delighted for Norman's success, his contributions to Westford were countless, and he left very big shoes to fill. We were fortunate to hire Andy Sheehan, formerly Assistant to City Manager in Lowell, who joined us in September.

Transparency, honesty, and communication are key to successful municipal operations, and I remain committed to being open, responsive, always truthful, and actively engaged in sharing as much information as possible. Monthly department head meetings are conducted and recently we have invited other town officials to join us, to help improve communication between the town departments and volunteer town officials. I publish a monthly Town Manager's Newsletter, available on our website, with input from any departments or boards with news to share, to improve communication between the town departments, boards and committees, and the residents.

Town Manager

After 18 months as your Town Manager, I continue to be amazed by the level of volunteerism in Westford. As I have previously stated, Westford residents are very active in the operation of our town. Your input is necessary, and your enthusiasm contagious! Virtually all Westford town employees are very dedicated to our town, and they are among the most talented and effective employees that I have seen. These are just some of the reasons that Westford is such a very special place in which to live, and work. Please be sure you subscribe to our website www.westfordma.gov so you may stay informed of the happenings in town. I personally receive all general website comments, and I enjoy hearing your comments and suggestions.

In closing, I remain dedicated to doing my part to help manage the future growth, finances, staff, and services which affect the community as a whole. I am also extremely committed to providing excellent customer service to all, both in-house and out. I would like to thank all town officials, department heads, town employees, and resident volunteers who serve our town. A special thank you to the members of the Board of Selectmen and the Finance Committee, for all of your efforts, hours of service, and your continued support of me in my role as Town Manager.

I look forward to working with all of you as we begin a new year, one which I believe will be positive, productive, fulfilling, and hopefully prosperous!

AFFORDABLE HOUSING COMMITTEE

The goal of the Affordable Housing Committee is two-fold: to attempt to provide a diversification in housing opportunities in the Town of Westford while trying to meet the State's mandate that 10% of the town's housing stock be affordable to low and moderate income households. Once again, calendar year 2009 was a year of research, analysis, challenge, and subsequently success for the Committee and for the community. Following are the major highlights of 2009.

PROJECTS:

WILLIAMS AVENUE: As mentioned in the 2008 Town Report, the single family dwelling on Williams Avenue in the Nabnasset section of the community had been completed and the future buyer of the property had in fact moved into the home. Unfortunately there were several significant delays in the conveyance process, requiring the future home owner to live in the residence as a tenant for nearly a year. However, all ended on a positive note on October 8, 2009, when Habitat for Humanity of Greater Lowell conveyed the property to the owner.

BOSTON ROAD PARCEL: Once again, as mentioned in the 2008 Town Report, the parcel of vacant land known as the Boston Road property (Assessor's Map 22 Parcel 3.3) had been designated as a potential site for the construction of affordable housing. Various studies, reviews, and analyses of this site had been carried out, resulting in the creation of a conceptual plan which could potentially result in twenty cottage style single family dwellings to be built on the property. At the end of 2008, a Request for Proposals (RFP) was being prepared. Once the RFP was finalized, it was posted in the Central Register, after which a number of builders/developers inquired about the proposal and picked up copies of the RFP. Following the recommended time line, one developer/builder submitted a proposal for the construction of the proposed affordable housing units on the site, said developer being Wescon, Inc., of Westford, MA. A site walk was subsequently scheduled in the spring with representatives of the Board of Selectmen, Affordable Housing Committee, Conservation Trust, the abutting neighborhood, and interested town residents walking the site. There were also various meetings held during which the abutting neighborhood residents were able to express their concerns and ask questions which they might have regarding the proposal.

On May 14, a petition for a Special Town Meeting was submitted to the Town Clerk's office, said petition asking that a conservation restriction be placed on this parcel. The Special Town Meeting was scheduled for Thursday, June 18, 2009. In preparation for this meeting, the Affordable Housing Committee members researched the history of the Town's acquisition of the property, requested and received legal advice pertaining to the property, and finally approached various Town boards and committees seeking support from these various groups. Various members of the Affordable Housing Committee presented the conceptual plan to the Board of Selectmen, the Planning Board, the Conservation Commission, and the Finance Committee, along with the Affordable Housing Trust, all of whom unanimously supported the proposed plan for this property. The Board of Directors of the Westford Conservation Trust also voted to recommend this plan to its membership. Approximately 450 residents attended the Special Town Meeting and were given information about the plans which were being proposed for the site; a complete explanation of the type of development that was to be built on the site was also given, along with information pertaining to the approximate area that the development would encompass. The Affordable Housing Committee also assured Town Meeting that it was expected that approximately five acres of the 17+/- acre parcel would be utilized for the development, and that the remaining acreage would either be conveyed to the

Affordable Housing Committee

Conservation Commission or have a conservation restriction placed on the remaining property. “At the completion of the presentation made by the petitioners and the AHC, the Selectmen proposed a substitute main motion which would have the Selectmen convey approximately five acres of the total 17.42 acre parcel for affordable housing development, with the remaining acreage to be conveyed to the Conservation Commission to be held for conservation purposes. The substitute motion carried by a three to one vote.

By the end of 2009, the property was undergoing further site planning and review and it is expected that the actual approval process should begin in early 2010. This proposed plan will ultimately be reviewed by the Zoning Board of Appeals, with the Affordable Housing Committee closely following the process.

HAWK RIDGE: The Hawk Ridge development of new single family homes, four of which were sold to income eligible, first-time homebuyers, was completed in the fall of 2009. The important aspect of this project for the Affordable Housing Committee was the fact that a group home was constructed as part of this residential community. The Affordable Housing Committee is proud to report that this home will serve as “home” for five handicapped/challenged individuals. This development added nine (9) affordable homes to the town’s inventory.

STONY BROOK II: The first phase of the Stony Brook residential complex, built by the non-profit group Common Ground Development Corp. (CGDC), was completed in 2006 at which time 15 rental residential condominium units were officially opened and became known as the William D. Coakley Residences at Stony Brook. In 2009 CGDC approach the Affordable Housing Committee seeking support for the second phase at Stony Brook. The current plan for this second phase would result in the possible addition of 36 townhouse units at Stony Brook. Representatives of CGDC appeared before the Affordable Housing Committee, provided us with information about this proposed plan, and asked for our input. After considerable discussion, the Affordable Housing Committee unanimously voted to support this proposal and has been attending Zoning Board of Appeals meetings in support of the plan.

REVIEWS:

The Affordable Housing Committee is now in the process of meeting with David Hedison, the Chelmsford Housing Authority Director, to hear his proposal for the development of affordable housing for returning military personnel who are in need of housing. Although still in its early stages, this plan would call for the renovation and possible addition to the building on the corner of Acton and Carlisle Roads (the building originally known as Tara Hall). The Affordable Housing Committee is excited about this potential and is anxiously looking forward to hearing these plans.

The Committee also monitors and regularly attends meetings of the Tax Possession Sale Committee in an effort to acquire additional parcels of land on which affordable housing could be constructed. We are excited about the possibility of perhaps acquiring some of the property under their care and custody as potential future affordable housing sites.

The Affordable Housing Action Plan expired in 2009. In an effort to renew its original action plan which had been finalized and approved in 2004, the Affordable Housing Committee contracted with NMCOG to review our original plan and to assist us in preparing an updated version of our housing plan. It is anticipated that various meetings will be held during this process; all meetings will be open to the public, with certain meetings expressly designed to seek input from town residents.

FINANCING THE PRESERVATION OF AFFORDABLE HOUSING:

As in the past, in conjunction with the Westford Housing Authority and the Affordable Housing Trust, the Affordable Housing Committee has continued in its attempt to preserve and/or regain affordable units at Haystack Estates, Keyes Corner, and the Brookside Mill. The Committee is committed to not only creating additional affordable housing, but to also preserving that which already exists.

AFFORDABLE HOUSING COMMITTEE MEMBERSHIP:

The Affordable Housing Committee is pleased to report the addition of a new member. Paul Cully, a long-time Westford resident, joined our group in the summer of 2009. His extensive knowledge of various parcels of land in the community and his passion and understanding of the need for additional affordable housing is a significant addition to our committee. We welcome Paul to our ranks.

The Affordable Housing Committee meets on the second Wednesday of each month at 7:15 a.m. at the Millennium School. Meetings are posted and any interested residents are welcome to attend our meetings.

ANIMAL CONTROL DEPARTMENT

The Westford Animal Control Department is responsible for enforcing all state and local regulations regarding the control of animals, investigates complaints of animal behavior, prepares findings and takes corrective actions against violators. In addition the Westford Animal Control Department through contractual agreement provides the same services for the town of Tyngsboro.

In 2009 Animal Control Officers responded to or provided assistance for:

- 1232 dog related complaints
- 1774 wildlife related complaints
- Investigated 38 cruelty/neglect reports
- Removed 138 deceased animals from public roadways

BOARD OF ASSESSORS

The assessors' office completed its annual interim revaluation for fiscal year 2010 (July 1, 2009-June 30, 2010) based on a valuation date of January 1, 2009. Approximately 1000 parcels were reviewed and/or visited and a thorough sales analysis of sales occurring in calendar year 2007 and 2008 was done. The assessors' office also analyzed all land sales, land residuals, and tear-downs. Market values have remained relatively stable overall. New growth for FY 2010 was \$37,927,447. This is a decrease of \$50,974,682 from FY 2009 which is approximately 57% less growth. This tremendous decrease is attributed to the overall economy, reductions in building permits, and fewer homes being marketed and listed. There was substantial growth within the condominium class. The condominium growth was derived from 3 projects.

Jean-Paul Plouffe
Principal Assessor

Lisa DeFusco
Administrative Assessor

Titus Palmer
Chairman

Diane Holmes
Kevin Burke

The 3 projects are:

- 1) Continued construction at Summer Village.
- 2) Continued construction at Southgate.
- 3) The beginning of the Hawk Ridge development.

	FY 2009	FY 2010	% change
Total taxable assessments	\$3,885,827,988	\$3,882,820,412	- .0774%
Tax levy	\$54,282,805	\$55,939,942	+ 3.053%
Residential tax rate	\$13.97	\$14.63	+ 4.724%
Average single family residence assessed value	\$459,180	\$450,693	-1.848%
Average single family tax	\$6,414.74	\$6,593.64	+ 2.789%

The Board of Selectmen voted to adopt a Small Commercial Exemption again for FY 2010. This in effect shifted the tax burden within the commercial/industrial class. The FY 2010 commercial/industrial tax rate was increased to \$14.82.

The Department of Revenue certified the results of this assessment data to be within their statistical requirements and the tax bills went out on time.

Continued growth in the tax levy resulted in an increase in overall taxes for FY 2010. The assessors' office is continuing to update property data to achieve a higher level of accuracy. This is a constant on-going process to ensure that tax assessments are equitable to all taxpayers. The more accurate we can make this data, the more accurately the assessments will reflect current market value.

FY 2009 saw a slight increase in the number of applications for abatements of real and personal property from FY 2008. This was because property values had been adjusted for FY 2009 through the annual interim revaluation. Westford is a very desirable community as reflected in market activity and sale prices.

It has been a very busy year for the assessors' office with updating office procedures due to loss of personnel from budget cuts; completion of the annual interim certification and revaluation; monitoring the various elderly exemptions, other exemptions and the Community Preservation Act; and updating cost tables to reflect current market cost. The reduced staff deserves much credit meeting all the demands and challenges with competence and dedication to the town. The assessor's office recognizes that taxes are increasing as the town continues to

Board of Assessors

grow and the demand for service increases. We will strive to continue to provide good customer service to the taxpayers and to make every effort to assist taxpayers in understanding their assessments.

EXEMPTIONS

In FY 2009 the Board of Assessors granted 198 statutory exemptions for property taxes in the total amount of \$188,945.07 (veterans, elderly over 70, blind, Clause 41C). Eleven applicants were granted a tax deferral under Clause 41A. Westford again adopted Chapter 126 of the Acts of 1988, allowing the statutory exemption to be increased to double their stated exemption amount. There were also 267 Community Preservation exemptions granted in the amount of \$23,063.91.

ABATEMENTS

In FY 2009 there were 135 request for abatements on real and personal property. Of these, 108 abatements were granted, 25 were denied, and 2 were withdrawn. There was 1 appeal filed with the Appellate Tax Board for FY 2009 which was settled. The Commissioner of Revenue continues to be in litigation with several telecommunications companies for FY 2003 through 2009.

BRUCE FREEMAN RAIL TRAIL

“It’s Real!!”

The best news for the Bruce Freeman Rail Trail in 2009 was the August 29th Ribbon-Cutting Event! Held inside of Chelmsford’s Old Town Hall due to very inclement weather, the overflow crowd enthusiastically celebrated with state officials, legislative guests, volunteers, and members of the trail-using public from many towns. There were speeches, presentation of Federal and Commonwealth Congressional Citations, and a Color Guard by members of Westford Boy Scout Troop 159 to begin the ceremony. The 6.8 miles of rail trail was officially declared “open” when the ribbon was cut at that ceremony, and the BFRT has generated positive reports and been enjoyed by thousands of delighted and appreciative users throughout the late summer and autumn. Our first significant snowfall in December also enabled some cross-country skiing – truly a four-season recreational resource for Westford and surrounding communities!

Emily Teller
Chris Barrett
*Westford Directors,
Friends of the Bruce
Freeman Rail Trail, Inc*

Second-Best News

On October 29, 2009, MassDOT, formerly the Executive Office of Transportation, awarded \$500,000 in Transportation Enhancement funds for the final design of Phase 2A of the Bruce Freeman Rail Trail. There is currently a four-town partnership among Westford, Carlisle, Acton and Concord, confirmed by a signed Inter-Municipal Agreement (IMA). The MassHighway 25% design public hearing was held in late 2008, and that design has been approved for all of Phase 2A, which begins at Rt 225 in Westford, runs south through Carlisle, crosses Rt 27 as well as Rts 2A/119 in Acton and temporarily ends north of the Rt 2 Rotary. Phase 2B is the portion that will go either under or above the rotary (the design is not finalized at this time) and Phase 2C continues from the rotary through West Concord to the Sudbury town line. Three of the four towns in the partnership will be working with Greenman-Pedersen, Inc., the Stoneham design firm contracted independently for the final Phase 2A work that will result in a design that MassHighway will use to advertise the project for construction. This design work will take approximately two years as there are six bridges in Acton and four major road crossings as well.

Significant Westford Support

Many people have been instrumental in the Bruce Freeman Rail Trail becoming a reality. Thanks is extended to Westford’s Engineering Department, Paul Starratt; the Highway Department, Chip Barrett and many on his staff; the Police Department, especially Safety Officer Mike Croteau; the Board of Selectmen, Kelly Ross, official liaison to the BFRT; Town Clerk Kaari Mai Tari and Town Hall staff; Parks, Recreation, and Cemetery Commission; Planning Board; Conservation Commission; and our state legislators, especially Jim Arciero. The ribbon-cutting ceremony was underwritten by generous local business sponsorship, including several Westford businesses: Chili’s Restaurant, Countryside Veterinary Clinic, Reichheld Ting Orthodontics, DeMoulas/Market Basket, Lynch Paint and the Toy Shop of Westford. The Westford Farmers’ Market provided their education table one Tuesday for the Friends of the Bruce Freeman Rail Trail to talk with market attendees. The Westford Conservation Trust recognized the Bruce Freeman Rail Trail as a significant asset in Westford by honoring Emily Teller with their 2009 Conservation Trustee Award. Discussion is underway about how oversight of this new recreational resource will evolve as new issues arise and new policies must be formulated.

What's the future of the Bruce Freeman Rail Trail?

During one of the first late summer weekends that the trail was officially open, an informal count logged over one thousand people of all ages using the trail! Custody of the BFRT has not been officially “handed over” to Westford by MassHighway yet, but that will be done in the very near future. Westford will also be responsible for maintenance and policing along the 1.8 miles that are in our town. Quarter-mile markings will be painted on the trail in Westford and Chelmsford. As well as marking distances for trail users, these markings will help responding vehicles in an emergency situation. Basic transportation signage has been installed by S&R Construction who built the project to MassHighway standards; however, kiosks with more information would be a helpful addition. Fletcher Granite Company has generously donated granite benches; permanent installation of these benches is still needed. There is not yet any dedicated parking that would allow direct access to the BFRT in Westford; application for funding through a federal grant was made to construct a low-impact parking area, but the grant was denied, so at present no plans are underway for parking. The closest place to Westford to park is at Hart Pond in South Chelmsford.

Please visit the BFRT website to learn more about Phases 1 and 2A, about other rail trails in New England, and activities planned for trail users and families. If you haven't yet experienced the Bruce Freeman Rail Trail for yourself, Go! On the next sunny day – no matter what the temperature – you will discover a peaceful, car-free walk, ride, stroller-push, or skiing experience that will ensure your return for many more hours and days of enjoyment, pleasure, and increased physical fitness, no matter what your age!

www.brucefreemanrailtrail.org

Bruce Freeman Rail Trail in Westford, November 2009

The southern end of the completed Phase 1 in Westford looking longingly toward yet-to-be-built portions in Carlisle, Acton, Concord, Sudbury and Framingham.

BUILDING DEPARTMENT

In 2009 the building department was considerably slower the first quarter of the year (which seemed to be carried over from 2008). The last 9 months of the year have picked up in activity.

Matthew Hakala
Building Commissioner

The permit totals for the department are: (as of December 14, 2009)

Building -	603
Plumbing -	356
Gas -	388
Electrical -	539
Trench -	124

for a total of 2010 permits issued for the calendar year ending December 14, 2009. The building department took in \$493,463 as of December 14, 2009.

Some of the major projects that were started last year are;

- Cameron Senior Center addition and renovation
- Town Hall addition and renovation
- Abbot Mill renovation to apartments
- Boch Honda new construction

The department continues to deal with changes in the building codes and in 2009 saw the trench law adjusted and the stretch energy code introduced into the building code. The new 2009 energy code will become effective January 1st 2010.

The building department continues to strive to improve both the inspection process and permit application process through our permitting system that is on-line. The process had become slightly more cumbersome with our department separated from the rest of the town hall but we have worked to create a system that will process applications that are submitted as efficiently as possible with as little delay as possible. In the near future the permitting and inspections part of the process will be working closely with the IT department to implement a more mobile process for the department.

The Building Department consists of Nancy Lima – Records Supervisor, Dennis Kane Jr. – Electrical Inspector, Arthur Smith, Plumbing /Gas Inspector, and Chester Cook – Assistant Building Inspector / Gas Inspector,

BYLAW REVIEW COMMITTEE

After several drafts and many months of review, the committee approved its “General Guidelines for Citizens Proposing Amendments or New Bylaws to the General Bylaws for the Town of Westford,” which was posted on the committee’s webpage on the Town website.

The committee recommended three formatting changes to the printed version of the Town’s general bylaws in order to make them clearer and easier to use. Incorporated into the October 1, 2009 version of the bylaws, these changes:

- Included on the cover the date on which the bylaws became effective, for clarification in the event of violations
- Added an index to the beginning of the bylaws
- Added a Zoning entry in both the table of contents and the index to note that the Town’s Zoning Bylaw (Chapter 173) is available in a separate publication

The committee continued to review the general bylaws to ensure their consistency and conformity with any applicable law and the Town Charter. Members looked at bylaws that have not been updated for more than 10 years and contacted several Town departments and committees to ask for help in ensuring that the bylaws are up to date.

Annual Town Meeting

The committee provided assistance and advice in the drafting of several new general bylaws and amendments to the Town’s general bylaws that were on the warrant for the May 9th Annual Town Meeting. The committee recommended to both the Selectmen and Town Meeting that Articles 22-28 be adopted, and Town Meeting voted in favor of them all.

Special Town Meeting

Working with the Board of Selectmen, the committee initiated a bylaw amendment on the warrant for the October 19th Special Town Meeting. In Article 10 Town Meeting voted unanimously to amend Chapter 51 Section 51.1.D to change the deadline for acceptance of articles for inclusion on the Annual Town Meeting warrant to reflect the change of date for Annual Town Meetings.

Webpage

A webpage for the committee was established on the Town’s website. It contains general information about the committee and links to the guidelines for proposing bylaw amendments and to town meeting timelines. The page can be accessed from the Town Directory page on the Town’s website, www.westfordma.gov.

Committee membership

In May, the Selectmen reappointed David Chandler to the committee for a three-year term, July 1, 2009-June 30, 2012.

The committee can be contacted through the Town Clerk’s office, 978-692-5515, townclerk@westfordma.gov.

CAPITAL PLANNING COMMITTEE

The Capital Planning Committee was formed in December 2008 by the Town Manager, and was quickly thrust into the Fiscal Year (FY) 2010 budget process. This committee's purpose is to provide an objective and consistent forum whereby all of the town's capital requests can be planned, prioritized and recommended. This committee works closely with all town departments to ensure that their capital requirements for the immediate year and longer term are understood and documented, leading to a recommendation to the Town Manager, Board of Selectmen, Finance Committee and ultimately town residents as to how to best spend the resources that the town has for capital expenditures.

In completing its task for FY 2010, the committee heard from each department and prioritized the projects. This resulted in the recommendation to allocate roughly \$1.2 million of the budgeted \$1.5 million to specific capital projects, and to leave \$0.3 million in a "capital stabilization fund" which could be used for emergency purposes. The committee did attempt to compile a five-year look during this process as well, but realized we did not have the proper time to do a sufficient job prior to Annual Town Meeting in May 2009.

As we began work for our first full fiscal budget cycle in the fall of 2009 (that being for the upcoming FY 2011), the committee accomplished the following:

- Clear guidelines to each department on a 5 year projection for budget purposes
- An enhanced capital definition for which all departments should adhere to
- A 5 year look at capital requirements as prioritized by the committee
- Better guidelines as to what information requirements are necessary to evaluate whether a project should be recommended
- Savings of nearly \$20,000 on library projects by consolidating requests that covered different fiscal years

As we move forward, the committee will look to further enhance its communication process with town departments, work more closely with other committees and commissions to ensure that their capital needs are fully understood and are undertaken with the proper prioritization, continue to enhance the justification requirements for capital and whenever possible, ensure that a cross-section of needs are evaluated in a consistent manner (for example, vehicle and truck replacements). Additionally, the committee will help the town understand the tax impact of capital expenditures, and consider the relative need, timing and cost of each capital expenditure, including methods of financing, possible federal or state aid or grants, the cost of maintaining the facility or equipment, and the effect each capital expenditure may have on the financial condition of the town.

CEMETERY COMMISSION

The Cemetery Commission acts as the policy setting committee for the Town's six cemeteries. The Commission is responsible for the expenditures from various cemetery trust funds, and oversees the operation and care of the town-owned cemeteries. The three member Commission is appointed by the Town Manager and meets quarterly and will schedule additional meetings as needed.

Daniel Provost
Chair

Barbara Blanchard
George "Yogi" Rogers

Website www.westfordma.gov/cemetery

The department maintains five town cemeteries and one burying ground. Fairview, Hillside, Westlawn, and Wright Cemeteries are listed on the National Register of Historic Places (individual property). Old Pioneer Burying Ground is located in Parker Village. Pine Grove Cemetery located in Forge Village opened in 2002. The Cemetery Supervisor operates out of the Pine Grove office and maintenance garage. The Cemetery operation is a division within the Parks, Recreation, and Cemetery Department: Patricia Savage, Director; Jonathan Revis, Parks/Grounds Operations Supervisor; Richard Nawoichik, Cemetery Supervisor; and Danielle Leblanc, Senior Assistant. The division is responsible for the day-to-day maintenance of the cemetery grounds, burials, sale of lots, and burial and grave lot records. The Town Clerk retains permanent records of death certificates and burial permits.

Cemetery projects included the continued clearing of road extension to accommodate overflow parking for funerals. An area was cleared behind the maintenance building for growing of nursery stock. Compost and stock pile areas were cleared in Pine Grove and Fairview and were clearly marked with appropriate signage.

The Commission determined that the Summer House or Gazebo at Fairview Cemetery is in need of major repair or replacement. The structure was originally constructed in 1895 with a major historic restoration of the wooden structure completed in the early 1990's after vandals had destroyed the century old structure. With the help of the Nashoba Tech carpentry and cabinetmaking students as well as locating some of the intricate balusters for patterns the building was restored.

The Commission approached Nashoba Tech this fall about restoration; however, with changes in the curriculum the skill set necessary for such a project is not there; it was suggested to look at a kit that the Nashoba Tech students could construct. The Commission sought cost estimate for wood and determined it was too costly. The Commission reviewed the cost of a kit and sought advice from the Historical Commission on replacing the Summer House with a more sustainable product which closely replicated the original Victorian building. The Historical Commission would want a wooden structure. The Commission will seek funding sources for reconstruction of the Summer House.

Community Preservation Funds were approved to preserve and restore graves in the four historic cemeteries. The project addresses graves from 1775-1923 by installing footings to prevent sinking and breakage as well as straightening and restoration of grave markers. The project identified 50 gravesites in most need of restoration to preserve the historic nature of the markers. The project was completed in the fall.

Danielle LeBlanc, Senior Assistant, continues to work with John Mangiaratti, GIS, and Tom Laflamme, Technology, on the development of web based database of cemetery records. Pine

Cemetery Commission

Grove information has been added to the software for testing purposes and to work out any glitches prior to full conversion of the records. Community Preservation Committee funded restoration project included cemetery record books from the various cemeteries. The records have been cleaned and documented and are currently stored with the Town Clerk's records in an environmentally controlled space. This year there has been greater use of the Town Clerk records for more dated information.

Sale of Lots: Total 30 as follows:

- 7 Cremation lots allowing 4 burials
- 4 One grave lots
- 15 Two grave lots
- 1 Three grave lot
- 3 Four grave lot

Burials: Total 41; 31 full burials, 10 cremation burials

COMMUNICATIONS ADVISORY COMMITTEE

The Communications Advisory Committee (CAC) is the Westford town board that advises and represents the interests of the Westford Board of Selectmen in their role as Franchise Authority for cable television and with regard to other services provided by Westford's cable operators (currently Comcast Corporation and Verizon). The CAC also advises Town residents regarding similar services that may be provided by a variety of broadband companies. Such services include Digital Subscriber Line (DSL) Internet access, and Voice over Internet Protocol (VoIP) local and long distance telephone service. The CAC does not deal with dial-up Internet access or conventional telephone service. Formerly called the Cable Advisory Committee, the CAC's charter was extended by the Selectmen in 2004 to include oversight of the additional broadband services mentioned, and the Committee's name was changed accordingly.

Dave Levy
Chair
Jim Silva
Tony Vacca

The CAC negotiates and enforces cable TV license provisions with Comcast, which has been the Town's cable operator since January of 2003, and with Verizon – which began operating its FiOS TV service in Westford late in 2009. The CAC also serves as an advocate for individual Westford citizens in all matters involving these cable operators, as well as providers of other information and communication services (e.g., Internet access and IP telephony), which may be subject to a variety of regulatory frameworks. We encourage all interested parties to attend our meetings to air their concerns, to ask questions or just listen. CAC meetings take place on an occasional basis at the J. V. Fletcher Library, usually starting at 7:00 PM. Check postings at Town Hall for specific dates, or contact the CAC to find out about upcoming meetings.

Apart from the issue of perennial price increases, and associated interest in “competition” (see below for more information on this topic), there have been very few concerns voiced by subscribers regarding residential Cable Service in Westford in 2009, the fifth year of the ten-year term of the current Renewal License with Comcast. Very little feedback has been received before the end of the year from new Verizon FiOS TV subscribers.

The most important concerns of the CAC over the past year continued to involve the operations of Westford Community Access Television (Westford CAT), during its fourth year as Westford's Local Access Provider, in accordance with the associated Public, Educational and Government (PEG) Access provisions in the Comcast Renewal License. These provisions are reflected in the Memorandum of Understanding (MOU) now in force between the Board of Selectmen and Westford CAT. Westford CAT is an independent non-profit corporation and is governed by a Board of Directors comprised of members of the Westford community.

Westford CAT currently uses Comcast Channel 10 for rebroadcast of Town Government programming, which is broadcast live on Channel 8 along with local and regional Public Access programming as well as the Bulletin Board. Educational programming from the Westford Public Schools and Nashoba Valley Technical High School is broadcast on Channel 9. Broadcast details over Verizon FiOS are in the process of being worked out, as describe further below. For more information about Westford CAT, including program schedules and details about their operations, visit their website at: <http://westfordcat.org>.

Throughout 2009, the CAC continued working steadily with Verizon to franchise FiOS TV in Westford, in advance of their associated rollout of FiOS Internet and Phone services (which are not locally regulated). This intensive negotiation effort culminated in a Public Hearing hosted by the Board of Selectmen at their October 27 meeting. After hearing presentations from Verizon representatives, as well as testimony from Westford residents and responses from members of the CAC and Verizon negotiation teams, the Selectmen voted to approve the

draft License presented for their signature. Upon subsequent signature by both parties, the license went into effect – thus allowing FiOS TV service to be offered in Westford. Verizon had assured the Town that they would try to complete their above-ground fiber-optic infrastructure build-out by the end of 2009, although construction in areas served by underground utilities could take much longer (up to 4 years contractually). Verizon has not been providing construction schedule information to share with concerned citizens affected by FiOS construction delays, and has suggested that interested parties sign up online to get notified when service becomes available at their address. Verizon is currently providing FiOS services upon request to those whose streets have been connected to the network. For their part, Comcast is reacting to the new competition by offering potentially attractive promotions to both current and new subscribers in Westford.

Verizon is also obligated to provide support for Local Access (PEG) programming to be made available to FiOS TV subscribers in a similar fashion as is now available from Comcast (i.e., by providing funding and Local Access infrastructure to Westford CAT). The new Meeting Room at Town Hall being built as part of the current restoration effort will be one of the local origination sites for FiOS, and the current drop from Comcast will also be modified to facilitate live Local Access programming at that location. Several other Town Buildings with current Comcast Local Access video origination are also expected to be connected to the FiOS network by the middle of 2010. The initial site surveys have taken place, and construction planning is underway for all of the FiOS local origination locations, including the Westford CAT studio.

The CAC website, now hosted at: <http://www.westfordma.gov/cac>, provides Westford citizens with information on a variety of cable-related topics, and is slated to be updated and enhanced with new content in the coming year.

In 2009, the CAC consisted of three volunteers appointed by the Board of Selectmen to renewable one-year terms. A quorum of two or more members is required to conduct official business.

The Westford CAC can be contacted by letter mail at Town Hall, or preferably by sending email to: cac@westfordma.gov. CAC Chair Dave Levy also invites telephone inquiries and voicemail at his home phone, 978-692-2290.

COMMUNITY PRESERVATION COMMITTEE

The Community Preservation Act (CPA) allows Westford to preserve our community character in the areas of open space, community housing, historical resources, and land for recreational use. Westford residents pay a 3% property tax surcharge to fund such community preservation projects.

FY 2009 Community Preservation Funds: \$2,366,118.08

The state offers matching grants from the Community Preservation Trust Fund, whose revenue is generated from designated fees at the Registry of Deeds. Because Westford set the CPA property tax surcharge at 3%, the town is eligible for additional funds from the state that other communities may not be eligible for. Westford received a 72.4% state match of \$885,461 on October 15, 2008.

However, due to the decrease in revenue at the Registry of Deeds and the increase in the number of communities who have adopted the CPA program, Westford received a state match of \$485,429 on October 15, 2009. The state match was only 32.8% of matching funds.

In FY 2009, Westford locally raised \$1,480,657.08 in Community Preservation funds.

Westford has an annual commitment of approximately \$800,000 for its bond payment for the purchase of East Boston Camps.

3% Community Preservation property tax surcharge	\$1,250,223.28
Investment income	\$228,229.44
Interest on late tax payments	\$2,204.36
Local FY 2009 Community Preservation total	\$1,480,657.08
State Match (received 10/15/08)	\$885,461.00
TOTAL FY 2009 Community Preservation Funds	\$2,366,118.08

In 2009, the Community Preservation Committee (CPC) recommended projects at the Annual Town Meeting.

May 9, 2009 Annual Town Meeting

On May 9, 2009, the CPC recommended and Town Meeting unanimously approved \$110,000 in community preservation projects.

Open Space Funding

- \$190,000 Conservation Trust Fund

The funds were designated to be used for future land purchase by the Conservation Commission. These funds were appropriated from the Community Preservation Undesignated Fund Balance Account.

Community Housing Funding

- \$35,000 Sargent School Roof Replacement

Kathleen Healy <i>Chair (At-large)</i>

Christine MacMillan Elizabeth Michaud

Community Preservation Committee

For the roof replacement at the Sargent School Housing in Graniteville and any other related costs. These funds were appropriated from the Community Preservation Undesignated Fund Balance Account.

Historic Funding

- *\$20,000 Library Greek Revival Windows*

This allocation is for the refurbishment of six (6) Greek revival windows in the third-floor Mary Atwood Hall in the J.V. Fletcher Library. These funds were appropriated from the Community Preservation Undesignated Fund Balance Account.

- *\$13,713.14 Town Records Preservation Project*

This allocation will fund the Town Clerk's 2009 Town Records Preservation Project and any other related costs. These funds were appropriated from the Community Preservation Undesignated Fund Balance Account.

- *\$14,062 Historic Cemetery Grave Markers*

This allocation is for the restoration and preservation of historic grave markers from four separate cemeteries. These funds were appropriated from the Community Preservation Undesignated Fund Balance Account.

- *\$2,325,000 Westford Town Hall*

This allocation is to pay for the costs of renovating and/or constructing an addition to the current Town Hall, including all costs, incidental and related thereto. The portion allocated from the Community Preservation funds are allowed to be used to preserve the historical portion of the town hall, to build an archive to house historic documents, and to bring the building into compliance with the American with Disabilities Act (ADA) code: \$840,000 was appropriated from the Community Preservation Undesignated Fund Balance and \$460,000 was appropriated from the Community Preservation Historic Reserve. The remaining \$1,025,000 was authorized to be borrowed on behalf of the Community Preservation Committee.

Recreation

- *\$35,000 Ronan McElligott Memorial Playground*

This allocation is for the barrier-free Ronan McElligott Memorial Playground and any other related costs. The playground is located at Edwards Beach. These funds were appropriated from the Community Preservation Undesignated Fund Balance Account.

Administrative Funds

- *\$15,000 Community Preservation Committee Administrative Expenses*

Community Preservation Committee administrative funds are used for expenses such as copying, public hearings, legal opinions and approximately 260 hours of professional staff support per year to assist in coordination and administration of CPC projects. These expenses are appropriated annually, as unused expense funds are returned to the undesignated Community Preservation Fund.

Appreciation

The Community Preservation Committee would like to recognize and thank Liz Adams for her dedication and years of service as a representative of the Committee. The Committee also would like to recognize Town staff, boards, and officials for their valuable input concerning the use of CPA funds and Westford's community needs. Most importantly, the Committee would like to thank the people of Westford for their generous support of our town and community.

COMPREHENSIVE MASTER PLAN COMMITTEE

The purpose of the Comprehensive Master Plan Committee was to plan, develop, and recommend to the Planning Board a Comprehensive Master Plan for the Town. The committee worked with a team of consultants led by Judi Barrett, Community Opportunities Group, Boston, MA. The Northern Middlesex Council of Governments (NMCOG) was contracted to provide the economic development section of the plan. Committee documents and meeting minutes are available from the committee's web page on the town web site, www.westford-ma.gov, by going to the link for town departments.

The Committee was only semi-active in 2009, having discharged its primary goal of preparing and presenting a first draft plan to the Planning Board. With sustained Committee input at various public hearings, the Planning Board made revisions to the draft Comprehensive Master Plan and approved the final version in April. The plan was presented to and overwhelmingly accepted at the annual town meeting in May.

With the approval of the plan by the Planning Board and acceptance of the plan by Town Meeting, the duties of the Comprehensive Master Plan Committee were completed. The Planning Board voted to discharge the committee members during its last meeting in December 2009. With that, the Comprehensive Master Plan Committee ceased to exist. The committee officers thank the committee members, town staff, committees and boards, businesses, and residents who participated in the process for their input, insight, and ideas. Your help made the Comprehensive Master Plan a policy document with long-term value as the town grows and develops over the next decade.

CONSERVATION COMMISSION

The Commission generally meets on the second and fourth Wednesday of each month at 7:30 P.M. at the Millennium School. The principal work of the Commission is review, under the State Wetlands Protection Act and local non-zoning wetlands bylaw, of land alteration and construction projects, from home additions to major residential and commercial developments, to assure protection of the vital interests provided by wetlands. A summary of the kinds of review and the number of filings by type for the last ten years are provided on the Statistics Page at the end of this report. In doing this job, the Commission conducted five formal site visits, while Conservation/Resource Planner William Turner conducted numerous site visits pertaining to many ongoing projects as well as new proposals.

Eric Fahle
Chair

Peter Mahler
Vice Chair

Marilyn Frank
Ann Jefferies
John Cunningham
Frank Winters

William Turner
*Conservation/
Resource Planner*

A significant part of the Commission's time in 2009 was taken with addressing the care and custody of East Boston Camps (EBC). With valuable input from the East Boston Camps Advisory Group, the Commission adopted a facility licensing program, including policies, rules and regulations and a rate sheet. This program has been developed in line with the EBC Master Plan, to attempt to generate revenue to help offset the cost of maintaining the property. The policies and rates and other information may be viewed through the EBC link on the Conservation Commission's website at www.westfordma.gov/conservation. The program was implemented and generated nearly \$2,500.00 in revenue. While Conservation Resource/Planner William Turner oversaw the licensing program to begin with, the Conservation Commission and the Parks and Recreation Commission entered a Memorandum of Understanding whereby the Parks, Recreation and Cemetery Department will run the licensing program. The Conservation Commission will continue to have care and custody and general oversight of the operation and maintenance of the property.

The EBC property continues to be the most popular conservation property in town, with numerous users. The Fifth Grade program was held again with over 400 students participating. The Recreation Department again conducted a summer science and nature-oriented day program. The privately organized Friends of East Boston Camps held two public events in the spring and fall to invite and educate the public about the property and help generate support for it. These were very successful with hundreds of people in attendance.

The main challenge of the camps is the physical condition of the property, and much work is needed to keep it in usable condition. Fortunately, many volunteers have stepped forward to donate valuable work. Our thanks to Nashoba Valley Technical High School for their help in re-roofing camp buildings and in providing electrical work, and to the Westford Academy Community Service Project which sent three Academy students to provide valuable work at the camps. Our thanks also to the scouts and citizens who gave their time with various trail and clean-up projects. Thanks to the Parks, Recreation and Cemetery Department, the Highway Department and the School Department for their help in maintaining the property. And always, our thanks to long time Caretaker George Fletcher for his dedication and devotion to this special place.

In the administration of the Wetlands Protection Act and local non-zoning wetlands bylaw, the Commission entered into a mediation process regarding the appeal of its denial of the Cornerstone Square retail project. The Commission had originally denied this over 225,000 square foot development, to be located between Littleton Road and Route 495 to the east of the Regency Hotel, because it was found that there was excessive clearing too close to wetlands.

Conservation Commission

Through the mediation process a settlement agreement was reached wherein the project was modified to reduce the disturbance near wetlands and the Commission issued an amended Order of Conditions approving the project. The project has since been held up by an appeal of the Planning Board approval by a private party.

Other significant projects reviewed by the Commission in 2009 included the Graniteville Woods Chapter 40B project of 164 units located off North Main St., the Boch Honda dealership located on Littleton Road east of the post office, and the 28-lot residential subdivision "Laughton Farms" located on Lowell Road. The rest of the filings received were generally for single family homes, or additions to existing dwellings.

Construction activities continued generally slowly along with the pace of the economy. Active projects included road improvement projects along Littleton Road, the Southgate: Ch. 40 B project located off South Chelmsford Road and the Cameron Senior Center expansion on Pleasant St. The year also finally saw the completion of a significant portion of the long-planned Bruce Freeman Rail Trail.

Nuisance aquatic vegetation management programs continued successfully in Lake Nabnasset and Long Sought for Pond, with spot applications of herbicides being used to treat remaining areas of invasive species, and a winter drawdown was planned for Lake Nabnasset. A drawdown of Forge Pond will also be attempted this winter.

Unfortunately there was a significant increase in the number of Wetlands Protection Act and local non-zoning wetlands bylaw violations. For the most part these violations were the result of work involving tree or other vegetation cutting or excavation and regrading within 100 feet of wetlands without a permit. There is a common misperception that only projects requiring a building permit that are within 100 feet of wetlands requires a permit from the Commission. However, any kind of new disturbance such as clearing of vegetation or excavating or filling of land within 100 feet of wetlands requires the approval of the Commission. If you are considering such work, please contact the Commission's agent, William Turner, at 978-692-5524, who will be happy to advise you whether the proposed work is near wetlands, and if so, what the permitting requirements will be.

The Commission and State reached a final resolution with Edward Kennedy for work that occurred without permits under the Wetlands Protection Act and Massachusetts Endangered Species Act in constructing the Butter Brook Golf Course. As part of the agreement, Mr. Kennedy will contribute a total of \$85,500.00 over ten years to a special fund that will be used in coordination with the Natural Heritage and Endangered Species Program to help protect the blue spotted salamander through conservation, research and habitat protection.

The other principal task of the Commission is administration of nearly 2,000 acres of land held by the town for conservation purposes. In addition to developing special rules for the East Boston Camps property, the Commission also updated the Rules and Regulations for all the town land under its care and custody, which had last been revised in 1979, and these may also be reviewed at the Commission's website.

Work continued throughout the year on an update of the Open Space and Recreation Plan, with valuable input from various Boards who were provided a draft to review.

The Commission's agreement with George Fletcher for farming of the Day Agricultural and Conservation Land located on the corner of Graniteville Road and Cold Spring Road expired and the Commission issued a Request for Proposals for a one year license to farm the parcel organically. The successful bidder was Dragonfly Farms of Pepperell (also a participant in the Westford Farmer's Market), who paid \$1,950.00 for the one year license.

The Commission wishes to lease the land for a longer term, up to ten years, but to do so requires both Town Meeting approval and approval of the State Legislature. Accordingly an article to accomplish this was submitted to and passed by Annual Town Meeting. Given State legislature approval of special legislation in this regard, a request for proposals to lease the property will be issued in early 2010.

Anthony and Fenella Levick of Monadnock Berries continued their excellent work in managing the Hill Orchard and Farm Stand. If you would like more information on Hill Orchard or the Levick's own farm operation, located In Troy, NH, visit their website at www.monadnockberries.com.

2009 saw progress towards the acquisition of three significant conservation parcels. First, the Tax Possession Sale Committee asked boards to identify whether any of the numerous tax possession parcels were of interest for municipal purposes. The Commission identified a number of the parcels as important. When asked to prioritize, the Commission selected a 7 acre land-locked parcel near Texas Road. This parcel, composed principally of mature upland forest, is adjacent to and significantly expands the protection of existing conservation land, and has been identified as priority habitat for a state-listed species of concern. An article was approved by Fall Special Town Meeting approving the transfer of care and custody of this parcel from the Tax Possession Sale Committee to the Conservation Commission.

The Commission reached agreement on acquisition of an open space parcel located off Rolling Meadows Lane, which is also adjacent to and helps protect existing town conservation land associated with the Greystone Estates Subdivision. The 10 acre parcel includes an old quarry pond, and is also located within identified priority habitat for a state-listed species of concern.

Most significantly the developer of the "Graniteville Woods" Ch. 40 B parcel offered to donate and the Commission and Selectmen voted to accept a donation of approximately 72 acres located off Cowdry Hill Road. This is a very interesting area of old quarries and ledge outcrops with mature forest interspersed with wetlands and a number of certified vernal pools. This land also is located in identified priority habitat for a state-listed species of concern. The Commission wishes to extend its thanks to Charles Emanouil and Granite Hill Estates, LLC for this generous and important gift.

As always, the town benefits greatly from volunteer efforts in maintaining and improving its conservation properties. In particular Eagle Scout candidates always provide great service. Our thanks to Chris Bert, Evan DeTolla, Mike Johnson, Ben Eck and Adam Holub for their contributions. The Commission and the Westford Conservation Trust have organized the Westford Land and Trail Stewards to monitor conservation lands and maintain trails. Fifty stewards provide continuing service town wide and we salute their efforts. If you are interested, contact any of the three members of the Stewards Steering Committee: Kate Hollister (692-6802), Frank Winters (692-4555) or Bill Harman (692-3907). More information on this program is available at the Commission's website. The Commission would also like to reiterate its deep appreciation for the efforts of the East Boston Camps Advisory Group for their very valuable assistance in developing a licensing program brochure and marketing plan for the Camps and also to the Friends of East Boston Camps for their outstanding efforts in promoting and supporting the facility.

The Commission saw membership changes. Michael Taevs resigned in light of his move to Cambridge to follow his educational goals. Our thanks to Michael for the energy and enthusiasm he brought to the Commission and our best wishes to him in his future endeavors. John Cunningham of Butternut Rd. was appointed by the Selectmen to fill the resulting vacancy. Near the end of the year Robert Shaw announced his resignation, as he will shortly be moving to Groton

Conservation Commission

If you are interested in more information about the Conservation Commission, Westford's conservation lands, wetlands and other natural resources, please visit the Commission's website, which can be accessed at www.westfordma.gov/conservation.

Respectfully submitted, Westford Conservation Commission:

CONSERVATION COMMISSION STATISTICS PAGE*

Summary, Filings Received, 2000 – 2009

<u>Year</u>	<u>Request for Determination</u>	<u>ANRAD</u>	<u>Notices of Intent</u>	<u>Emergency Certificates</u>	<u>Violations/Enforcement Orders</u>
2000	15	3	84	13	9
2001	21	0	57	23	9
2002	18	0	58	26	6
2003	9	3	41	14	6
2004	12	6	50	16	5
2005	12	5	34	16	3
2006	18	6	28	16	2
2007	17	4	24	7	7
2008	12	5	29	10	5
2009	12	0	29	13	12

*The work by the Commission involves several types of review: (1) "Request for Determination" in which the Commission is asked to approve relatively minor work within 100 feet of wetlands; (2) Abbreviated Notice of Resource Area Delineation (ANRAD) in which the Commission is asked to approve a surveyed plan showing wetland boundaries.

(NOTE: The ANRAD process was adopted in 2000. Prior to that the Request for Determination filing was used for confirmation of wetlands boundaries) (3) "Notice of Intent" meaning that an applicant has notified the town of an intention to build a structure or any type of work in a wetland or the land around a wetland. (4) Emergency Certificate, when rebuilding a septic system or some other emergency work necessitates alteration of a wetland or nearby land on short notice. The Commission issues Enforcement Orders in relation to violations of the State Act or local bylaw when work commences within a jurisdictional area without a proper permit from the Commission, or work is conducted in violation of the conditional requirements of a permit issued by the Commission.

COUNCIL ON AGING

The Westford Council On Aging (COA) web address is:
www.westfordma.gov/coa The COA meets on the second
Wednesday of the month at 4 P.M. at the Senior Center.

Helena Crocker
Chair

Nancy Cook
Dorothy Hall
Cecilia Healy
Patricia Holmes
George Rogers
Robert Tierney

Some of our major undertakings this year are highlighted below:

- Passage of debt exclusion at Annual Town Meeting for renovation and expansion of the Cameron Senior Center.
- Relocation of the Senior Center to temporary space on June 15th for construction work to begin. Continued to work with the Permanent Town Building Committee in regard to meeting the physical, social and economic well-being of older adults
- Reduction in staff and contract hours at the Council on Aging
- Collaboration with many Town departments, businesses, service organizations and individuals to provide additional services to senior citizens.
- Popular new offerings including: book discussion group, mah-jong, spaghetti supper, local fuel assistance initiative, “shifting gears, safe driving for seniors”, and leaf removal.
- COA Awarded Formula Grant funding in the areas of office support, nutrition, volunteerism and maintenance. The Friends of the Cameron Senior Center, Inc. received a donation from the family of the late William Millett to provide for the men’s breakfast, kitchen and fitness equipment, and outdoor furniture. Grant funding was received on behalf of the Westford Community Food Pantry from Project Bread and the Emergency Food Bank, and individual donors.

Senior Social Services

Senior Social Services focus on providing outreach, consultation, assessment, crisis intervention and referrals for services for our senior population. In addition, guidance and referrals are extended to families in town and to those who are outside of the area who may need assistance for family members who are Westford residents. The Social Worker works full-time and the Elder Outreach Coordinator is available 20 hrs/week to follow the COA mission statement for the 3300+ Westford seniors. The goal of the outreach service is to offer a well-rounded team approach to COA Services.

YEARS	2005	2006	2007	2008	2009
HOME VISITS	700	600	650	737	674
OFFICE VISITS	200	220	300	630	747
TELEPHONE CALLS	3500	3,100	3,500	4319	3985

- The trend continues to rise in office visits by seniors and their family members who seek guidance, counsel, and general support. (See table above). This continued in spite of the move to temporary quarters and affirms the need for private office space for family meetings in the renovated senior center.
- The numbers of home visits and phone calls are consistent with those of last year considering the interim displacement of staff and brief periods of limited phone service during our transition.

Transportation

Van service provides transportation for the elderly and disabled of Westford to keep medical, nutritional, social, shopping and other appointments. This service operates within Westford and surrounding towns.

Council on Aging

Vans are owned by the Lowell Regional Transit Authority (LRTA) and the Town of Westford and administered by the COA. Three vans, used for medical/shopping, Adult Supportive Day Care, and Senior Center activities, covered a combined 66,549 miles. Two-hundred-eight (208) individual (unduplicated) seniors and disabled people availed themselves of this service. Table I (below) shows the use by unduplicated riders and mileages for the last six years. Van operations have increased from one van in the year 1998, two vans in 2001, and three vans in 2005 that was necessitated by the yearly increase in riders.

YEARS	2004	2005	2006	2007	2008	2009
UNDUPLICATED	197	262	162	236	207	208
MILES	43,169	67,757	64,450	67,123	65,528	66,549

In 2009:

- Van 1 provided service for 974 medical and 1015 shopping trips.
- Van 2, assigned to service the ASDC, provided transportation for 1214 trips.
- Van 3 provided service to and from the Senior Center for social, nutritional, recreational and educational functions. This van made 1272 trips for congregate lunch and other COA activities.

Because of renovation activities at the Cameron Senior Center, senior center activities were temporarily relocated to the United Methodist Church. Consequently, vans were parked at the Rogers Fire Station without any disruption of service to seniors.

Tax Relief

A volunteer administers the Senior Tax Work Off Program for the Board of Selectmen. Money (\$20,000) for this program comes from the tax dollar and is appropriated in the COA budget, subject to approval at the Annual Town Meeting. Requests are growing as property taxes escalate. The program is open to all homeowners 60 years of age and older. The senior must occupy the house for which they are requesting the tax abatement. The twenty-five seniors funded must agree to work 100 hours in a compatible arrangement with the town department head to which they are assigned. Recipients are encouraged to continue on as a volunteer after completing their hours of service. The program begins on July 1 with all work completed by March 31 in order to apply the \$800 rebate to their last quarterly tax bill.

A dedicated volunteer offers tax counseling at Cameron to Westford elders. The program is in collaboration with AARP. Our volunteer tax aide completed over 100 income tax forms in 2009.

Westford Community Food Pantry

The Senior Center houses the Food Pantry which is available to all Westford residents. The pantry received a needed makeover this year as a Girl Scout Gold Award Project. The pantry relies on volunteers for all services, including delivery of groceries to the homebound. Approximately 500 people per month are served.

CULTURAL COUNCIL

The Westford Cultural Council received a total of \$4,000 from the Massachusetts Cultural Council to distribute to organizations and individuals who applied for grants to support cultural activities that benefit Westford residents. Added to that was \$2,000 in unencumbered funds and council-raised monies for a total of \$6,000 to be awarded. In awarding grants, the council seeks to serve a broad spectrum of Westford's population. The online survey completed by 85 residents was very helpful in allocating these funds. The council received 24 applications and awarded grants to the following 18 applicants:

Aurora Winters
Chair

Alice Phalen
Treasurer

Barbara Bergin
Mary Lyman
Steve Pixley
Christine Robinson
Norman Bristol
Celeste Falcone

- Indian Hill Music: \$350 for a performance at Westford Council on Aging St. Patrick's Day Luncheon.
- Cameron Senior Center: \$350 for a performance of And Now Mark Twain! On September 30, 2010.
- The Discovery Museum of Acton: \$100 in support of SMART (Science-Math-Art) Gals Family night on June 18, 2010. For more information, go to: www.discoverymuseums.org
- Lowell Philharmonic: \$100 to support the Youth Concerto Competition and Pops Concert on May 7, 2010 at the Pawtucket Congregational Church in Lowell. Several Westford residents participate in this event.
- Heidi Tierney (in partnership with Westford Elementary PTO): \$450 in support of Odaiko New England: Japanese Taiko Drumming on February 28, 2010 at the Blanchard Middle School.
- Merrimack Repertory Theatre: \$350 to support special matinee performances of plays that support state-mandated curriculum. Students will attend free of charge and receive educational materials. Teachers will be provided teaching guides and student study guides.
- Westford Chorus: \$600 toward the Spring Concert to be held May 1, 2010 at the United Methodist Church in Westford.
- The Marble Collection: \$100 for the distribution to Westford Academy of this biannual humanities magazine for MA high school students.
- Westford Academy Theater Arts: \$350 toward participation in the Massachusetts HS Drama Festival.
- Illumination Opera: \$595 in support of the performance of Opera Scenes at the Westford PCA on February 6, 2010.

- Robert Creeley Foundation: \$50 in support of the 10th Annual Creeley Poetry Award to Gary Snyder. Mr. Snyder will receive the award and hold a public reading at the Acton-Boxborough Regional High School on March 16th, 2010. For more information, go to: www.RobertCreeleyFoundation.org
- Art on Main: \$655 toward start-up costs for this new cooperative gallery at 40 Main Street in Westford. The gallery features the painting, pottery, photography, fused-glass art and jewelry of 9 local and area artists. www.artonmainwestford.com
- Nashoba Valley Concert Band: \$250 toward conductor fees for performances in Westford and surrounding communities during 2010. For more information, go to: www.nashobavalleyconcertband.org
- Westford Farmers' Market: \$500 to provide professional musicians to perform during peak times at this popular Westford center venue held Tuesdays during the summer and fall months.
- Yankee Notions: \$300 for a concert of New England folk music at the Westford Museum on March 12, 2010.
- Contemporary Arts International: \$300 toward grand opening events for this permanent multidisciplinary art complex located at 68 Quarry Road in Acton. The opening events will take place over 3 days, April 9 – April 11 2010. For more information, go to the website: www.contemporaryartsinternational.org
- Rumphius Creativity Unhinged: \$350 toward An Old Fashioned Noel, produced in partnership with the Westford Farmers' Market at the PCA on December 18 & 19, 2009. Look for other activities throughout the year, or go to: www.creativityunhinged.com
- J.V. Fletcher Library: \$250 toward a Haiku Poetry and Illustrated Card workshop as part of the Young Adult Summer Reading Program, serving children in grades 6-12. This workshop will take place on July 21, 2010

Now that the grant cycle is completed, the council will turn its attention to planning a council-sponsored cultural event during 2010, based on information gathered from the online survey.

EAST BOSTON CAMPS ADVISORY GROUP

To assist it in formulating policies for long term use of the camps, and as recommended by the East Boston Camps Master Plan, the Conservation Commission formed an advisory group, called the East Boston Camps Advisory Group, whose roles and responsibilities include: reviewing past usage of facilities and developing new policies/guidelines for its use; researching potential revenue generating programs that will offset maintenance expenses including grant applications and volunteer assistance; making recommendations to the Conservation Commission including implementation steps; and advising the Conservation Commission on other land issues. The group is comprised of Peter Mahler for the Conservation Commission, Marilyn Frank for the Community Preservation Committee, Doug Deschenes for the Westford Land Preservation Foundation, Leslie Thomas for the Water Commission, Jim Sullivan for the Selectmen, and Jim Gozzo, Paul Cully, Bob Boonstra and Beth Petersen as at-large citizen members. Different members of the Recreation Commission will alternate in their participation. The Committee meets once a month on an off Wednesday to the Conservation Commission.

Paul Cully
Chair
Beth Petersen
Vice Chair

The group researched and reviewed policies and procedures for similar properties and subsequently drafted and delivered to the Conservation Commission the following policy documents: EBC Rules and Regulations, EBC Rental Fees, EBC Rental Policies, EBC Objectives and Policies, EBC License and Permit Agreement, and an EBC Marketing Plan. A Group member developed a full color tri-fold brochure to help market the camp facilities. A website for the East Boston Camps was created. The Group visited the property and conducted a building survey. The Group met with representatives from The Friends of East Boston Camps and Friends of Recreation organizations and discussed fund raising schemes and common goals. The Group met with the Town's insurance broker and discussed the issue of liability insurance for groups that would like to license or lease the facilities. The Group reviewed many proposed and actual projects for the property and made recommendations on them, including re-instituting fees for campers in the Fifth Grade Camp program.

The Group interviewed two summer camp operators who expressed an interest in running a camp operation on the property and recommended to the Conservation Commission that they develop and issue an RFP for a day camp operation on the EBC property for 2010. To further this effort, Group representatives met with Town officials from the Health Department, Water Department, Building Inspector, and Fire Department and developed documentation listing all the repairs and renovations that would be required to be completed before the necessary permits could be issued for such a program. The Group forwarded this to the Conservation Commission for use in preparing an RFP. The Group has kept communications going with two potential bidders to a potential RFP.

EMERGENCY MANAGEMENT AGENCY

Westford Emergency Management is responsible for coordinating federal, state, local, voluntary and private resources during emergencies and disasters in the Town of Westford. Emergency Management develops plans for effective response to all hazards, disasters or threats; provides information to the citizenry; and assists individuals, families, businesses and communities to mitigate against, prepare for, respond to and recover from emergencies, both natural and manmade.

Tim Whitcomb,
Co-Director

Joe Targ,
Co-Director

As we started 2009 we were still dealing with the ice storm of December 2008. To our dismay we found out that Middlesex County did not meet the threshold for damages and was not included in the federal declaration. We explained the situation to the Town Manager and Jodi started an initiative for the Middlesex County Towns with damage to band together and petition the State and federal politicians to have us included in this declaration. We worked with our departments to get an accurate preliminary data assessment as did other Towns.

Westford hosted a meeting with these towns' representatives from local, state, and federal governments. Through this meeting we were added to the declaration. We thank Jodi for her hard work and all the state and federal representatives for attending and helping in this endeavor: a special thanks to outgoing representative Geoff Hall, incoming Representative Jim Arciero and Senator Steve Panagiotakos for their help.

Our department met with FEMA and MEMA to start the reimbursement process, attending briefings with Chip Barrett whose department had the bulk of expenses. Post storm, Chip had to develop a debris management plan. We worked with him to get it approved. He then sent it out to bid, hired a contractor and, once approved, started the process and documentation of debris pickup in record time. We then submitted with Chip his documentation for payment approval. We thank Chip and his department for all their hard work.

For Emergency Management the ice storm of December 2008 did not close out until August 2009. The Town's total reimbursement was \$528,376.11 from the federal and \$78,255 from the state.

In June we applied and received a grant from the state for \$2,500. It was an Emergency Management Planning Grant. The grant could be used to update the Town's Comprehensive Emergency Management Plan (CEMP) which is something we do every year.

Through the year we have had regular meetings with the Board of Health, Fire and Police Departments getting updated and planning regarding the H1N1 Virus and having our regional and Local Emergency Planning Committee meetings, working on the Town's National Incident Management System reporting, Continuity of Operation/Continuity of Government Planning and Comprehensive Emergency Management plan updating.

We continue to see the dedication of Police Amateur Radio Team to our community. They are there when we need them and they continue to better themselves by the exercises and training they participate in.

Thanks to all the departments for their help through the year, especially Fire, Police, Highway and the Board of Health.

ENERGY COMMITTEE

Energy is on everyone's mind. Whether concerns are based on environmental, economic or governmental change, it remains that Massachusetts town governments need to consider energy use as an integral part of their municipal responsibilities. In 2009, the town of Westford budgeted \$2.5 million for electricity, natural gas and heating oil. This significant part of the budget is subject to price fluctuations which could result in a greater impact on municipal services.

In early 2009, the Board of Selectman appointed the Westford Energy Committee with the charter "To advise and assist the town by researching, identifying, designing, recommending and implementing programs and equipment to encourage and achieve energy efficiency and conservation."

Steve Esposito
Chair
Kevin Slein
Vice Chair
Tom Rose
Secretary
Steve Dardinski
Hale Powell
Jeff Geller
Irene Yurovska
Larry Order
Richie Crocker
Ex Officio

The nine member volunteer committee is organized around five areas of concentration:

- Renewable energy generation
- Energy efficiency
- New building/renovation Improvements
- Operations
- Communications

The committee thanks ex-members Diane Weir and Kimberly Macey for their efforts. The committee also thanks Board of Selectman liaison Valerie Wormell for the guidance, support and encouragement she provided.

The committee meets on the first and third Monday of each month, at 7pm in the police training room. The committee can be reached via email at: energy@westfordma.gov.

Renewable Energy Generation

Work is underway on two solar photovoltaic array projects. Working with the Massachusetts Department of Environmental Resources (DOER), the Massachusetts Technology Collaborative (MTC) and the Westford School Department, significant progress has been made on both projects.

The first step, site assessment, was completed in August. A consultant from the Cadmus Group surveyed three schools determining that two of them (Westford Academy and Stony Brook Middle School) were well suited for solar photovoltaic arrays. Although the program was closed, the committee convinced the MTC to pay for the site assessment (a \$1,200 value), resulting in no cost to the town.

The next step, securing funding, is well underway. The committee has submitted applications for two grants totaling \$178,000. The grants are a combination of Clean Energy Choice funds provided by the state, and federal stimulus money. The funds, if awarded, can pay for a reasonably sized solar system for the Stony Brook School. The committee performed an economic analysis, and determined the benefit to the town to be approximately \$8,000 annually for the 25 year life of the system – at no cost to the town.

At the same time, a Power Purchase Agreement (PPA) arrangement for a solar system on Westford Academy was investigated. This is an arrangement where an outside vendor constructs, operates and maintains the solar system, and the town purchases the electricity produced at a greatly reduced rate. The economics of PPA's allow for very large systems – for which Westford Academy is well

suited. As this results in a benefit to the town, at no cost to the town, this second project is also being pursued.

The third step is preparing a Request for Proposal (RFP) for each project. Working with Town Counsel, the Westford School Department, and the DOER, the committee prepared two RFP's. The Stony Brook project RFP has been published, and the process of acquiring and assessing bids is underway. The Westford Academy project RFP will be published when state incentive programs are determined allowing prospective vendors to provide more favorable terms for the town. This is expected to take place in early 2010.

Energy Efficiency

By researching energy audits performed in prior years, the committee has brought together a list of 170 potential projects that could be enacted by the School Department. The committee is actively working with National Grid representatives so that projects may be formulated to take advantage of funds and incentive programs offered by National Grid.

In 2009, the committee advised the School Department on efficiency projects that are expected to save the town more than \$20,000 annually.

New Building/Renovation Improvements

The committee researched programs offered by National Grid where designed-in efficiency improvements could be applied. The committee was instrumental in getting National Grid and the architects of town renovations to meet and explore the possibilities.

Operations

The economic conditions of 2009 caused an unusual event: electricity prices dipped. Working with Bay State Consultants, the committee advised the Board of Selectmen to undertake a contract re-bid process. This was accomplished in October, allowing the town to save approximately \$26,000 annually.

Communications

With so many ideas and opportunities available, the committee has worked on building relationships with surrounding towns, state agencies and private companies in addition to working with town departments and committees.

Conclusion

2009 was a formative year for the Energy Committee. While much has been done, bringing real savings to the town at no cost, there are still many opportunities to be explored. The committee looks forward to a very productive 2010.

ENGINEERING DEPARTMENT

2009 provided the Engineering Department with the opportunity to work on several critical projects moving through the stages of design, development and construction. This department has responsible charge for public projects that must meet local, state and federal requirements for procurement, environmental impact, transportation, safety and accessibility. Engineering responsibilities for these projects include design, estimates, construction management and inspectional services. Private projects are also reviewed for compliance with Town ordinances in stormwater, traffic and subdivision rules and regulations. In 2009, Engineering was involved with the following public projects:

Paul Starratt
Town Engineer

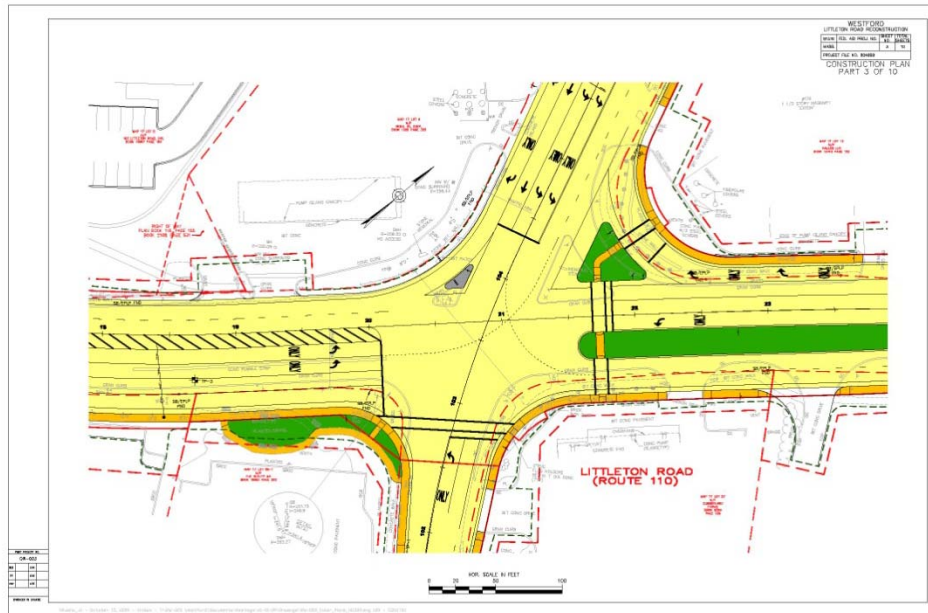

- Construction inspection for site work at the Cameron Senior Center.
- Engineering site plan review of the Town Hall Renovation Project.
- Contract and construction management for both the Groton Road Watermain Project and the Pond Road Betterment Project.
- Consultation with the School Department on the Day School drainage improvements that resulted in the construction of a rain garden adjacent to the Reed Brook.
- Preparation of as-built plans of new and existing underground utilities at East Boston Camps.
- Coordination and planning for the Bruce Freeman Rail Trail with the Mass Highway Department and the Friends of the Bruce Freeman Rail Trail.
- Oversight of the Tadmuck intersection improvements through the final design stage.
- Oversight of the Route 110, Littleton Road and Boston Road (Minot's Corner) intersection improvements through the 25% design stage.
- Preparation of applications for American Recovery and Reinvestment Act project funding.
- Oversight of the Landfill Gas Monitoring program.
- Consultation with the Westford Housing Authority on the Boston Road Affordable Housing Project.

The Engineering Department works closely with the Highway Department, Planning Department, Conservation Commission and Parks Department to support the maintenance and operations of the Town's infrastructure. Engineering services include reviewing plans and specifications for compliance with design standards, and the construction inspection of subdivision infrastructure for compliance with approved plans. Key responsibilities are as follows:

- Coordinate with other government agencies and utility companies when projects are in the public right-of-way.
- Attend development review meetings and public hearings in coordination with the Planning Department, to review applications for compliance with town standards and standard engineering practices.
- Conduct inspections of work within the public right-of-way and on developing parcels throughout the construction process.
- Provide assistance to the public regarding right-of-way issues.
- Process road-opening permits and calculate road-opening bonds.
- Administer and coordinate engineering consultant contracts.
- Design and administer projects for the annual Capital Improvement Program, including roadway, curb, gutter, and sidewalk improvement analysis.
- Perform minor traffic engineering analysis.
- Respond to neighborhood concerns and requests.
- Provide oversight in the preparation of the 2009 Pavement Management Report.

Engineering Department

Additionally, the Engineering Department has a lead role in the management of the U.S. Environmental Protection Agency's Phase II Stormwater program that requires the Town to meet permit thresholds in order to discharge stormwater runoff into our natural resources. In order to protect and preserve the natural resources in Westford, this department worked with the School Department and the SuAsCo Community Watershed Council in a week-long course to teach stormwater responsibility to all fifth grade students through the Living Labs program. Students are introduced to the concept of stormwater, including an outdoor demonstration of a catch basin and rain garden as well as an indoor lab that teaches map reading and watershed principals.

Proposed Improvements at Minot's Corner

FINANCE COMMITTEE

The Finance Committee is an independent town board whose members are appointed by the Town Moderator for overlapping three-year terms. The Committee is charged with advising Town Meeting on all matters with a financial impact on the town.

In order to make informed recommendations, Committee members regularly consult other committees and town officials. Members of the Committee regularly attend School Committee and Board of Selectmen meetings, among others, in order to keep abreast of matters with fiscal impact. The Finance Committee chair also participates in a monthly meeting with the Selectmen and School Committee chairs.

Ingrid Nilsson
Chair
Michael Princi
Vice-chair
Rose O'Donnell
Clerk

Ellen Doucette
Jeanne Drula
Al Hegert
Mark Kost
Dennis Wrona

An extensive review process and much deliberation preceded the Committee's FY10 budget recommendations. During this period, the Committee met with the Town Manager, Finance Director, department heads, Board of Selectmen and School Committee to discuss the proposed budgets and to gather information necessary to provide the budget recommendation to Annual Town Meeting. The Committee publishes and mails its recommendations and background information on the budget to all Westford residents before Annual Town Meeting.

In May 2009, Annual Town Meeting passed an \$87,774,553 operating budget for FY10, a decrease of about \$209,131 (-0.2%) over the prior year. All departments made cuts in their operating expenses. \$2,053,913 Free Cash was used to balance the FY10 budget. In the fall, Free Cash was certified at \$4,489,534. The Free Cash balance remaining of \$2,435,677 added to our projected Stabilization Fund balance as of June 30, 2010 of \$3,152,884 is \$1,425,531 above the minimum recommended level. The net effect of these budget elements yielded a tax impact increase of 2.10%.

2009 continued to see economic challenges. We saw a 4% cut in state aid, the first decrease since 2004. Other local revenue also saw significant decreases. Collective bargaining obligations and government mandates continue to pressure our expenses. Health insurance and pension liabilities continue to grow across all departments. We faced some extraordinary budget pressures this year, including clean-up costs associated with the massive December 2008 ice storm and on-going perchlorate remediation. Westford did receive some federal and state emergency management funds for ice storm clean-up, as well as American Reinvestment and Recovery Act (ARRA) stimulus funds for road projects on Rt. 110 and addressing shortfalls in our education foundation budget. As approved at our July 2009 Special Town Meeting, we have applied for both regular and stimulus state revolving funds (SRF) for our perchlorate situation.

In August 2009, the Committee conducted its annual reorganization and re-elected Ingrid Nilsson, chair; Michael Princi, vice-chair; and Rose O'Donnell, clerk. The Committee saw the departures of valued members, Ali Corvino and Tom Price. New members Dennis Wrona and Ellen Doucette joined the Committee and immediately provided new insight and perspectives. The Committee meets Thursdays at 7:00 pm, weekly during budget reviews and once or twice a month otherwise. Finance Director Suzanne Marchand and Finance and Budget Analyst Dan O'Donnell provide invaluable financial updates and assistance to the Committee.

FINANCE DEPARTMENT

The Financial Statements for the Fiscal Year ended June 30, 2009 are herewith submitted.

The data represents a fair and accurate presentation in all material aspects of the Town's financial position and results of its operations.

The report is based on information recorded using the Uniform Municipal Accounting System (UMAS) of the Massachusetts Department of Revenue.

An audit of the Town's financial records by Melanson Health and Company, PC , Certified Public Accountants has been completed and the results of that audit are available in my office for public inspection.

Suzanne C. Marchand
Finance Director/Treasurer

Alice M. Ferro
Town Accountant

RECONCILIATION OF THE STATEMENT OF REVENUES

EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2009

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ (139,032)

- Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay purchases	2,116,887
Depreciation	(7,362,018)

- Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures and Changes in Fund Balances. Therefore, the recognition of revenue for various types of accounts receivable (i.e., real estate and personal property, motor vehicle excise, etc.) differ between the two statements. This amount represents the net change in deferred revenue.

(250,313)

- The issuance of long-term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net assets:

Bond proceeds	(690,000)
Repayments of debt	6,774,060
Amortization of refunding	(25,000)
Amortization of bond premium	48,108

- In the statement of activities, interest is accrued on outstanding long-term debt, whereas in governmental funds interest is not reported until due.

92,347

- Some expenses reported in the Statement of Activities, such as compensated absences, do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds.

(4,445,217)

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES \$ (3,880,178)

See notes to financial statements.

FIRE DEPARTMENT

I can't believe how fast the years have gone by since 1973 when we had our first permanent Chief George Rogers, who was the only full-time personnel in the fire department until 1985. Capt. Ducharme, Capt. Woitowicz and I were the first permanent firefighter/EMTs hired in 1985 and have seen a lot over the years. As the dynamics of the town changed so did the fire department and the need to increase the full-time personnel to the department to keep pace with the demands of service and the difficulties with maintaining a call force. Although a lot has changed, Westford continues to maintain a small call force to supplement the department when called upon. However, the years have passed rather quickly and the department has seen its first set of retirements from our full-time personnel in the department. Our first retirement this year was with Jim Sheridan in April serving the Town 22 years and then again this past July with Captain Dan O'Donnell serving the Town 38 years and I would like to personally thank each of them for their proud dedication to the department and wish them the best in their retirement. With retirements comes the opportunity for other staff to advance their career. After a lengthy process which included a written exam and oral interviews with Chief Officers from other parts of the Commonwealth, James Barrett was promoted to Captain and David O'Keefe was promoted to Lieutenant, which also allowed us to change the Fire Prevention position to a Lieutenant's position. The Fire Prevention position has been held by Don Parsons for the last 10 years and I would like to congratulate these three individuals for all of their hard work and wish them well on the new challenges that face them.

Richard J. Rochon
Fire Chief

Capital Program

The department received funding for two capital projects. The first will be the replacement of a 20 year old pumper. The award for this replacement went to KME of Nesquehoning, PA. and we hope to receive the new pumper by late spring of 2010.

Our second capital project was the replacement of the boiler at fire headquarters which was about 20 years old. This included a conversion from oil to natural gas and the installation of a 95% efficient boiler. We hope to see some long term savings from this conversion.

Fire Department

Grants

The Town has again been very fortunate over the last fiscal year with the opportunity and awarding of grants to help offset the town's cost. Our share of grants that we received for the Federal Staffing for Adequate Fire & Emergency Response (SAFER) grant was \$269,840. The SAFER grant has given our town the ability to continue to staff the Rogers Station on a 24 hour basis. In addition we received another grant from EOPS (Executive Office of Public Safety), for \$16,300. allowing us to install fire detection equipment in our fire station which is now required. This protects our investment in our equipment and saved the town's expense on capital and has been removed from our plan. Our last grant for \$4,464.62 this year was from the State for Student Awareness Fire Education (SAFE) allowing us to bring fire education material to the students of Westford. I would like to thank Captain Barrett and Lieutenant Parsons for their hard work over the past year on these grants.

Paramedic Program

The Town of Westford has been with both Emerson Advance Life Support (ALS) and GLEMS ALS services since both groups started some 25 years ago and we have a strong professional relationship that I believe will continue in the future. Emerson ALS, has been having financial difficulty over the last several years keeping its service intact, however they are now at a point of eliminating it all together. They have been working with the area Fire Chiefs from the 13 communities for other models to look at and have until October of 2010 to come up with an alternative plan. As the Fire Chief for the Town of Westford, my mission is to be able to provide the best possible care to the residents of Westford. In fact I have been moving towards having our department expand to the Advanced Life Support (ALS) system. It has been part of my 5 year plan and it was also highlighted in the Fire Study that was done for the Town: "the development of expanded Advanced Life Support (ALS) services should be considered, especially if hospital-based ALS systems cease operations." With the events that are occurring at Emerson ALS, I feel it prudent to now bring forward the ability to provide ALS services in-house and have received this approval from the Town Manager and Board of Selectmen this past summer to move in this direction. I would like to thank the committee that we have established specifically to assist in the set up and operational aspects. A tremendous amount of work goes into this process and their contributions are greatly appreciated. The committee members including myself are: Capt Steve Ducharme, Capt. James Barrett, Lt. Bob Benoit, Lt. Mark Valcourt, FF/EMT Jim Lamy and FF/Paramedic Tim Bellemore. We are pleased about the progression of this program and have 2 individuals, Dave Lefebvre and Matt Svatek, that are currently attending paramedic classes to become certified.

Accident – Interstate 495

Training

I would like to thank the Fire and EMS training directors Lt. David O'Keefe and Lt. Robert Benoit for all their hard work during a fiscally challenging budget year to provide training to our personnel and it is my feeling that training is paramount to the service that we provide. As I have said in the past, "A knowledgeable and highly skilled firefighter is more likely to perform their functions in a safe and efficient manner, and is less likely to be injured but also to stay current and safe in an increasingly dangerous working environment." As the economy improves we need to refocus our efforts to this area thus improving our readiness to serve you the residents.

Thank You

I would like to thank Office Manager Joe Joyce for his commitment and hard work throughout the year. I would also like to thank the area Chiefs and department members who support our community with mutual aid when needed. I want to welcome Andy Sheehan as the Assistant Town Manager and thank him as well as Town Manager Jodi Ross and the Board of Selectmen, and department heads for their continued support. I would again like to thank you, the residents for not only your support this year but also the past years, helping us be a better department and better prepared for our community. I would also like to thank my wife Kathy for all of her support all year long and over the years and to Kayla and Maria for their understanding for all the work commitments that keep me from family events and all their hard work in school and sports throughout the year.

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

Geographic Information Systems (GIS) is an essential tool in the operations of every town department. It is a type of information management software used to organize, maintain, and display geographic-based information in digital maps. These maps offer different layers and processes to analyze data in order to make more informed decisions. The Westford GIS Department manages the applications that are used to deliver GIS services and maintains all spatial datasets such as parcels, zoning, facilities, streets, water mains, drain pipes and most other town assets. The department also produces all of the maps for the town and provides support to all departments and boards.

John Mangiaratti
GIS Coordinator
Bill Kenison
GIS Technician/Project Inspector

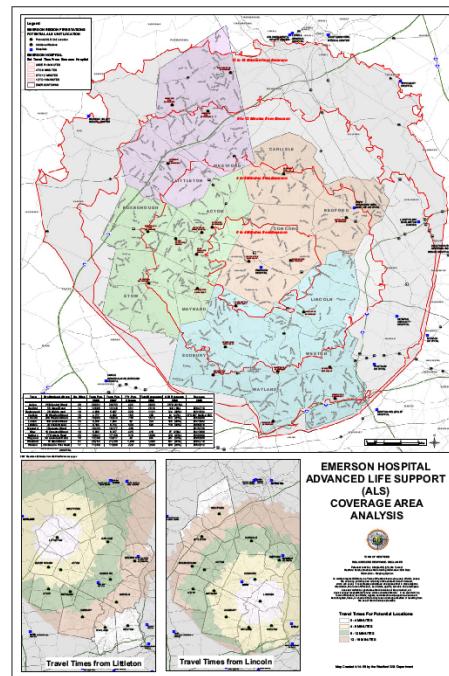

In 2009, the department's goals were to continue integrating GIS with other town systems and continue to take steps towards developing a regional GIS program.

A significant milestone for the regional initiative was the development of an accurate and consistent regional parcel map for the communities surrounding Westford. This involved assembling all of the parcel databases from neighboring communities and realigning them to create a one parcel map. Northern Middlesex Council of Governments assisted with this project and performed extensive research to resolve discrepancies along the town borders. All of the neighboring towns except Carlisle were included in this project.

GIS was also utilized to pursue economic development goals in 2009. A map of planned development was created for a series of regional meetings regarding the "Technology Corridor". These meetings resulted in discussions about a potential growth district covering Westford, Littleton, and Boxborough. The Growth District Initiative is a program from the State's Executive Office of Housing & Economic Development (EOHED) to identify development-ready sites and streamline the permitting for projects in those districts. The GIS Department analyzed the zoning districts of each community and generated a series of maps that were used during the discussions of the proposed growth district.

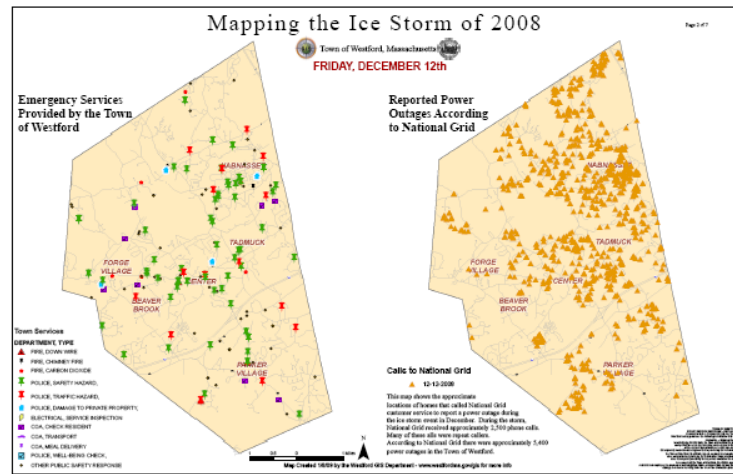

The GIS Department worked with the Fire Chief to develop a series of maps depicting response times from Emerson Hospital to each of the member communities as part of the Advanced Life Support program analysis. These maps were used at regional meetings of representatives from Fire Departments in the area. An example of the maps created for this project is shown to the right.

Other major projects completed in 2009.

Coverage Analysis Map for ALS study

- Developed and distributed a new oblique imagery viewer using the 2008 aerial photographs.
This viewer utilizes Pictometry software and provides accurate imagery that can be viewed from five different vantage points. This software was installed on workstations in the Police, Fire, Assessor, Engineering and Conservation departments to support their daily operations.
- Created a series of maps that highlighted the damage and the emergency responses that occurred during the winter ice storm event in mid December of 2008. This map series was used during a presentation to over 70 federal, state and local officials to help make an appeal for emergency relief funding. One map from the series is shown below.

Map showing Day 2 of the storm response

- Developed the MyInfo Tool in collaboration with the School Department. This application allows users to search for their address and then view information such as their trash pickup day, school district, bus information, voting precinct, and voter locations.
- Integrated the Westford Geocoder application into Westford's permitting system. This integration allows users to instantly create their own dynamic maps from a subset of permits or applications.
- Completed the water system GIS database with valuable assistance from Water Superintendent, Warren Sweetser.
- Created web based maps for school districts and provided support and mapping for the potential redistricting project.
- Updated the Parcel Lookup Tool website and established it as the gateway application to provide public access to all land management systems.
- Assisted an Eagle Scout with project involving mapping the burial locations of veterans in the municipal cemeteries.

GIS Requests

The GIS Department received and completed more than 40 map and project requests in 2009. These requests came from departments, boards, committees, and the general public. When residents or private organizations request GIS information, a signed release waiver and disclaimer agreement is required. The number of requests for customized maps and data decreased again this year because of the various mapping resources available on the GIS Department website. www.westfordma.gov/gis

BOARD OF HEALTH

The Board of Health, an elected board, oversees the activities of the Westford Health Department including the Health Care Services and the Environmental Services divisions. The board is responsible for developing policies and regulations and for enforcing state health and sanitary codes. The Board of Health's web page is accessible within the Town of Westford's website, the URL for which is: www.westfordma.gov/pages/government.

HEALTH CARE SERVICES

In 2009, the H1N1 influenza emerged worldwide. This virus escalated into a full pandemic. In Massachusetts, 343 persons were hospitalized and 25 people died from H1N1 from April through October. The Centers for Disease Control (CDC) and the World Health Organization (WHO) estimate that between 34 million to 67 million were affected worldwide and 9596 deaths were attributed to the virus through Dec 10.

Sandy Collins RN,
Director

To confront the H1N1 flu, we developed mitigation strategies to ensure that our department did everything possible to protect the community and town employees. In our schools, we formed an H1N1 task force and distributed gels and masks throughout the schools and within the community. We developed and implemented plans to minimize exposure to the flu.

In collaboration with the CDC, Westford was chosen to be a sentinel site for National Association of County and City Health Officials to evaluate how the disease was spreading across the country. We deployed a surveillance system to contact area daycares, emergency responders, primary practices and businesses. Absenteeism rates are tracked daily to monitor how the disease is impacting the community. The tracking method enables us to make better decisions for closing schools or curtailing public events. We reached out to businesses and town departments to encourage them to develop continuity-of-operations plans if absenteeism rates affected their business operations. We also developed a town-employee policy, which our selectmen adopted to ensure that sick employees remained home if ill.

This H1N1 virus, combined with shortages of vaccine, required our department to roll out an aggressive, tiered immunization plan. The CDC and the Massachusetts Department of Public Health defined the groups that were to receive priority immunization and when such immunizations would be provided. Establishing clinics for both the regular seasonal flu and the H1N1 flu put tremendous strain on the department.

We worked diligently to update the community as the virus spread. We created a web page for H1N1/seasonal flu on www.westfordma.gov to inform residents of the upcoming clinics to supply statistics and current guidance. We provided flu immunization clinics in the schools for both seasonal and H1N1 vaccines. During the months of October through December, we offered 16 flu clinics. We inoculated more than 4500 residents for either seasonal flu or H1N1 flu. These numbers are historic highs.

Board of Health

Without our 550-member trained, pre-credentialed volunteer Upper Merrimack Valley Medical Reserve Corps, this mass immunization effort would not have been possible. Once again, the Upper Merrimack Valley MRC assisted our department by providing vaccinations and clinic services. We could not have done it without them!! We thank all of our volunteers and our coordinator, Nancy Burns, for their tireless contributions. For information about how to join the UVMVMRC, please see our web site: www.umvmrc.org

The Health Services Division of the Westford Health Department continued to seek grants to supplement existing programs and services. We received an additional \$6000 to continue the dental program for senior citizens. The grants, administered in cooperation with the Cameron Senior Center, provide high-quality dental care for underinsured seniors. We are extremely grateful to the Friends of the Cameron Senior Center, Westford Charitable Foundation, and Dr. Schofield and his staff. This program supplements the health department's school-age dental program, which is administered by our dental hygienists, Catherine McLarney and Andrea McKinley. They provide fluoride treatments and cleanings to students in grades 2-4-6 and screening and education to students in grades 1-3-5.

The Westford Board of Health provides a tobacco control program in Westford with regular tobacco retailer inspections, compliance checks for sales to youth, and worksite and private club inspections. Tina Grosowsky, Substance Abuse Prevention Coordinator, collaborates with other town organizations to provide community forums on substance abuse prevention and parent education. Tina continues to coordinate Westford Against Substance Abuse (WASA) to implement the mission of substance abuse prevention and education in Westford. Tina provides prevention resources and education as requested by the school department, town employees, residents, and groups within Westford. The Board of Health and WASA received a \$300 grant from the Substance Abuse and Mental Health Services Administration (SAMHSA) to conduct a Teach In, which is an alcohol prevention program for the fifth grade.

Our public health nurses, Lisa Slattery, R.N. and Ellen Donohue R.N., worked tirelessly through the flu season to provide numerous disease prevention and health promotion programs to residents and town employees. The programs include screenings, immunizations, well-child clinics, pap smears, and tuberculosis testing. We submit follow-up reports on all reported cases of communicable diseases and we visit the homebound who require health supervision. You can access services on www.westfordma.gov/pages/government. As we approach the challenges of 2010, the Health Department remains dedicated to providing the highest quality of health care and to meeting the daily challenges of designing and delivering comprehensive and accessible health services to Westford residents.

The department and board remain grateful to the other town departments, local businesses, volunteers, area professionals, school department and school nurses, and hospitals for their help and support throughout the year.

In addition to the above permits and inspections, Environmental Services spends considerable additional time reviewing and providing comments to other Town departments, boards, and committees, the majority of which are for the Planning & Zoning Boards. These *Requests For Comment* (RFC's) typically involve commercial and/or residential subdivisions, site-plans, special permit applications, hazardous materials storage, and the like.

This year's reviews included a proposed asphalt manufacturing facility (Groton Road), Boch Honda West (Littleton Road), the Cameron Senior Center Expansion, Cornerstone Square-Remand, Fielding Estates (revision), Graceful Way (Plain Road), Graniteville Woods (revision), Kimball Farms (expansion), Laughton Farms, and the Town Hall (renovation and expansion, see photo top of next page) to name just a few.

Through our Food Program, seven new food establishments licensed in 2009. They are; Corporate Chefs Lucent (at 1 Robbins Road), The Goddard School (Concord Road), Elaine's Gourmet Pretzels, Anne Cronin's Gluten Free products, Plimouth Lollipop, Roudenbush Adult Day Care and an additional permit for Fiesta Shows at Nashoba Valley Ski Area. Five businesses closed in 2009; they were Sweet Peas, Village Breakfast, Kolava Market, Café Goa and Fran's Franks and Things. Another successful Farmers' Market on the Common season saw twenty-five food vendors permitted and inspected. During the course of the year agents from the Board of Health responded to fourteen food-related complaints across Town.

Also in 2009, Environmental Services was again able to offer a Certified Food Protection Managers' Class (at cost, photo above right) for local businesses, clubs, non-profits and other organizations. Taught by staff Food Inspector Arnie Price, thirty two people participated.

As required by the MA Department of Public Health (DPH), all public/semi-public pools and bathing beaches require annual inspections conducted by the Board. The bathing beaches themselves must be tested for water quality (E coli only) on a weekly basis between Memorial Day and Labor Day. The Westford Health Department did not have to close any beaches this beach season due to unacceptable bacteriological levels. Beaches that are closed by the Board of Health remain closed and posted as such until testing shows a lack of contamination. Weekly testing results are posted on-line on BOH's website under "Beach Results".

This year the DPH's State Laboratory did not allow the collection and testing of dead birds; however, Westford still continues to monitor for the presence of West Nile Virus (WNV) and Eastern Equine Encephalitis Virus (EEE) through efforts of the Central Massachusetts Mosquito

Control Program (CMMCP) of which Westford is a member. Through CMMCP'S mosquito trapping/testing, it was confirmed in early August that WNV was present in the active mosquito population between Plain and Lowell Roads and as a precaution, Westford elected to spray mosquito adulticide in those areas (shown in red, on previous page). Even though there were no positive transmissions to humans in MA this year, WNV and EEE is expected to exist in the mosquito population at any given time and as always, to reduce the risk of becoming infected, residents are urged to wear protective clothing, use insect repellent, and minimize outdoor exposure during the hours around dawn and dusk, this in addition to reducing mosquito breeding habitat around your home by eliminating stagnant or standing water-laden containers that can hold water for more than a few days.

ANIMAL HEALTH INSPECTOR

Animal Health Inspectors are responsible for the Issuance of Quarantines for animal bites, the submission of suspected rabid or diseased animals to Massachusetts Dept. of Public Health for testing, and Barn Inspections.

In 2009 Animal Inspectors completed:

- 24 Barn Inspections to ensure all animals were properly inoculated, given adequate housing, care and nutrition.
- 64 Quarantines issued for animals involved in either bites on humans or animals with wounds of unknown origin, in order to prevent the spread of rabies.
- 12 animals sent to the State Rabies lab for testing.
- 10 complaints regarding water fowl and health issues.

Michael E. Harrington
Chief Animal Health Inspector

Meg Mizzoni
Tim Whitcomb
Assistant Animal Health Inspectors

In addition, Animal Health Inspectors hosted the annual Rabies Vaccination Clinic and assisted the Town Clerk's office in the licensing of dogs at the Rabies Clinic.

HIGHWAY DEPARTMENT

The Highway Department from January 1, 2009 through November 1, 2009 performed the following work.

Richard J. Barrett Jr.
Superintendent of Streets

Town Roads

Regular maintenance and repair of town roads consisted of cleaning and repairing of catch basins and manholes, the cutting of brush on the sides of the roadways, repair of guardrails, patching and sweeping of roads and municipal parking lots. The Highway Department also grades all town gravel roads, installs berms and curbing, cuts and clears trees from roadways during and after storms.

This year 9,300 tons of bituminous concrete was used for repair and maintenance of town roads.

Roads Resurfaced

The following streets were resurfaced with bituminous concrete or treated stone and asphalt.

Vose Road	Roberts Road
Jefferson Road	Greenwood Road
Portion of Concord Road	Forge Village Road
Patten Road	Portion of Tenney Road
Grove Street	Knoll Road
Portion of Edwards Ave.	

Drainage Town Roads

Patten Road	1 Catch Basin, 60' of 12" Pipe
Oak Hill Road	1 Catch Basin, 20' of 12" Pipe
Oak Hill Road	120' of 18" Pipe
Cold Spring Road	80' of 12" Leach Pipe

In addition to the above drainage the department replaced or installed 20 new catch basins.

Snow and Ice Removal

The Town of Westford Highway Department, in the interest of public safety and the convenience to motorists, cleared the snow and ice from approximately 175 miles of roadway. In this process the town used 3,820 tons of road salt, 700 tons of sand and 5,000 gallons of a liquid anti-icing product.

Following are the dates the Highway Department was called out to treat or plow the Town roads:

January 5	Freezing Rain	Salt/Sand
January 7	3" Snow/Ice	Salt/Sand/Plow
January 8	Snow Showers	Salt/Sand
January 10	7" Snow	Salt/Sand/Plow
January 18	9" Snow	Salt/Sand/Plow
January 19	5" Snow	Salt/Sand/Plow
January 28	6" Snow/Ice/Rain	Salt/Sand/Plow
February 3	3" Snow	Salt/Sand/Plow
February 18	2.5" Snow/Sleet/Rain	Salt/Sand
February 20	2" Snow/Rain	Salt/Sand
February 22, 23	3" Snow/Rain	Salt/Sand/Plow
March 1	Light Snow	Salt/Sand
March 2, 3	10" Wet Snow	Salt/Sand/Plow
March 9	4" Wet Snow	Salt/Sand/Plow

Highway Department

Brush Debris from December 2008 Ice Storm

From March 28, 2009 until May 9, 2009 the Highway Department along with Northern Tree worked diligently to remove curbside debris from the December ice storm. During this operation a total of 435 truck loads totaling 23,263 cubic yards of debris were removed from the town right-of-ways. The Highway Department personnel also manned a weekend debris dump during the same period and processed 881 vehicle loads of debris. This was a large undertaking by the department and we are proud to say a very successful one.

We must remember that this is New England and that we should all be prepared for whatever Mother Nature dishes out to us. I would also like to thank all of the residents for their patience and cooperation in assisting us with these events.

I wish to express my sincere thanks to the Board of Selectmen and Town Manager for their full cooperation and to all members of the Highway Department.

2009 cleanup from the December 2008 ice storm

2009 Brush Dump at the Highway Garage

HISTORICAL COMMISSION

The Westford Historical Commission meets on the third Wednesday of the month, 7 PM at 4 Boston Road. Additional meeting dates, meeting minutes and other information can be found on our website at www.westfordma.gov/historical. In addition to the officers listed here members also include, Jim Zegowitz, Brad Heath, Jack Mangan, and alternates Jane Hinckley and Phil Gilbert.

Stacey M. Perron

John Cunniffe
Vice Chair
Sally Benedict
Treasurer
Robert Stafford
Secretary
Brad Heath
Jack Mangan

Demolition Delay Bylaw

During 2009, the Historical Commission reviewed only two demolition applications which fit the criteria of the Demolition Delay Bylaw. This is a decrease from the nine applications reviewed in 2008. Extensive renovations had been done in these properties, removing any architecturally historical significance, resulting in approval for demolition.

In 2006, the Historical Commission voted to invoke the Demolition Delay Bylaw in response to a Demolition Application for a house at 76 Lowell Road. The property owner worked with the Historical Commission and Zoning Board of Appeals to extend the demolition delay by one year, in the hope of saving the property. This year the property owner came to the Commission with the desire to finalize all permits in order to demolish the house. As this property owner was able to show that all requirements made in the agreement with the ZBA had been met, the Demolition Application was signed. The house and grounds have been extensively photographed for documentation.

Community Preservation Projects

The Historical Commission supported the following applications for funding by the Community Preservation Committee:

- Restoration projects at Sargent School- restoration and painting of wood clapboards, and roof replacement
- Restoration of original Greek windows in the Mary Atwood Room of the Library
- Continued restoration and archiving of Town records
- Restoration of headstones located in Westford cemeteries which are listed on the National Register of Historic Places
- The renovation/expansion of Town Hall and the Cameron Senior Center. The Historical Commission has worked closely with the Permanent Town Building Committee to insure that the architectural and historical significance of both of these buildings is respected as these projects are undertaken.

Town Wide Archaeological Survey

One of the Historical Commission's goals for this year was to begin the archeological survey for which CPC funding was approved in 2007. In July of this year the Public Archaeology Laboratory, Inc. (PAL) was chosen to perform this survey. This project will be completed in four phases over the course of a year or more, with PAL working closely with the Westford Historical Commission and the Massachusetts Historical Commission. The result will be a summary of all of PAL's research, an outline of management recommendations, a list of known archaeological sites and their National Register eligibility, and town wide maps of known site locations and archaeologically sensitive areas.

Museum and Cottage Maintenance

In May, the body of the Museum was painted by Mike Moran Painting. Research verified that the color of the building when first built as the original Westford Academy was a shade of green. Many different colors were found as clapboards were prepped, and the color chosen is as close as possible to the original. A piece of decorative molding on the front of the building was found to be rotten, and was replaced with a piece which was hand crafted by Dan Lacroix, President of the Westford Historical Society. The Commission would like to thank him for his time and talent.

In September, Moran Painting returned to paint the cupola of the Museum. The oil tank in the Museum is slated to be replaced in December by Air Solutions.

Goals for 2010

The Historical Commission will continue its five year plan for capital improvements of the Museum building and the building we call the "Cottage".

The Commission met several times this year to work on our Preservation Plan, but have not completed the document. We are considering consulting with a preservation planner in the coming year for more direction.

We will install signage for the remainder of the designated Scenic Roads and Historic Districts, and will begin replacement of worn signs.

MUSEUM & HISTORICAL SOCIETY

Website: www.westford.com/museum

Email: museum@westford.com

The Westford Historical Society (WHS) is committed to stimulating interest in the history of the Westford community by collecting, preserving and sharing our unique cultural heritage. To achieve this purpose it supports research and encourages the preservation of historical documents, photographs, relics and sites, offers exhibits, and provides educational and cultural programs. Board meetings are held on the 4th Wednesday of each month at 7:15 p.m. in the Museum Cottage.

Visitors

The Museum is located at 2 Boston Road in the original Westford Academy building. The Museum office (located in the cottage at 4 Boston Road) is usually open Monday, Wednesday and Friday 9 a.m. to 1 p.m.

In 2009, the museum hosted a total of over 1900 visitors for folk concerts (319), meetings & events (789), 3rd grade tours (455) and regular museum visits (356). In addition, about 50 researchers came by the office and museum for various purposes, many of whom were motivated by the Westford Knight.

Visitors enjoyed the Westford Whale through the spring of 2009 and then a railroad exhibit, which opened the day of the Apple Blossom Parade in April. The Middlesex County Model Railroad Club filled the first level of the museum with their traveling model trains for almost two months. This dovetailed nicely with the 2nd annual student photo contest, which featured railroads in Westford. A handworks exhibit is on display through the winter.

Two interns worked at the museum during 2009: Carly Hallion, a 2009 Westford Academy graduate, and Nora Newhard, a 2005 WA graduate, who is now in a master's program at Clark University. Both have made valuable contributions to collections management, research and general operations.

Public Events

- Spinners from far and wide came to enjoy the annual St. Distaff's Day celebration in January. The Westford Area Spinners continue to meet informally at the museum twice monthly.
- Carrie Midura provided a two-part antique clothing assessment for members of the community.
- The February book discussion, led by Ellen Harde, brought old house appreciators to the museum to examine *New Old Houses of Westford*.
- Graham Phillips, a Princeton graduate, gave a captivating multimedia presentation about his experiences with the US Army in Baghdad to an audience of many new faces.
- Tom Macy and Pat Bridgman returned for a sold-out evening presentation featuring the letters of John and Abigail Adams.

Executive Board Members:

Dan Lacroix
President

Robert Oliphant
Vice President

Robert Shaw
Treasurer

Elizabeth Elliott
Secretary

Penny Lacroix
Museum Director

Members at Large:

Bill Barnett
Jim Bogue
Jim Clark
Doug Cook
Gail Connolly
Erin Dubinski
Geoff Hall
Mike Harde
Patti Mason
Beth Shaw
Bob Shaw
Newell Tillman

- The Westford Minutemen held an open house at the museum in March, and just in time for Patriot's Day, WHS President and Colonel of the Westford Minutemen, Dan Lacroix, enlightened attendees with information from his research on *Westford in the Revolution*. He reprised the talk for a group of Westford Newcomers in November.
- David Brody's *Cabal of the Westford Knight* book signing and presentation brought a huge Sunday afternoon crowd to the museum; his book will be used for the February 2010 book discussion.
- The third annual Holiday Event and Serenaders' concert was held in December.
- Nine Folk Concerts were held at the Museum.

Projects and Activities

Technology has played a bigger role than ever this year at the WHS. The face of the Museum is featured on its own Facebook page and "tweets" on Twitter. Four additional *Museum Musings* community access television shows were produced since last year. An e-newsletter was initiated, and membership and contact information are now being securely managed online.

Projects completed this year include transcription of several of the Atwood diaries, inventorying and organizing the collection of school books, editing and re-publishing *New Old Houses of Westford*, and sorting and organizing piles of Westford Town Reports. A cemetery cataloging project is underway by a local Eagle Scout candidate, Jesse Crane, in cooperation with the WHS and several town departments. Jesse's project focuses on deceased veterans, but the catalog has the potential to expand to all people buried in Westford. In addition, a project is underway to index Westford's vital records to make them more searchable and accessible for researchers.

The WHS continues to enjoy the mutual benefits of association with Westford Academy. The WA Museum Club efforts at the WA Bazaar in December brought a pleasing holiday boost to store sales. The students also helped with various projects at the museum and did a fantastic job as 3rd grade tour guides. Other cooperation with WA includes the Westford History Research prizes, which the WHS offers to Academy students each year, and support to the Westford History classes at the school. This fall, both sections of the class visited the museum for a behind-the-scenes tour and introduction to WHS resources.

A significant acquisition this year was the Westford 2008 quilt, made by the Nashoba Quilters, which was donated to the museum by the group. After being exhibited in the museum, the long term plan for the quilt is to hang in the Town Hall once renovations have been completed.

The WHS was the beneficiary of two grants this past year. A *Caring for Collections* bookshelf was awarded by the IMLS, and we were awarded a mini-grant from the Greater Lowell Community Foundation to help control humidity and climate in the basement of the museum.

In the Museum Shop, local books and books by Westford authors, Westford pottery, and children's hats and bonnets continue to be the biggest sellers. The variety of Westford-related goods brings people to the shop for graduation gifts, good-bye remembrances and personal interest.

Despite broad outreach through the media, varied programs and the worldwide web, membership for 2008-2009 was down by 30 people from the previous year. In an effort to bring back some past members and introduce new ones, a bulk mailing was sent out to two of the villages in town this fall.

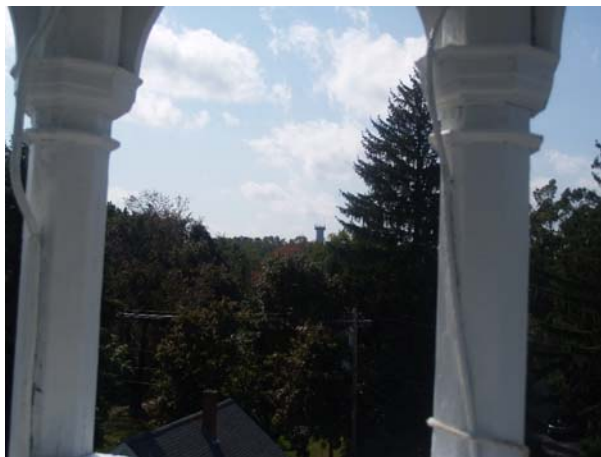

Volunteers

The museum building and cottage are being well-tended both from within the WHS and by the town. The town arranged for the exterior of the museum and the cupola to be painted. Research into the early color of the building led to choosing California Paints' "Sycamore Stand" for the clapboards. Several members and friends spent a morning in September sprucing up the landscaping around the cottage and museum.

As always, volunteers are critical to the smooth and efficient operations of the Westford Historical Society and Museum. Planning and executing events, caring for and exhibiting collections, accessioning new acquisitions, and researching and assisting with inquiries are only a few of the multitude of tasks that could not be accomplished without a faithful crew of willing and active participants.

The PCA and the steeple of the First Parish Church United taken from the cupola of the Museum atop the Museum building.

The water tower on Prospect Hill as seen from the Museum cupola

HOUSING AUTHORITY

The Westford Housing Authority (WHA), established in 1971, is the local body responsible for the expenditure of State and Federal housing grants. The Authority currently owns and manages 73 units of housing for the elderly and disabled, six units of family rental housing and eight units of housing for people with special needs. In addition to the public housing inventory, the Authority also owns three condo units at the Brookside Mill Condominium Complex. These homes are rented to moderate-income tenants. The WHA's housing programs are subsidized and regulated by the Commonwealth and receive no funding through Westford's annual budget.

Christine Pude
Executive Director

Phyllis Koulouras
Carol Engel
Muriel Drake
Carl Lyman
Scott Hazelton

A Board of Commissioners, four of whom are elected by the town for five-year terms and one who is appointed by the Governor, set policy and oversee the Authority's operations. The Executive Director and her staff carry out the day-to-day activities. Board members meet monthly on the second Thursday of the month at 7pm, alternating locations between senior developments located at 65 Tadmuck Road and 7 Cross Street.

In the May town election Muriel Drake was re-elected to a new five-year term that will expire in 2014.

In April 2009, the Village at Mystery Spring supportive living development for seniors opened its doors to 36 new residents. The opening of this building was the culmination of over nine years of effort by the Housing Authority in conjunction with Elder Services of the Merrimack Valley to bring this project to fruition. The WHA acts as the property manager for this federally-funded program, working closely with the Chelmsford Housing Authority, the management agent. At the end of 2009 there are over twenty-five seniors on the waiting list for this building.

In October of 2009 the Housing Authority concluded its first year as the one-stop affordable housing resource for the Town of Westford. By serving as staff to the Affordable Housing Committee and the Affordable Housing Trust Fund, the Authority has been able to coordinate and oversee all aspects of the affordable housing program in Westford. This allows townspeople to call only one agency to get answers to their questions regarding the purchase, re-sale or construction of affordable units. Residents may contact the Housing Authority by phone or at westfordhousing@westfordma.gov. At the end of 2009, the Authority was working with Common Ground Development Corporation on the expansion of family housing at the Stony Brook complex. In addition, a proposal to build five to ten affordable rental units for veterans returning home from service to our country was also being explored.

HUMAN RESOURCES DEPARTMENT

Personnel Advisory Committee

Elizabeth Michaud
Sue Flint
Jerry Berkowitz

The Human Resources web page can be found at
www.westfordma.gov under Town Departments.

Pamela H. Tebbetts
Director of Human Resources
Bettianne Steffero
Benefits Coordinator
Debbie Fleming
Administrative Assistant

In 2009, the Human Resources Department successfully went out to bid for all of the town and schools health and voluntary insurances. This process resulted in obtaining:

- 5.5% health insurance renewal from the potential rate cap of 9% resulting in a calendar year savings of \$214,000. Trend is currently at 14% (the rate of medical inflation including prescription drugs).
- 0% premium increase for the voluntary dental insurance – second year of a two-year rate guarantee.
- Continued rate hold for voluntary Life, Short Term & Long Term Disability.
- 10% premium reduction for the \$10,000 life insurance.

The Human Resources Department works closely with all departments, employees and retirees and ensures compliance with state, federal and local personnel laws and regulations. Some of the areas that the HR Office is responsible for include: ADA compliance; workers compensation reporting for town & schools; retirement in conjunction with the Middlesex Retirement System & PEREC; maintenance of retiree database for town and schools; retiree mailings for town and schools; flexible & premium spending accounts; Family Medical Leave Act leaves; accruals; Human Resource Information System; administration of the Employment Pay and Classification Plan; plan administration and going out to bid for all insurances for town and schools; credible coverage notices and general notices for town and school; surveys; open enrollment for Town and schools; self-pay and COBRA payments; audit bills; authorize and submitting payments to the Accounting Department; turn over checks to the Treasurer for town and schools; administration of long term disability, short term disability and life insurance plans; administration of police & fire accident insurance (111F); Medicare Part “D” reporting for town and schools, monthly benefit audits of withholdings; and maintaining all permanent personnel records.

Communication is always a priority. The Town and School Human Resource Departments work closely on a daily basis. Internal technological initiatives are continually being looked at and the department is always looking for ways to improve efficiency and effectiveness in all areas.

J. V. FLETCHER LIBRARY

This Library Report is dedicated to Catherine Carroll, Head of Technical Services, who retired in November 2009 after thirty-seven years of dedicated public service to the Westford community.

The J. V. Fletcher Library experienced its busiest year ever, setting a record for material circulation, inter-library loans and meeting room reservations while offering new programs and services on reduced staffing. On average 870 patrons a day visited the library for its 311-day service year. Over 606,000

Ellen Rainville, Library
Director

patrons logged onto the library's busy website: www.westfordlibrary.org. While other area libraries were forced to reduce hours and services in light of the financial recession, the Fletcher Library has so far managed to retain seven-day service despite unfilled staff retirements and implement new efficiencies and technologies to increase programs and services.

Initiatives, Technologies and Collections:

In response to patron requests, the library installed a *Fax24 Public Fax* machine for use via credit or debit card in the Reference Area. The new website (unveiled October 17, 2008) continued to be embellished and enhanced by staff; a *Translate* link was created so patrons could translate the library website from English into other languages. All ten public computers were installed with Chinese characters to facilitate searching by our Chinese demographic. The Merrimack Valley Library Consortium (MVLC) made a final upgrade to the network automated system, and voted (with two other Massachusetts networks) to proceed with a tri-network grant initiative to investigate and create a customized-cost-saving, open source library system. Thanks are extended here to Chris McClure, IT Director, who oversaw the migration of the library public computers to VDI (Virtual Desktop Interface) technology in a pilot program to realize the cost-efficiencies and savings of this new technology.

In a push to provide increased remote, 24-7 access to the library and its collections, the database offerings of the library swelled to include the following new resources: *Ancient and Medieval World*, *Contemporary Criticism Select*, *Food and Nutrition*, *Global Road Warrior*, *Great American Authors*, *Great World Writers*, *International Wildlife*, *Literary Resource Center*, *Magill's Medical Guide*, *Mango Languages*, *Musicians and Composers of the 20th Century*, *Popular Contemporary Authors*, *Salem Health Cancer*, *Salem Press History*, *Sharpe U.S. History and Culture*.

Programs:

Youth Services experienced a year of breakneck pace in serving the youth of Westford. Children's book circulation experienced an 8% increase over last year, outpacing the average for other collections (which increased only 6.22%). Storytimes saw attendance swell to record-breaking numbers and toddlers filled the newly-renovated play area, made possible by last year's Friends' Annual Appeal donations. 'Tweens and 'Teens met for *Manga* events, Young Adult Advisory board meetings and signed up for the new "*Fletcher Shutter Bugs: a Teen Photo Club*." Eighteen hundred Westford youngsters and youths signed up for the Children's and Young Adult Summer Reading Programs which offered summer months jam-packed with twenty-two events featuring exotic animals, The Museum of Science's Traveling Star Lab, Wii Gaming Tournaments, Chocolate Bingo, and much more. The Youth Services Division extends a special thank you to Westford's school library teachers who coordinated our school outreach visits (27 presentations in all) to promote "*Reading is a Blast*" and "*Teen Survivor Outback: Going on a Readabout*." Thanks are due here to Assistant Director India Nolen, who added the title of Head of Youth Services to her responsibilities, and to all the Youth Services staff who maintained such creativity, flexibility and energy during a busy, under-staffed year.

The library continued its full panoply of *Storytimes*, *Pajama Times*, *Book Worms*, *Wiggle Words*, *Monkey Business*, *Baby Lap Time*, *Book Bunch*, *Mother Goose Times*, *Library Book Discussion Group*, *Internet Classes*, and unveiling of the Summer Reading Program theme via participation in the Apple Blossom Parade. (Adult readers and parents joined the “Centsible Summer” Reading Program). The *Link to Literacy ESL Program* was re-vitalized under volunteer coordinator Elizabeth Elliott. Additionally, the library opened its doors monthly to the Senior Book Discussion Group (displaced during the addition/renovation of the Cameron Senior Center) and in July initiated the weekly *Westford Job Seekers Network*.

This new library-based weekly service was launched Wednesday, July 8, 2009 in response to rising unemployment numbers within the community — Westford unemployment increased from 4.5% in September 2008 to 8.6% (or 1,016 individual job losses) in September 2009. Initiated and organized to assist those who had experienced job loss or were anticipating a career change, *Westford Job Seekers Network* provided guest speakers, experts in the job search process and career development, effective job search techniques, and resources to assist attendees in job or career transition. The initial meeting attracted 30 people of diverse work backgrounds and age, and attendance and participation swelled from that meeting forward. From July 8 through December 16 over 1,888 attendees partook of this new service — several crediting the networking group for landing a new job — and benefitted from weekly program topics such as:

- *Faced with losing your job or already unemployed?*
- *Avoid more unpleasant surprises at tax time*
- *Making a Good First Impression/Nailing the Job Interview*
- *Down and Dirty Resumes*

Kudos go to *Westford Job Seekers Network* volunteers Barbara Yates, Emmanuelle (Emma) Lacrosaz-Rouanet, and Wendy Gloyd, as well as Library Liaison Dina Kanabar (Systems Librarian and Head of Technical Services) who organized, oversaw and energized this critical new (and on-going) public service on essentially no budget.

Gift- and Grant-Funded Initiatives:

The library thanks here those generous donors who gave memorial gifts to the J. V. Fletcher Library *Memorial Book and Gift Account* to purchase titles in memory or celebration of loved ones: most notably, those made in honor of the late Friends’ Treasurer and Book Sale coordinator Janiece Greenberg, who died unexpectedly on August 24. Janiece had volunteered her services to the Friends of the J. V. Fletcher Library, Inc. from 1992 until relocating out of Westford over a decade later. Her many contributions and her presence are missed by all.

Again the library was awarded \$600 under the Northeast Massachusetts Regional Library System (NMRLS) Supplementary Deposit Grant to enhance the ever-popular Large Print collection. The library thanks the Community Preservation Committee for supporting Community Preservation Act (CPA) funding to preserve the Mary Atwood Hall Greek Revival Windows in FY10. Kristina Leedberg, Head of Reference and Information Services, oversaw the Center for Excellence Grant funded through the *Lifelong Access Libraries and Atlantic Philanthropies Grant* administered through NMRLS; programs offered in addition to the monthly Senior Book Discussion group included:

- *Struggling with the Juggling: Learning to Cope as a Member of the Sandwich Generation* (Elder Services of the Merrimack Valley)
- *How to Get Rid of Anything on the Internet Utilizing Ebay, Craigslist, and Freecycle* (Cliff McGann)
- *Reinventing Retirement and Retiring? What to Do With the Rest of Your Life* (both by Roberta Taylor)

- “Downsizing without the Drama” (Two sessions by professional organizer, Maxine Gautier)

Restored ceiling of the Mary Atwood Lecture Hall

Thanks go to the Westford Garden Club for not only funding the library’s Tower Hill Museum Pass but for graciously beautifying the library’s front entry with decorative filled urns throughout the year. Thanks are due also to the 234 donors to the Friends’ *2008 Annual Appeal* which raised funds for Phase IV of the *Library Improvement Project* — the renovation, refurbishment and restoration of the Mary Atwood Lecture Hall on the library’s third floor. This April-May renovation was completed just in time to provide a weekly meeting site for the *Westford Job Seekers Network*. Residents may thank the Friends of the J. V. Fletcher Library, Inc. as well for the fall 2009 “*Stock the Stacks*” *Annual Appeal* campaign conducted to offset book funds frozen by, and returned to, the Town.

Administrative and Fiscal News:

Again in 2009, the Friends of the J. V. Fletcher Library Inc. supported the materials budget with a \$23,000 gift, and one-half of the library’s MVLC annual membership was paid with State Aid to Public Libraries funds. The Library administration re-organized staff and positions, and

centralized and automated on-line ordering and materials acquisitions in order to create efficiencies in light of unfilled position vacancies. At the end of FY09, the library department returned over \$75,000 in frozen funds to the Town and met the Town Manager’s target for reduced funding in FY10, while retaining State certification, maintaining service hours and increasing programs and collections.

Professional Development, Personnel and Volunteers:

Library staff remained active or pursued professional development in local, regional, network, and state professional organizations. The Library Director was recruited for numerous network and Town committees and task forces — working on the Pandemic Policy for the new H1N1 virus was a hallmark of the year. The Board of Library Trustees is here thanked for their underwriting of professional memberships and conference attendance for multiple staff.

Special note must be made here of the multiple staff members who added duties and responsibilities to their positions to absorb two full-time vacancies created by retirements in FY08, followed by a third retirement in FY09: India Nolen, Assistant Director added Head of Youth Services to her position, while Dina Kanabar, System/Automation Manager added Head of Technical Services upon the retirement of Catherine Carroll, former Head of Technical Services. Holly Sheridan-Pritchard, Head of Circulation, absorbed all Library Page supervision, while Kristina Leedberg, Head of Reference and Information Services added numerous administrative and publicity responsibilities. Acquisitions and Cataloging staff are especially thanked for their hard work in light of Ms. Carroll’s retirement. All management and union staff are here thanked for their flexibility, creativity, initiative and increased responsibility as the library absorbed positions to be better poised for an uncertain fiscal future. Additionally, our numerous wonderful volunteers of all ages are thanked for performing critical tasks without which the library could not function.

Catherine Carroll, Head of Technical Services, retired this November 2009 after thirty-seven years of dedicated public service to the Westford community. Cathy’s work ethic was

remarkable — over several decades of service she did not take a single sick day, such was her commitment to our patrons. Whether she was waiting upon the public at a service desk, or cataloguing behind the scenes shoulder-to-shoulder with her staff — Cathy's unwavering priority was to provide excellent customer service.

Space and Facility Goal:

While the library's public spaces, and the patrons who frequent them, have benefitted enormously from the four-phase *Library Improvement Project*, the Library Trustees and administration continue to identify facility inadequacies that have begun to constrain collections and genres, impact technological offerings, limit programs, and result in diminished public library outreach and service to the community. While completely aware of the current fiscal climate, the Board of Library Trustees and library administration have begun touring other public libraries and planning for 21st century library services in a facility designed for those services. This initiative and vision continues in the hope of competitively poising Westford for the Commonwealth's next *Public Library Construction Grant* round.

Library Staffing 2009:

Director — Ellen D. Rainville

Asst. Director/Head of Adult Services and Youth Services — India Nolen

Senior Librarians:

Head of Circulation — Holly Sheridan-Pritchard

Automation/Systems Manager — Dina Kanabar *also Head of Technical Services as of 11/2/09*

Head of Reference & Information Services — Kristina Leedberg

Head of Technical Services — Catherine Carroll (**retired 11/2/09**)

Staff Librarians:

Branch Manager (Bookmobile) — Maureen Barry

ILL/Serials Librarian — Sarah Regan

Young Adult Specialist/Asst. Youth Services — Kira McGann; Judy Heron

Local History/Genealogist — Virginia Moore

Library Associates:

Cataloger/Classifier — Alla Brovina

Fine Arts/AV Librarian/Acquisitions/Fund Accounting — Carol McCahon

Juvenile Reference/Program Assistants — Ellen Apicco; Jacki Dibble; Seana Rabbito

Data Entry & Statistics/Patron Registration — Pat Matheson

Circulation and Reader's Advisory — Jean Butler; Judy Madsen, Paula

McWilliams; Leigh Nallen; Deborah Santoro; Seana Rabbito

Library Technicians:

Order and Acquisition Receiving — Karen Welz

Inter-Library Loan Support — Mary Bowser

Bookmobile, Periodical and Inter-Library Loan Support — Amy Spadano

Maintenance Worker I — Dennis Mulligan

Maintenance Worker II — Evelyn Desharnais; Carole Climo

Records Supervisor/Administrative Analyst — Zoe Daniel (*temporary Diane Collias from Dec. 7*)

TRUSTEES OF THE J.V. FLETCHER LIBRARY

The J. V. Fletcher Library Board of Trustees is an elected six-member board empowered by Commonwealth law to set policy and oversee administration of the library. The trustees are elected annually in pairs and serve overlapping three-year terms. Marianne Fleckner and Susan Flint were reelected in the May 2009 town election.

Progress Towards Trustee Goal

The Board of Library Trustees' goal for FY09 was to further the J. V. Fletcher Library building expansion project and poise the Town of Westford to be prepared to apply under the next Massachusetts Board of Library Commissioners public library construction grant round.

Bob Price <i>Chair</i>
Marianne Fleckner <i>Secretary</i>
Hajo Koester <i>Treasurer</i>
Elizabeth (Buffie) Diercks Susan Flint Jack Wrobel

In support of that goal, the following objectives and activities were set forth:

- Create a scheduling spreadsheet for accomplishment of goal activities.
- Work with the Permanent Town Building Committee on a feasibility study and expansion alternatives.
- Work with the Foundation Committee of the Friends of the J. V. Fletcher Library, Inc. on funding plans.
- Tour newly renovated and built public libraries by April 2009.
- Meet with the following town boards and officials prior to May 2009 Annual Town Meeting:
 - Board of Library Commissioners Public Library Construction Consultant,
 - Town Engineer,
 - Conservation Coordinator and Conservation Commission,
 - Capital Needs Committee (to include Town Manager, Finance Director, Board of Selectmen representative, Finance Committee representative),
- Direct management staff to prepare a building advocacy packet by June 2009.
- Secure funding for a library building consultant and feasibility study at a future Annual Town Meeting.

The enthusiasm for working on this ambitious goal continued to be dampened by the financial uncertainty of the town, the state, and the country. The trustees realized that while the reasons for the building expansion program were still valid — space is needed for new collections, technology, additional meeting rooms, more appropriate office and storage locations, and a larger parking area — the time was just not ripe to proceed with such a program.

Nevertheless, the trustees ultimately agreed that developing plans for the library building expansion should continue so that plans will be in hand when the economic situation improves. This trustee goal will therefore carry forward into the coming years.

The sequence of expansion goals was created and the trustees did meet with the Permanent Town Building Committee at the April 28th meeting. The committee recommended looking into the current excess capacity of the Abbot wastewater treatment plant and the suitability of the municipal land behind the library for parking.

The trustees did visit a number of libraries in the region that have recently expanded their facilities. The libraries visited included Acton and Lexington on July 31st, Northborough and Harvard on August 15th, and Dracut and Methuen on September 26th. The trustees were often impressed with the quality of library facilities made available to the public at these libraries,

but as often disappointed in the manner in which the new building was attached to the old. Additional libraries will be visited in the coming year.

The trustees obtained permission of the Board of Selectmen on October 19th to conduct a wetlands survey of the 2.52-acre parcel of town-owned land directly behind (i.e. north of) the existing library parking lot to see if it would be suitable for additional parking for residents using the library and other facilities around the common.

In response to the expressed desire of the new town manager to meet members of town boards and committees, the trustees invited Jodi Ross to attend the April 6th meeting. The occasion provided an opportunity to discuss issues of mutual interest.

Since the library building expansion program has been delayed, the trustees decided to proceed with the overdue repair work at the rear entrance. On November 5th, the joint boards (Board of Selectmen and Finance Committee) approved the capital funds necessary to restore the rear entrance to the library. This project will include replacing the double doors and the concrete pad and rebuilding the portico that shelters the entryway. The trustees look forward to having a safe, dry, and attractive entrance once again and thank the joint boards for their support.

Library Trust Funds Activity

The Mary Atwood Hall was the beneficiary of this year's Friends' annual appeal drive. With the support of the Friends and the library trust funds, the room was refurbished to something like its original beauty. The trustees would like to thank the library director for her role in coordinating this tasteful restoration.

Approximately \$1000 of trust fund money was spent on new lighting for the Reference and Children's areas, books, and upholstery.

Trust fund money was also used to purchase three museum passes and to cover most of the cost of the annual staff and volunteer recognition brunch. (The Friends of the J.V. Fletcher Library, Inc. funded the other museum passes and paid for the remaining brunch expenses.)

As permitted by library policy, the trustees funded membership of the staff and the trustees in various professional organizations and funded their attendance at a number of regional conferences, workshops, and symposia.

Library Policies

The trustees typically work with the director during the year to keep the library's operating policies compatible with the current facility, the latest technologies, and the best practices of library operation. This year, the threat of the swine flu pandemic spurred the creation and speedy approval of the Proactive Pandemic Policy. (This policy served as the basis for the town policy adopted by the Board of Health.)

Professional Development and Activities

At least one trustee attended each of the following events sponsored by our state library support organizations this year:

- The Northeast Massachusetts Regional Library System (NMRLS) Legislative Breakfast with state and local government officials (including State Representative Mark Falzone, Chair, Library Legislative Caucus) on March 6th at the Beverly Public Library.
- The Massachusetts Board of Library Commissioners (MBLC)/Massachusetts Library Trustee Association (MLTA) Annual Trustee Symposium on March 7th in

- Boxborough featuring presentations on *Library Trust Funds* and *Library Foundations*.
- The Massachusetts Library Association and Massachusetts School Library Association sponsored Library Legislative Day on April 2nd at the State House. The offices of State Senator Steve Pangiatakis and State Representatives Jim Arciero and Mark Falzone were visited among others.
- The MBLC workshop on March 28th at the Sargent Memorial Library: *The Annual Fund Raising Appeal*.
- The MBLC workshop on April 4th at the Sargent Memorial Library: *Capital Campaign Fund-Raising*.
- The Massachusetts Friends Of Libraries (MFOL)/MLTA Annual Joint Conference on November 14th at the Worcester Public Library: *Your Library: Key to Economic Recovery*.

Recognition

The trustees would once again like to thank the library staff for sustaining their high level of quality service to the community. The staff was down by two full-time librarians going into this year and the ranks were further diminished by a late-year retirement and by several lengthy absences due to the flu. The trustees would like to commend the library director and her staff for covering these losses: the staff for being flexible in the extra hours they were willing to work and the director for ingenuity in juggling their schedules.

The trustees would like to acknowledge with gratitude those skilled volunteers who work largely out of sight of the public performing critical tasks that keep the library functioning. The average 32 hours per week these volunteers worked in the library in 2009 were equivalent to 85% of a full-time paid staff member. These dedicated volunteers were honored at the annual recognition brunch on November 16th sponsored jointly by the trustees and the Friends.

Friends of the Library

The trustees want to congratulate the Friends of the J.V. Fletcher Library, Inc. for their very successful annual fund raising effort to raise money for the library improvement project. The Friends also provided funds that helped the library maintain the level of spending on books and other materials required by the MBLC to retain library certification.

The trustees would like to praise the Friends for another successful membership drive and an outstanding book sale program. The Friends typically host four book sales throughout the year, providing a treat for our book lovers while generating revenue to support the library.

The Friends continued to fund the purchase of new DVDs and the latest bestsellers for their popular rental programs. They also purchased the majority of the museum passes and funded the summer reading programs, the various holiday programs, and the juvenile, teen, and adult programs.

The trustees also wish to congratulate the Friends for approving at their annual meeting the bylaw changes necessary to establish a library foundation. The trustees believe this foundation will play a crucial role in sustaining the library in the future.

The trustees renamed the Friends Room near the rear entrance of the library the Janiece Greenberg Room in honor of this dedicated volunteer whose work on behalf of the Friends and the library was so much appreciated. Janiece's untimely death shocked the library community. Several of the trustees were able to attend the memorial service for Janiece at the First Parish Church on September 12th.

Trustees of the J.V. Fletcher Library

Note

The library trustees generally meet at 7:00 PM at the library on the first Monday of the month throughout the year. These meetings are, of course, open to the public and residents are always welcome to attend and comment. An updated meeting schedule is maintained at the library website: www.westfordlibrary.org. The trustees may be reached through this website and all library policies are available there for public viewing.

MOSQUITO CONTROL

The Central Massachusetts Mosquito Control Project (CMMCP) currently provides its services to 38 cities and towns throughout Middlesex and Worcester Counties.

Timothy Deschamps
Executive Director

Timothy E. McGlinchy
Director of Operations

The Project's headquarters is located at 111 Otis St., Northborough, MA. Project personnel are available to meet with any town board or resident to discuss the Project's procedures and activities. Our phone number is (508) 393-3055.

CMMCP practices Integrated Mosquito Management (IMM), blending state of the art methods and techniques with expertise, experience, and scientific research to provide our member communities with modern, environmentally sound, cost effective mosquito control. IMM encourages the use of non-chemical means to accomplish the goal of mosquito reduction.

The Mosquito Awareness program which we offer to elementary schools in our district is very popular. Project staff meets with students and teachers to discuss mosquito biology, mosquito habitat, and control procedures. Much of the presentation is directed towards what the children and their families can do to prevent mosquitoes from breeding around their homes. Slides, videos, handouts, and coloring books help to make this an interesting program.

As part of our effort to reduce the need for pesticides, our first line of control is our ditch maintenance program. By cleaning clogged and overgrown waterways, mosquito breeding can be reduced, drainage areas are returned to historical conditions, and water quality is improved. Source reduction, the elimination or reduction of a mosquito breeding source (i.e. water-holding containers), is practiced by alerting residents and business owners about potential mosquito producing sites they have created. They are informed about basic mosquito biology, and the need to eliminate these man-made breeding sources. A new program for CMMCP is a source reduction program, i.e. tire recycling. Used tire casings are a preferred habitat for several species of human-biting mosquitoes, species that also carry disease. CMMCP has implemented a program to be offered in several variants to remove these habitats from the environment.

Bacterial larval control with Bti (*Bacillus thuringiensis*) is used to treat areas where mosquito larvae are found and source reduction or wetland restoration is not feasible. We have an extensive database of known breeding sites, and we encourage the public to notify us of any areas they suspect could breed mosquitoes. Our field crews will investigate all requests and treat the area only if pre-determined thresholds of mosquito larvae are exceeded. Bti is a naturally occurring product, and is exclusive to mosquito larvae, preserving other aquatic organisms in their habitat.

Our goal is to handle all mosquito problems with wetlands restoration, source reduction or larval control, but we recognize that there are times when adult mosquito spraying is the only viable solution. In such cases residential areas are treated with either hand-held or pick-up truck mounted sprayers. Applications are site-specific and are determined by weather, type of area and mosquito population levels. These applications are initiated **only by request** of town residents. A phone notification system has been installed to announce potential spray areas for member cities and towns on their scheduled evening, and this information is listed on our website.

The project's surveillance program monitors adult mosquito and larval population density, and is the backbone for prescribing various control techniques. We have expanded the adult collection program to monitor for West Nile Virus in our service area. Specialized traps are used as a mobile force for viral monitoring, and are placed in member towns on a weekly basis for routine sampling. If a WNV or EEE hot spot is identified, surveillance is intensified to sample mosquitoes in that area and these collections are sent in to the Mass. Dept. of Public Health for virus testing.

Mosquito Control

We are now running a research and efficacy department which checks for efficacy of our products and techniques, and to research in new or different areas of mosquito control. GIS has been added to our operations to allow better data collection and analysis.

The Project has a website at **www.cmmcp.org** which has extensive information on our program, products we use, and mosquito control procedures. Requests for service can be made through the website, as well as pesticide exclusions.

NORTHERN MIDDLESEX COUNCIL OF GOVERNMENTS

The Northern Middlesex Council of Governments (NMCOG) was established in 1963 under state law and is one of thirteen (13) regional planning agencies in the Commonwealth. NMCOG serves nine communities: Billerica, Chelmsford, Dracut, Dunstable, Lowell, Pepperell, Tewksbury, Tyngsborough and Westford. The Council provides professional technical assistance in the areas of transportation, economic development, land use, community development, permitting, smart growth, housing, historic preservation, open space and conservation, geographic information systems (GIS), pre-disaster mitigation and emergency response, and environmental protection. The Council's governing body is comprised of a chief elected official (Selectman or City Councilor), Planning Board member and an alternate from each member community.

James Silva, Alternate Councilor,
Chairman of NMCOG
Robert Jefferies, Councilor, Westford
Board of Selectmen
Fred Palmer, Councilor, Westford
Planning Board

The agency brings a regional and interregional perspective to all areas of planning and resource management by fostering cooperative efforts between municipalities, and encouraging collaboration between the public and private sectors. NMCOG also promotes the interests of the local communities at the state and federal level by acting as a liaison between the municipalities and other levels of government.

The Council maintains a staff of professional planners and technicians to assist in developing and implementing its policies. The Council meets monthly (usually the third Wednesday of each month) at 40 Church Street, Lowell. All meetings are open to the public. The agency's website is at www.nmcog.org and contains useful regional information. Each NMCOG member community pays an equal per capita assessment, which is used to provide the local match for various State and Federal grant funding programs. The Council's FY 2010 budget included \$72732.49 in local assessments, of which \$5,389.48 represented Westford's share.

NMCOG devotes a large share of its resources to transportation issues. Over the past year, the Council worked with the town of Westford, State Representative Arciero and State Senator Panagiotakos to secure American Recovery and Reinvestment Act (ARRA) funding for traffic improvements along Route 110 near Route 225. NMCOG staff also continued to assist the Town in advancing the design plans for Phase II of the Bruce Freeman Bike Path, and in the design of future traffic improvements along Route 110 from Minot's Corner to Nixon Road.

NMCOG undertakes an annual traffic counting program, collecting over one hundred counts at various locations throughout the region. Many of these counts are conducted within the Town of Westford. The count data is incorporated into a traffic count book and map that is distributed to local officials. Traffic count data is also available on the Council's web site.

The Council continues to provide assistance to the Lowell Regional Transit Authority (LRTA) in the following areas: obtaining Federal capital and operating assistance, marketing programs to improve ridership and revenue, statistical monitoring and analyses, and planning evaluation of the LRTA's route structure and scheduling. Transportation services are available to Westford seniors through the Westford Senior Center, and recently, the LRTA began providing fixed route bus service along Route 110, from the Chelmsford town line to the Littleton IBM facility.

The Council, in cooperation with the U.S. Economic Development Administration (EDA), completed the 2008 Update of the Comprehensive Economic Development Strategy (CEDS) for the Greater Lowell Region. The document provides a blueprint for addressing the economic development problems in the region by striving to achieve a balance between the

implementation of economic development initiatives and maintaining the quality of life for area residents and businesses. The Council is in the process of preparing a new five-year CEDS document, and will soon file an application with EDA to form an Economic Development District. NMCOG's non-profit corporation arm, known as the Northern Middlesex Economic Development District (NMEDD), continues to attempt to attract private and non-profit funds for economic development and housing initiatives.

NMCOG is working with Westford, and other communities throughout the region, on an initiative to possibly regionalize certain municipal services. This project is funded by the Massachusetts Department of Housing and Community Development (DHCD), using funds made available by the legislature under the District Local Technical Assistance (DLTA) Program. This year's DLTA projects include a feasibility study to investigate forming a regional 911 dispatch center, establishment of a regional procurement program, the sharing of specialized DPW equipment, sharing of specialized information technology capacity on a regional basis, and shared property assessment services.

The Council finished its task of assisting the creation of the economic development chapter of Westford's new Comprehensive Master Plan (CMP). The CMP was overwhelmingly approved by Annual Town Meeting in May.

When it was in doubt, the agency was instrumental in obtaining FEMA funds to assist Westford after the ice storm of December 2008. The long cleanup stretched well into 2009.

Recently, NMCOG established a contract with Westford to update its five-year Housing Production Plan. Approval and certification of the Housing Production Plan by DHCD will allow the town to have greater local control over the 40B development process.

In regards to personnel, NMCOG added two new staff positions to better serve the region: a transportation manager and an economic development/housing expert. Additionally, Jim Silva was re-elected by the Council to a third term as the Chairman. Bob Jefferies and Fred Palmer remained on in 2009 as Westford representatives.

PARKERVILLE SCHOOLHOUSE COMMITTEE

A highlight of the Parkerville Schoolhouse Committee's accomplishments this year was the conservation of its 46-star flag, made possible through a grant received from the Westford Education Foundation. This flag, valid from 1908-1911, enhances the history lesson for the "Old School Days" program offered to all of the Westford's third-graders and classes from area towns. Another major task was the refinishing of the schoolhouse floors. Nestled among stonewalled pastures and country farmhouses, the Parkerville Schoolhouse is a major attraction of this village's historic district. Check out our website at www.Parkervilleschoolhouse.org

Under the auspices of the Friends of the Parkerville Schoolhouse, Inc., a town-wide mailing was conducted in October. The Board of Directors is appreciative of the continuing financial support from the townspeople. Although the town owns and insures the building, all projects at the schoolhouse are done at no cost to the town. In the spring, 20 local third-grade classes participated in the "Old School Days" field trip to the schoolhouse. Several classes from Acton and Hudson, MA, were also in attendance. Jane Jurgeleit, June Kennedy, Dolly Michaelides, Bonnie Oliphant and Melva-Jean Shepherd served as schoolmarms. The latchstring is out for the 2010 classes. An Open House for townspeople in November also served as a reunion for those students who attended Parkerville Schoolhouse before its closing in 1929.

Many meetings and parties were held during the year. Volunteers have made seasonal decorations for the windows and offered help for cleaning. Chris DiCesare gave student community service to the Board of Directors and Cub Scout Den 4 from Pack 99 has provided window decorations. Charles and Susan Cusson and H. Jay Spadano stepped down from the Parkerville Schoolhouse Committee at year's end. The Friends welcomed Charles Kennedy and Bob and Bonnie Oliphant to the Friends' Board of Directors this year.

There are tables and chairs to accommodate 50 people. The rent is reasonable. Townspeople are invited to call Heidi Hatke at 978-392-6827 to reserve the building.

The combined meetings of the Parkerville Schoolhouse Committee and Friends are normally held at the schoolhouse on the second Tuesday of the month at 7:00 pm. If you plan to attend a meeting, call June Kennedy at 978-692-8924.

PARKS AND RECREATION COMMISSION

The Parks and Recreation Commission acts as a policy-setting committee for the Parks, Recreation and Cemetery Department. The commission oversees short- and long-range planning for recreational facilities and site acquisition, as well as the development and maintenance of existing recreational facilities. The seven members of the commission are appointed by the Town Manager. The Commission meets the first week of each month. The Cemetery Commission, a separate commission, acts as the policy-setting committee for the cemetery operation.

Kevin “Kacy” Caviston
Chair

Carolyn Metcalf
Vice-chair

Colleen Barisano
Gus Bickford

John McNamara

The Parks, Recreation and Cemetery Department is responsible for recreation programming, parks and grounds maintenance, and cemetery maintenance and operations. Department Staff: Patricia Savage, Director, Sandra Habe, Assistant Director, Debra Barry, Office Administrator, Danielle LeBlanc, Senior Assistant, Kristin Kinglocke, WPC Curriculum & Program Coordinator, Lois Valleau, Staff. The following staff is shared positions with Highway Department, Jonathan Revis, Parks/Grounds Operations Supervisor, Robert Upperman, Parks/Grounds Crew Leader, Richard Nawoichik, Cemetery Supervisor, Brian Auger, Lloyd Leach, Glen McCarthy, and Brian Shipley, Heavy Equipment Operators. The administrative office is located at 35 Town Farm Road. Website www.westfordma.gov/rec and www.westfordrec.com

PARKS AND GROUNDS

Parks and Grounds maintain parks and recreation areas as well as other town properties. Major electrical repairs were completed at VFW/Forge ball fields with the re-lamping of all poles and updating of wiring. Electrical repairs were also made to the Town Common and various irrigation systems. The back field area at Jack Walsh was closed for the summer for repair work and over seeding. The field filled in nicely and was ready for the fall sports season. There was an increase in requests for use of Jack Walsh soccer fields this past spring and fall. The front field area will undergo repairs and over seeding next summer. The crew worked on the Ronan McElligott Memorial Playground by unloading and spreading the rubber mulch. The crew also mulched some of the areas outside the fencing.

As time and labor permitted, the crew has helped the Conservation Commission with mowing at Pond St, placement and removal of docks at East Boston Camps, and mowing of the grassy area at the main camp. The crew helped the Historical Commission at the Museum and Cottage property.

Ronan McElligott Memorial Playground

This fall saw the construction of the Ronan McElligott Memorial Playground located at Edwards Beach. The project to construct a barrier free playground *where all children can play* began in 2007 by Steve and Stephanie McElligott to honor their 5 month old son Ronan who passed away from Leigh’s disease. A grand opening dedication and celebration took place November 14 with the recognition of the McElligott’s and the playground committee by Town Manager Jodi Ross and Representative James Arciero. Representative Arciero read and presented the McElligott’s with a proclamation from the State House. www.westford.com/ronansplayground

Parks and Recreation Commission

Eagle Scout Projects

The Commission congratulates and appreciates the leadership of Jeff Dugas, Billy Stone, Dan Vegeto, and Connor Wyke for each of their projects completed toward attainment of the rank of Eagle Scout. The projects add to the amenities or improvements to the properties. Under the leadership of Jeff Dugas, six picnic tables and anchors were constructed for Edwards Beach. Billy Stone, with family and fellow troop members, completed painting of the St Onge Playground, cleaning the rock carved with Whitney Playground, construction of a kiosk sign, and repairs to all the benches at the Whitney Playground. Jack Walsh storage and concession building repairs and painting occurred under the leadership of Dan Vegeto. Dan was also able to revamp and construct a storage box that sits outside the building. Connor Wyke's leadership skills and construction know-how resulted in the construction of two hexagonal picnic tables with attached benches for Greystone Park. One of the tables was designed to accommodate a person in a wheel chair.

Bruce Freeman Rail Trail

The Parks and Recreation Commission is grateful for Emily Teller's work and dedication on the realization of the Bruce Freeman Rail Trail. Emily is the Westford Director and Secretary for the all-volunteer Friends of Bruce Freeman Rail Trail. Emily's work on the rail trail as well as other conservation concerns was recognized by the Westford Conservation Trust by awarding her the Conservation Trustee Award for 2009. The Westford portion of Phase I of the rail trail was completed in August.

RECREATION PROGRAMS

The Town established a Recreation Enterprise Fund to begin in fiscal year 2009. The Enterprise Fund gives the town the flexibility to account separately for services for which a fee is charged. The Recreation Enterprise Fund successfully reached its financial goals in this first year of a three-year commitment.

The department offers a variety of programs and program opportunities throughout the year. From adult volleyball, Red Sox tickets, summer outdoor adventure, kids club, archery, to tiny tots soccer and tee ball, the department strives to meet the leisure and recreation needs of the Westford community. A brochure is mailed twice per year, fall/winter and spring/summer to all residents. Below are some of the program highlights.

The Recreation WA Crew Club and associated crew programs highlight the program offerings for the past year. The Crew Club completed its first competitive regatta season this fall by participating in ten regattas. The club gathered some valuable experience and ended with a State Championship in the Boys Novice 4 Division with finishes of first, third, fourth, and seventh. The Girls had finishes of fifth and tenth in the Girls Novice 4 Division. The club practices at Forge Pond under Coach Ken Gifford. Rowing activities continue indoors with the use of erg or indoor rowing machines. A parent fundraising group was organized under the Westford Friends of Recreation 501 c 3 nonprofit charitable organization.

The tennis program under Coach Donna Holmes had a successful summer USTA Junior Tennis Team (JTT) season. The teams competed against area USTA JTT. The Westford 14 and under JTT made it to the finals of the USTA JTT Eastern Mass. Districts losing to Ipswich Country Club. The Second Annual Tennis Tournament was held with singles play with Alexander Bonanno placing first, Drew Stein finishing second, Julie Larson placing third, and Greg Price winning the consolation round robin.

Westford Partnership for Children After School Enrichment program operates in all six elementary schools and for middle school participants at Stony Brook Middle School. The Middle School program added Institutes this fall. The Institutes focus on a specific area of

interest such as advertising, robotics, master chef, and American Red Cross babysitting certification. The traditional program is offered as well and includes homework assistance, organization and study skills, hiking, outdoor fun, computer activities, arts and crafts, and table and board games. A late bus at 5PM has been added.

The WPC Elementary School program made changes to the scheduled time blocks in response to the desire for more time for the second block activities. Activities offered include homework, computer activities, Tae Kwon Do, reading, writing, board games, no-bake cooking, sports and games, bead art, art, and funology. Special Events are held on planned no-school days and are opened to WPC participants as well as non-participants.

WESTFORD COMMUNITY FIELDS

Fundraising organizers have stepped it up this year and have held several events to raise funds for construction of two new synthetic turf fields at recreation property off Nutting Road and synthetic turf field at Westford Academy Alumni Stadium field. Site Plan review has been completed for the Nutting Road fields. Donations for the field can be made to the Westford Friends of Recreation Community Field Project P.O. Box 2011 Westford, MA 01886

TOWN FARM

The department administrative office has been located at 35 Town Farm since September 2007. Making use of available space and developing additional revenue sources, several programs are offered at Town Farm. Taoist Tai Chi is a popular program with new and ongoing classes. Indoor rowing on the erg machines continues to attract the rower as well as individuals looking for a new fitness activity. American Red Cross Cardio-Pulmonary Resuscitation (CPR) and First Aid with classes are taught throughout the year for new staff and the general public.

CONSERVATION COMMISSION AND PARKS AND RECREATION COMMISSION EBC SCHEDULING AGREEMENT

The Conservation Commission and Parks and Recreation Commission have an established history of working together to best utilize the staff, staff expertise, and resources associated with each commission. Edwards Beach is one example. The property is under the ownership of the Conservation Commission but is managed by Parks and Recreation. The Conservation Commission approached the Parks and Recreation Commission regarding the scheduling of the “camp rental” area of the East Boston Camps Property. An agreement has been signed to have Parks and Recreation manage the scheduling and collection of fees on behalf of the Conservation Commission. Charges and fees have been established for use of various buildings by the Conservation Commission. It is anticipated that building repairs will be completed for rentals to begin again in spring 2010.

PERMANENT SCHOOL BUILDING COMMITTEE

In 2006 the contractor was declared in default on the Stony Brook Middle School project, and outside counsel was retained by the town to pursue the committee's claim against the bonding company for its failure to complete the project. Suit was filed in Norfolk Superior Court to recover the costs of the work which should have been completed by the contractor and/or the bonding company. The suit has progressed slowly, with request for documents from both parties.

The pending litigation is the only work remaining to be completed by the Permanent School Building Committee, which began its work in 1988.

PERMANENT TOWN BUILDING COMMITTEE

The Permanent Town Building Committee (PTBC) spent another busy year in 2009 focused on the renovation and addition to two of the Town of Westford's historic buildings, the Cameron Senior Center and the Town Hall. Voters at the Annual Town Meeting in May approved spending approximately \$7.7M to complete the construction of both projects. Both projects were bid in 2009 and the successful bidder on both was L.D. Russo Construction of Harvard, MA. Construction of the Senior Center project began in June and Town Hall construction began in November. The PTBC also completed the selection process for an Owner's Project Manager, which will represent both the committee and the Town in the oversight of both projects. The committee selected Heery International of Burlington, MA for these services. Finally, the committee also assisted the J.V. Fletcher Library in the renovation of the rear entrance to their building.

Cameron Senior Center

The PTBC and chosen architect, Graham/Meus Architects, were able to complete the design of the Senior Center Addition and Renovation early in 2009. The project involves the construction of a 8,000 sq. ft. addition, plus the complete renovation of the existing building. The Conservation Commission and Planning Board as well as many other town boards extensively reviewed the design. The project received its final permit, Site Plan Approval, prior to the Annual Town Meeting in May. On March 13, 2009, eighteen bids were received for the construction of the project. The low bidder was L.D. Russo of Harvard, MA who submitted a bid price of **\$3,307,539.00**. At the Annual Town Meeting on May 9, 2009, voters approved Article 16, which appropriated \$4M for the construction of the Senior Center Addition and Renovation Project. The project is also eligible to receive \$330,000 in Community Preservation Act funds which will be used towards replacement of the doors and windows in the existing building, and installation of a fire protection system. The PTBC, Council on Aging, and many other town officials and invited guests attended a Ground Breaking Ceremony on June 11, 2009 to kick off construction of this project. The Senior Center is temporarily located on the ground floor of the United Methodist Church at 10 Church Street in Graniteville and continues to provide services to the community during the construction of its new facility.

Construction to date has progressed on schedule. The majority of the site work, including construction of the new parking lot, septic system, stormwater collection system, and relocation of the ballfield has been completed. Construction of the three story addition has also proceeded on schedule. The concrete foundation, building walls and roof have all been completed. Interior demolition of walls in the existing building has also been completed and framing for the new walls and partitions has begun. Completion of the project is scheduled for June 2010.

Progress of new addition to Senior Center

Town Hall

The Town Hall has been closed since December, 2007 due to concerns with the structural support system for the building. In 2009, the PTBC and chosen architect, Kang Associates, completed the final design of the addition and renovation to the building. The project includes a 3,100 sq. ft. two story addition to the rear of the building and a 1,100 s.f. archive center to the west (between the police station and Town Hall). The design includes a complete renovation of the existing building to incorporate construction of new offices for all departments which previously resided in the building. The project will also include a new handicap accessible entrance with elevator and a large meeting room. Finally, due to concerns raised during the Site Plan Approval process, the Planning Board required that an additional fifteen parking spaces be constructed to the west of the fire station.

Voters at the Annual Town Meeting on May 9, 2009 approved Article 17, which appropriated \$3.7M for the construction of the Town Hall Addition and Renovation Project. The project is also eligible to receive \$2,325,000 in Community Preservation Act funds as the project is preserving a historic

Architect's rendering of new Town Hall addition

building and providing archival storage of records. Thirteen bids for the project were received on September 24, 2009. The low bid of \$2,705,510.00 was submitted by L.D. Russo, who was recently awarded the Senior Center construction contract. Since construction began in early November, 2009, the entire interior of the building has been completely gutted and the existing structural support system has been reinforced with new wooden beams. The new parking lot addition has been completed and work on the new building addition foundation has begun. The contractor expects to complete the addition foundation by the end of the 2009 and complete the entire project by September 2010.

Meetings

Our meetings are generally held every other Wednesday at 6:30 p.m. at the Millennium Building. Information about our committee and our meetings can be found on our webpage at www.westfordma.gov.

PLANNING BOARD

Planning Board Membership

The Planning Board consists of five members. Planning Board members are elected and serve 5-year terms. Terms are staggered with one board member seat being up for election in 2010.

At the May 5, 2009 Annual Town Election, current Board member Michael Green was re-elected to a 5-year term.

Defined by Massachusetts General Law, the Board has two functions: to establish planning goals and to prepare plans to implement those goals, which take the form of the town's zoning bylaws; and to administer the Subdivision Control Law which establishes the process for development of new roads and new housing. A developer's proposed plans are carefully scrutinized for roadway design, drainage, soil conditions and a host of details related to proper sighting. The Board is also designated as the permitting authority for various site plan submittals under the local Zoning By-Laws (Ch. 173).

The Planning Board typically meets on the first and third Monday of each month at the Millennium Building. Meetings are open to the public.

Staff

The Planning Department's current staff reflects the active role the Department plays within the community.

Norman Khumalo, Assistant Town Manager, Land Use Director

Ross Altobelli, Planner

Victoria Johnson, Administrative Assistant

Planning staff acts as professional advisors to the community and its leaders. Staff members organize and attend meetings, provide technical assistance, offer professional opinions, and guide residents, developers and businesses through the town's various permitting processes. Staff members also offer technical advice and expertise to several boards, committees, and town departments including the Planning Board, Zoning Board of Appeals, Affordable Housing Committee, and other committees as needed. The Planning Department is not a permit granting authority. Its function during the permitting process is to integrate laws, regulations and plans with the town's goals to ensure that the best interests of the town and its residents are served.

The Planning Board is pleased to present this account of the significant events and activities of the Board for 2009.

SP (OPEN SPACE RESIDENTIAL DEVELOPMENT)	1	0	0	1
PRELIMINARY SUBDIVISION	1	0	0	0
TOTALS	25	2	0	8

Highlights of the year include:

Comprehensive Master Plan

After a three year planning effort the Town voted to accept the Westford Comprehensive Master Plan Report Summary at the May 9-2009 Annual Town Meeting.

Cornerstone Square - Boston Road / Littleton Road

Based upon a stipulation of remand dated November 3, 2008, entered into between the Planning Board and applicant, on March 2, 2009 the application resubmitted a request to construct a "Lifestyle Center" of new, mixed retail, personal services, office space, restaurants and related infrastructure.

On June 22, 2009, the Board voted by a vote of four (4) in favor and one (1) opposed to approve the Site Plan and Planned Commercial Development (PCD) and Major Commercial Project (MCP) Special Permits associated with the 238,411 square feet development.

Aldrich Farms Open Space Residential Development – Chamberlain Road

On April 6, 2009, the Board voted by a vote to approve the Open Space Residential Development (OSRD). The development is located on both sides of Chamberlain Road south of Main Street and north of Buckboard Drive and consists of twelve building lots, two Open Space Parcels and one parcel for the existing riding ring.

Cameron Senior Center – Pleasant Street

On April 21, 2009, the Planning Board voted to approve the Site Plan involving the construction of a 9,000 square foot addition to the Cameron Senior Center and associated site improvements. The proposed two-story addition is located on the rear side of the existing building creating a new total gross floor area of 23,000 square feet for Senior Center. Additional improvements included expanding the parking lot, upgrading the septic system and minor modifications to the entranceway drives in order to improve circulation and access to the building.

Boch Honda West – Littleton Road

On September 8, 2009 the Planning Board voted to approve the Site Plan and Special Permits associated with the construction of a new car dealership. During the public hearing particular attention was paid towards the architecture of the new building and material being used to ensure the building incorporated the Towns unique style. Also detailed review of the lighting being proposed for the site was carefully analyzed.

Westford Town Hall – Main Street

On September 21, 2009, the Planning Board approve the Site Plan application for the renovation and construction of a 3,700 square foot, two-story, addition to the Westford Town Hall. Additional improvements included expanding the parking for Town hall.

The Board continues to promote the use of the alternatives to standard subdivision development through the use of its open space bylaw and flexible development bylaw. These bylaws offer the Town the opportunity to guide development so as to create subdivisions with increased open space, affordable and over 55 housing and reduced impact on Town services through better site planning.

The Board would like to thank all of the review Departments, Commissions and Boards for their valued input into projects. The Board would particularly like to thank Norman Khumalo for his service and dedication over the last 7 years as Director of Land Use Management and Assistant Town Manager. We wish him well in his new position in Hopkinton.

POLICE DEPARTMENT

The primary purpose of the Westford Police Department is to provide a high level of safety, security and service for all members of the community. As a regulatory agency of local government, the police department has the direct responsibility for the preservation of the public peace, for the reduction of the opportunity to commit crime, and for the effective delivery of a wide variety of police services. A large suburban society free from crime and disorder remains an unachieved ideal. Nevertheless, consistent with the values of a free society, it is the primary objective of the Westford Police Department to as closely as possible approach that ideal.

Thomas M. McEnaney
Chief of Police

Walter R. Shea
Deputy Chief

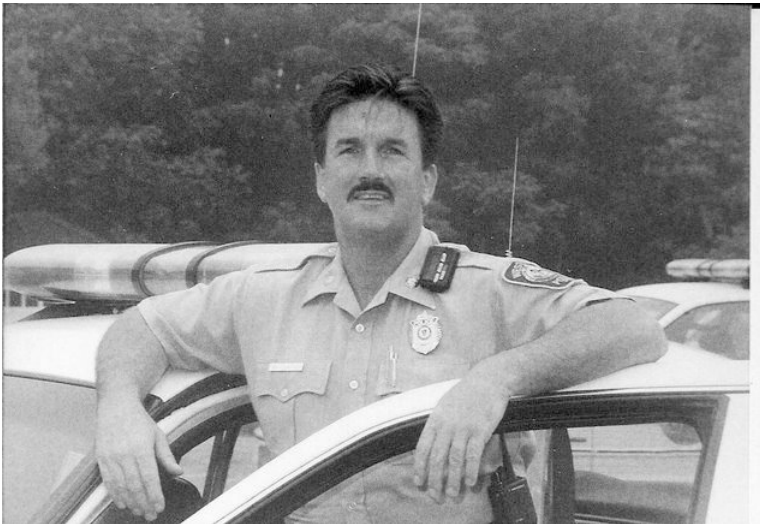

Joseph J. Roy
Captain

Victor Neal
Captain

The value statement of the Westford Police Department:

- Maintenance of the highest standards of integrity and ethics;
- Excellence and teamwork in the performance of duty;
- Protection of Constitutional Rights;
- Problem solving for continuous improvement;
- Continuous planning for the future; and
- Performing public service and law enforcement tasks so as to provide leadership to the police profession.

2009 was a year marked with sadness for the Westford Police Department and for the Town of Westford. On May 15, 2009 William F. (Billy) Duggan passed away. Billy was born and raised in Westford and he was a graduate of Westford Academy where he excelled in several sports. Billy joined the Westford Police Department in 1975 and he remained with the department until his passing where he worked as a dispatcher, police officer, and detective. Billy's humor, his love for the job, and his friendship will be sorely missed within the department and throughout the Town of Westford.

William F. (Billy) Duggan

Project Lifesaver Update

In 2008 the Westford Police Department, the Westford Council on Aging, and several Westford residents began work on Project Lifesaver. Project Lifesaver uses state-of-the-art technology in assisting those who care for victims of Alzheimer's disease and other related mental dysfunction disorders. These victims include the elderly and the youngest in our community who are afflicted with Down syndrome and autism. A wrist-watch-sized device worn by the person who has become lost transmits a guidance signal to a receiver monitored by the Police Department. The police are then able to narrow the search pattern based on the transmitted signal. The average time in finding a person fitted with this device is 30 minutes or less from the time police first arrive on the scene. Twelve police officers have completed training in Project Lifesaver tracking. Currently there are four clients enrolled in the Police Department's Project Lifesaver Program and it is expected client enrollment will increase. At this time the Westford Police Department is the only police department in Middlesex County to provide this service. For more information about Project Lifesaver please visit www.projectlifesaver.org or contact Captain Victor Neal at 978-692-2161.

Community Services Officer

In July of 2009 Chief McEnaney assigned Officer Michael Croteau as the department's Community Services Officer. By committing an officer fulltime to the position of Community Services Officer, contact and communication will be expanded between the police department, town residents, and the business owners of Westford, thus making the police department more responsive to the needs of the community. Officer Croteau's duties include but are not limited to Crime Prevention, Sex Offender tracking, Bank liaison, School Bus safety, Bicycle Safety programs, Child Car Seat installations and Liquor License enforcement.

Traffic Safety

Increased traffic throughout the town has been a consistent trend for many years and it appears that this trend will continue. Residential developments that are currently underway in town as well as the commercial growth in the Rte. 110 area bring more motorists to our roads, especially during Monday through Friday commuter hours. The Westford Police Department is keenly aware of this growing trend and the department has committed two officers on a fulltime basis to focus exclusively on traffic enforcement. The loss of the department's Community Policing Grant has had a direct impact on traffic enforcement within the town. The police department has been creatively trying to do more enforcement with less funding resources. Community involvement such as the Westford Initiatives for Traffic Safety (WITS) is essential to facilitate a free flow of information between the public and the police department in order to effectively enforce not only traffic laws, but all the laws of the Commonwealth.

The Westford Police Department would like to take this opportunity to thank the Board of Selectmen, the Town Manager, the Finance Committee, all department heads, and the residents of Westford who have worked with the police department in these challenging times. The members of the Westford Police Department look forward to continuing this collaboration in order to deliver the highest quality of police services possible to the residents of Westford.

RECORDS & ARCHIVES MANAGEMENT COMMITTEE

It has been an extremely busy year for this Committee. The last of the town records were removed from the Town Hall basement and reorganization of the archives now in temporary storage at Groton Road gathered momentum and continues to progress as we look forward to a new Archives Center adjoining the renovated Town Hall.

Virginia Moore
Chair

Ellen Harde
Jane Hinckley
Sandy Martinez
Robert Oliphant
Kaari Mai Tari

Records Management

- Financial records that were stored in Town Hall basement in various-sized boxes were transferred into uniform sized archival boxes, which will allow for more efficient use of storage space in the new vault space. During the transfer process, it was discovered that many records were being held beyond the required retention date, especially checks and accounts payable documents. The Finance Dept. had received permission to destroy these records, but there was no easy way of accessing them in the basement to accomplish that. Approximately 30 long banker's boxes (60 linear ft) were shredded in that effort. Records and Archives Committee members have volunteered many hours to help with this process. Bob Oliphant in particular has volunteered 6 hours per week for almost every week this year to help in the effort of reorganizing the archives. We have ordered labels to begin cataloging the collection. Our goal is to have all the boxes going to the archives catalogued prior to transfer.
- The Committee coordinated a department-wide shredding day, which resulted in 120 boxes being shredded. Rita Shipley organized the lowest-cost vendor and Andrew McDonough oversaw the activity onsite.
- Committee members attended a meeting of the Town Hall Renovation Committee to discuss the need for an archival vault and additional archival storage space. We have also worked with the architect and the vendor for the collapsible shelving for these spaces.

Preservation

The following preservation efforts were undertaken in the last calendar year:

- **Organization of records.** Financial records that were stored in Town Hall basement in various-sized boxes were transferred into uniform-sized archival boxes, which will allow for more efficient use of storage space in the new vault. We labeled each box and began entering information on the contents of each box into an accession database.
- **Transfer of records from Town Hall.** All permanent records were removed from Town Hall, thanks in large part to the efforts of Town Hall Custodian Andrew McDonough and Highway Dept. crews.
- **Digitization.** Nine reels of microfilm were digitized using Community Preservation funds and are now accessible through the Town's Document Management System (DMS). These records included Selectmen's minutes from 1890 – 1952, vital records (births, deaths & marriages) for various years between 1701 and 1916 and early town records from 1726 – 1815. Thirteen volumes of cemetery records covering various years between 1835 and 1994 that are regularly accessed were microfilmed and scanned as well.
- Sandra DeMagistris has scanned and indexed over 5,700 Planning and Zoning applications and decisions into the DMS and began researching addresses with help from the Assessor's office to scan and index Zoning decisions from the 1950s and '60s that were discovered as the attic of Town Hall was cleaned out.

- **Cleaning/Drying documents.** Town Meeting in 2009 appropriated Community Preservation Funds to clean and dry 380 volumes of archives that were stored in the basement vault.
- **Building plans.** We are grateful to Jo-Ann Mollicur for her assistance with indexing residential building plans to prepare them for scanning and microfilming. These plans were rolled and stored in file cabinets in the basement of Town Hall, marked with a tag identifying each by address.
- **Simmons College Internship.** Lindsay Mazziotto, a student from Simmons College's MLS program, conducted an internship in Westford. She spent 60 hours arranging and describing Civil War era military records in consultation with Virginia Moore and Bob Oliphant. She created a Finding Aid of Civil War era military records, to assist researchers and genealogists. The Finding Aid is available online.

We would like to acknowledge and thank Andrew McDonough, Town Hall Custodian, for his assistance with moving and removing boxes, building shelves and cleaning at Groton Rd and for his tremendous efforts working with the Highway Department crews, making sure that all town documents made it safely out of Town Hall and into secure temporary storage.

RECYCLING COMMISSION

2009 was a challenging year as the town of Westford explored ways to reduce cost. The town's solid waste disposal and recycling programs were spotlighted and seen as opportunities for reform that would mean cost savings for the town.

Recycling Recognized as one Solution to High Cost of Solid Waste Disposal

At Annual Town Meeting in May 2009, Westford's Board of Selectmen proposed a modified "Pay to Throw" program in an attempt to reduce the high cost of incinerating the town's solid waste. The proposal was supported and presented by the Recycling Commission and though it did not pass, the discussion stimulated awareness in town about the high cost of solid waste disposal and the importance of recycling as a less costly solution. Before Town Meeting and since, the Commission has utilized local newspapers, cable television and other means to educate residents about how they can better their recycling habits.

Are you a Recycling Hero?

This year dedicated Westford recyclers became eligible to win a \$50 prize each month by entering the Commission's "Recycling Hero" program. Residents can enter the drawing via www.westfordrecycles.org by answering five questions to determine if they truly take advantage of every opportunity to recycle.

Other Programs

The intent of the Commission is to be ever vigilant and creative to provide new opportunities for people to recycle or reuse materials rather than set them at curbside in their trash barrel.

Initiated in 2009

"Recyclables" Barrel Stickers - Residents who do not have a 64-gallon wheeled "toter" may now use any large container – 50 pounds or less, with or without wheels - and identify it for recycling pickup by adhering a "Recyclables" sticker.

Kitchen Countertop Compost Pails – A perfect partner to the outdoor "Earth Machine" composters distributed for years by the Commission, this odorless counter-top plastic pail will hold up to a week's worth of compostable scraps in the kitchen, reducing the number of trips to the outdoor compost bin.

Ongoing Programs Continued in 2009

- Three Used Electronics Collection Days
- Town-wide Litter Cleanup (TLC) Day
- Table at Water Department Open House
- Fall Brush Chipping
- Fall Document Shredding
- Education Station at Farmers Market on the Common
- More than 1400 64-Gallon Recycling Toters distributed

Looking Forward

Late in 2009 the Commission partnered with town officials to create Requests for Proposal for both waste and recycling collection, as both these town contracts expire in July, 2010. Next year, in addition to working closely with our collectors to kick off a new contract, the Commission will partner with the Board of Selectmen to focus on increasing recyclables from municipal facilities, which currently generate about 10% of the town's waste.

Other Key Information

- Gayle Wells and Abby Foster left the Commission in 2009. Thank you, Gayle, for your passion to involve young people in our work, and Abby, for your many years of editing the Recycling Guide which goes annually to every mailbox in Westford.
- Lorraine Zambre and Charles Stark became new members in 2009.
- Elizabeth Sawyer continued her leave of absence, and her helpful husband Mike continued to manage the WRC website.
- Thanks to Jonnie Walker-Rohs for contributing her wonderful artwork to the "Recycling Hero" program.
- The Commission meets the second Thursday of each month from 7:15 to 9 p.m. at the Roudenbush Community Center – all are welcome.
- Answers to most recycling questions can be found at www.westfordrecycles.org.

ROUDENBUSH COMMUNITY CENTER

www.roudenbush.org

Thirty-four years ago, a group of Westford citizens banded together and created the Roudenbush Community Center to serve the town as "a central location for the delivery of human services." A 1975 Town Meeting voted to have the Selectmen appoint a committee to establish policies and hire staff, and gave the new committee care and custody of the former Roudenbush School. By 1990 the Roudenbush Committee had been given custody of three former school buildings where it was offering programs and services to enrich the lives of Westford residents and the surrounding communities. The money needed to be self-funded was raised through tuition, fees and fund raisers, requiring no operating funds from Town Meeting.

A Year of Change

Over the course of its history, Roudenbush has gone through many transitions. This past year, Roudenbush went through its most major period of transition. In the fall of 2008, Town Counsel advised the Selectmen that the financial agreement written in the 1970s which allowed the non-profit Roudenbush Community Center Associates Inc. and its successor TRCC Inc. to hold the income generated and expended by the Roudenbush Committee, could not continue. In Town Counsel's opinion, the agreement now violated state law. As a result, the care and custody of the three buildings used by Roudenbush - 65 and 73 Main Street and 170 Plain Road - was returned to the Selectmen for oversight and the Roudenbush Committee was dissolved per the Town Meeting vote on May 9, 2009. As of July 1, the Roudenbush director is no longer a town department head which the position has been since Roudenbush was founded. The director's salary is currently paid by TRCC Inc. The Selectmen have voted to issue a Request for Proposals in early 2010 to find an organization to lease the three buildings and continue to run Roudenbush Community Center programs and services.

Department Information

Roudenbush operates childcare centers at its 65 Main Street, Frost School and Old Nab School locations and the School Age Program at Abbot School. In all, Roudenbush offers care and curriculum to over 450 children ranging in ages from infant to 7th grade.

- The Adult Day Social Program, known as "The Club," has been providing homebound elder citizens with a place to socialize and receive group attention in a safe, comfortable environment. Club members enjoy musical concerts, joining the Cameron Senior Center on field trips, and bridging the age gap by inviting our preschoolers to visit. "The Club" offers its services Mondays through Friday at its Tadmuck Road location.
- The Community Education Department has added new programs for adults and children. Art, music, drama and personal enrichment classes for all ages are offered with a discount to Westford residents.
- The Roudenbush gymnastics is a popular and continually growing program. The Gymnastics' Team was invited to the Prep Op State

Roudenbush Community Center

Meet in May 2009 where a team member placed 6th on the balance beam competition. The Team also placed 3rd at the Montachusett Gymnastics Center competition in January, and 3rd in the Hollywood Spectacular competition in December.

Giving Back to the Community

Throughout the year, Roudenbush “Community Care” programs collected food, books, school supplies, and more for Westford families and seniors. A sample of these include:

- Preschool collected over 30 bags of groceries for distribution to the Cameron Senior Center for Thanksgiving dinners. The Frost program also collected over 1000 food items which were donated to the Westford Food Pantry in November.
- The School Age program received a grant from the Kid’s Care Club for \$250. The children put together care packages for the “Support Your Soldier’s Program” and mailed 3 cartons overseas.
- In November, the Frost, Preschool, and School Age programs collected over 240 gifts through a “mitten tree” which provided 26 Westford residents in need each with 8-10 holiday gifts.
- The Roudenbush Scholarship Fund assists families in temporary financial need. The scholarship is funded through profits from the sale of the Roudenbush Map of Westford and other fundraisers. Roudenbush also oversees the Avis Hooper Scholarship, the Patti Mason Music and Art Scholarship Fund, and the Deborah Fridrich Community Education Scholarship.

Grants & Fundraisers 2009

- The American Girl Fashion Show is a popular annual event sponsored by Roudenbush. Many young girls, their parents and grandparents attend this show each spring. Proceeds from the event benefit the Roudenbush Special Projects for Children fund.
- The Auction this year was combined with a casino night for an exciting evening. Proceeds from this event go to the Adult Social Day Program.
- Westford Cultural Grant 2009.
- Eastern Bank of Westford - grant for printing brochures for “The Club”.
- Kid’s Club Grant for Soldiers Program.
- IBM Science, Engineering & Technology Camp grant for middle school children.

NASHOBA VALLEY TECHNICAL HIGH SCHOOL

100 Littleton Road, Westford, MA 01886

(978)692-4711

www.nashobatech.net

Nashoba Valley Technical High School is a regional technical high school established in 1969 to serve students grades 9–12 and also provides post-graduate programs for those between the ages of 18 and 25 years old. Nashoba has earned an impressive reputation for producing community leaders as well as providing community service. With an enrollment of approximately 700 students from seven communities, Nashoba Valley Technical High School offers career preparation in 16 technical programs.

Three 12-Week Trimesters. Eight 45-minute periods set in a block schedule, five days per week. The school schedule alternates one week of academic classes with a week in a career-technical area for grades 9 through 12 and post graduate students.

The Year in Review

For the 2009-2010 school year Nashoba has, as most other districts, had to tighten our belts while still striving to achieve our district goals. Thanks to our ten year plan that began in 1999-2000 we were able to achieve “all” our facility, technology, and instructional goals with total fiscal responsibility. This year all our classrooms are equipped with direct video, clickers, LCD projectors, web casting capability, and smart boards in every room. This enables every teacher to showcase *21st century teaching skills* to all of our students as they prepare them for college and career.

Nashoba Valley Technical High School

We have maintained our focus on being fiscally and environmentally responsible by installing this fall a 100 kw solar voltaic unit on our roof to reduce the cost of our electricity in a green way. Additionally, we installed on our new student-constructed concession stand a solar voltaic unit to provide all heat and electricity. Both these projects were completed at “no cost” to district taxpayers and were fully funded through grants.

Nashoba continues to embrace educational opportunities for our teachers as well by serving as a satellite campus for many local colleges’ graduate programs.

As we enter a time of economic uncertainty I can assure you that at Nashoba Valley Technical High School students will still receive a **technical education of the highest quality** with the most current state-of-the-art equipment.

Vocational-Technical Programs

Auto Collision Repair & Refinishing
Automotive Technology

Health Assisting/Early Education & Care
Machine Tool Technology
Plumbing/Heating
Programming & Web Design
TV Media Production/Theatre Arts

Special Academic Programs

Advanced Placement Honors and College Preparatory courses are available in all core subjects. Foreign language and additional educational courses are offered for all four years for all interested students.

Dual Enrollment

Juniors who are eligible and recommended by teachers/administration may elect to enter the Dual Enrollment Program and take courses in the junior and senior year at a two or four year public college or private institution in Massachusetts or New Hampshire. Upon completion, they receive their high school diploma from Nashoba and one or two years of college credit. Many students in recent years have graduated with an Associates degree from college and their high school diploma at the same time. Also, individual study programs for talented students are directed to their area of excellence. Many of Nashoba’s students are accepted at such distinguished institutions as MIT, Ithaca College, Emerson College, Boston University, and University of Massachusetts, among others.

Student Activities

Nashoba sponsors an extensive program in intra-scholastic sports including varsity teams in ten high school sports with equal opportunities for both male and female students. Other extracurricular activities include Student Council, National Honor Society, Yearbook, Students Against Destructive Decisions, Skills USA, Student Leadership, Peer Mediation, and many special interest clubs. No user fees are imposed on any sport, school-sponsored club or activity.

Continuing & Community Education

More than 700 adult students attended the Continuing Community Education Program in late afternoon and evenings at Nashoba. More information can be found on the NVTTHS website.

Community Service Projects

Nashoba is unique in its approach to community service and its relationship to its district towns. Students are expected to go with their instructors to areas of our district to work on community service projects that have been approved and selected for their benefit to the community and the learning of our students. The students perform necessary work for the district towns. The Community Service Program educates students in a real world setting and allows the towns the benefit of viewing Nashoba students at work and having a major project completed without expending limited town resources for capital improvement.

WESTFORD PUBLIC SCHOOLS

Westford Public Schools enrolled 5,325 students for the 2008-2009 school year. This is the highest enrollment in the history of our school system. Based on the number of births in town over the last five years it appears that our elementary enrollment will begin to stabilize and perhaps decline slightly over the next several years. The quality of our school system continues to attract young families with school age children. At the present time nearly 26% of Westford's population is children of school age. Although the number of births within a community is important to future school enrollment trends, other variables such as economic conditions and the state's affordable housing statute may possibly impact our enrollment. It will continue to be important for the school administration to monitor all enrollment-related variables, particularly large-scale residential developments allowed under the state's affordable housing statute.

Everett V. Olsen, Jr.
Superintendent of Schools

The school system enjoyed another excellent year as measured by student academic performance and accomplishments in co-curricular activities. Our students continue to perform extremely well on the Massachusetts Comprehensive Assessment System (MCAS). In both English Language Arts and Mathematics our students rank in the top 5-10% of all students across the state. It is important to note that our curriculum is not planned to simply address the MCAS test. The curriculum at all levels is designed to be rigorous and stretch students beyond the minimum state competencies. When we consider that our students finish in the top 5-10% of all students, yet our per pupil expenditure is in the bottom 10% of all 350 communities in the state, a student in Westford receives an excellent education at a relatively small per-pupil expenditure.

In increasingly difficult fiscal times I can confidently say that we look for efficiencies whenever and however possible. Over the last fifteen years we have implemented many projects that have reduced our consumption of fuel and energy. We have implemented 18 of the 25 efficiency recommendations from the report of the Commission for Efficient Town Government.

During the 2008-2009 school year, our school staff drafted three final sections of our school system's Strategic Plan, which included Personnel and Professional Development, Student Support Services, and School Management and Leadership. Our Strategic Plan establishes the short- and long-term direction of our school system and its elements are incorporated into the School Improvement Plans and the annual budget request.

Once again the accomplishments of our students and staff continue to bring significant pride to the school system and the greater Westford community. I have included these many and varied accomplishment with this report. The list of awards and accomplishments grows annually and we are so very proud of our students and staff. The support received from the School Committee, Board of Selectmen, Finance Committee, town administration, parents and the entire Westford community is invaluable. A strong partnership and commitment to educational excellence will continue to serve students well and prepare them for a very competitive world they will face in the future.

WESTFORD PUBLIC SCHOOLS

STUDENT AND STAFF ACCOMPLISHMENTS

The accomplishments of our students and staff bring great pride to our school system and the greater Westford Community. These accomplishments are a result of an outstanding staff, excellent students, supportive parents, and a community that values quality education. As Superintendent, I take great pleasure in sharing these outstanding accomplishments with you. Thank you for your support!

STUDENTS

- Day School Destination Imagination team came in first place at the regional competition in the Operation Cooperation Challenge.
- Day School Grade Five Math Club finished in first place in the On-line Math League Grade Five competition. They were the only team out of 83 teams entered to have a perfect score.
- Day School Grade Four Math Club finished in a first place in the On-line Math League Grade Four competition. They were one of five teams, of the 79 teams entered, to have a perfect score, thus finishing in first place.
- Day School Grade Three student Nikhila Hari finished in third place in the Junior Spelling Bee conducted by the North South Foundation in Manchester NH on March 28.
- The Abbot Nature Trail Student Blog and Field Guide Project has been selected to receive a Secretary's Award for Excellence. An award ceremony took place at the State House during Earth Week on 4/24.
- Karthik Ravichandran, a grade 5 Abbot student, competed in the State Competition of the National Geographic Geography Bee.
- Lea Santos, Grade 5 Abbot student, was awarded second place in the 2009 Massachusetts Arbor Day Poster Contest sponsored by the Massachusetts Department of Conservation and Recreation.
- 6th Grade student, Annie Tsai has been selected as a state finalist for the Nationwide Doodle 4 Google contest. Students were asked to draw a Google doodle around the theme "What I Wish for the World" and write a short supporting statement.
- Blanchard students competed in the Massachusetts History Day competition at Clark University in Worcester, placing first and second in the district History Day competition held in March. Ten students qualified for the National History Day competition, which is held each June at the University of Maryland.
- Thirty-three students at Stony Brook School participated in the National Latin Exam for Latin I students and 20 students earned awards.
- Two Blanchard Students were named to the Massachusetts Association of Student Councils State Board, one 7th grader one 8th grader.
- Blanchard School Council was awarded the National Gold Council of Excellence. NGCE is awarded to student councils that demonstrate the highest levels of leadership and activities as illustrated by meeting all "required standards" and a greater number of "additional standards".

Westford Public Schools

- Blanchard School Council received the Honorable Mention/Difference Maker Award.
- Twenty-eight Blanchard students received awards for their scores on the National Latin Exam.
- Students at Blanchard raised over \$7,000 for the Heart Association through the “Hoops for Hearts” program.
- Ninth and tenth grade Geometry students have created and published several books and podcasts using digital media and online technologies.
- With the generous support of the Westford Education Foundation, the *Wired Teachers/Wired Students* project has successfully taken initial steps in creating 21st century learning environments at Westford Academy.
- Chorus student accomplishments for 2009:
 - Eastern District Music Festival Chorus: Ashbin Dowling, Jared Forsyth, and Matthew Higgins
 - Massachusetts All State Festival Chorus: Jared Forsyth
 - Massachusetts Instrumental and Choral Conductors Festival:
 - Westford Academy Concert Choir -Silver Medal
 - Westford Academy Honors Choir-Bronze Medal
- Boston Globe Scholastic Art Award Winners
 - Gold Key, Senior Portfolio: Mike Flannery
 - Gold Key: Derya Akbaba, Alice Chan, and Caitlin O'Hare
 - Silver Key: Olivia Gardner, Carolyn Meurer and Irene Yuan
 - Honorable Mention: Lizzy Britton, Emily Cacciatore, Alice Chan, Zach Richards, and Sarah Yim
 - Art All State: Ellen Haynes and Darien Stankowski
- National Art Honor Society students volunteered their time to teach after school classes to children from the local chapter of Special Olympics.
- 23 students were award recipients for this year's Westford Regional Art Event at the Parish Center for the Arts.
- Westford Academy Theater Arts production of *Angels in America Part II: Perestroika* was named winner at the 2009 MHSDG semi final round and placed top five in the state at the MHSDG State Finals. WATA's production earned the highest rating of *Superior* at the National Performing Arts Festival on Broadway on February 21 in New York City.
- Athletics:
 - 2008 Fall Sports Update
 - Three DCL Champion: Coed Golf, Cheerleading, and for the first time, the Field Hockey Team.
 - There were a number of Lowell *Sun* All Stars.
 - Westford Academy finished fifth in The Boston *Globe* Dalton Award for the 2007-08 year joining such institutions as Acton Boxboro, Lexington, Andover, and Lincoln Sudbury in the class of “elite”.

2008 Fall Sports Update 2008-09 Winter Sports Update

The winter season was a continuation of the success that we enjoyed in the fall season Four DCL Champions: Boys and Girls Basketball, Boys Indoor Track, and Gymnastics.

- Boys basketball went undefeated in the league and finished 19-1.
- Katie Feng won the Girls Division North Diving Championship for the third year in a row.
- Basketball player Peter Lynch reached the 1,000 point career milestone and became the all time leading boys' scorer.
- Many individual and team records were set in the 08-09 winter season in Swimming and Indoor Track.

2109 Spring Sports Update

- Spring teams are in the midst of competing for DCL titles and postseason playoffs and tournaments.

General

- Over 450 students at Westford Academy are participating each season in interscholastic athletics.
- Many students have been chosen for recognition as Lowell *Sun* All Stars, Boston *Globe* and *Herald* All Scholastics
- A number of seniors will be continuing their athletic careers at such colleges as Harvard University, Dartmouth College, University of Connecticut, and Middlebury College as they continue to pursue excellence.

STAFF

- K-5 Science Curriculum Coordinator Carol Shestok became a National Board Certified Teacher in 1998. After undergoing the rigorous process of recertification with the National Board for Professional Teaching Standards she was recertified in 2008 as a National Board Certified Teacher.
- K-5 ELA Curriculum Coordinator Margie Berenson was appointed to the Performance of Elementary and Secondary Education (ESE) Standards Project through the DOE for the 2009-2010 school year.
- Julie Ottesen was named the American String Teachers Association (ASTA) Massachusetts Chapter Director of the Year Award in March.
- Abbot teachers Donna Breen (4th grade) and Lisa Sanderson (Instructional Technology) were awarded Certificate of Excellence by the Massachusetts office of Energy and Environmental Affairs for their Nature Train Blog and Field Guid3

SPECIAL EDUCATION

The Westford Public Schools are fortunate to have exceptionally talented and dedicated special education teachers and support staff who continuously strive to improve their practices in educating diverse learners. All students have the right to be educated in their district schools. To that end, we continue to build new programs to accommodate the individual needs of students. By doing so, we provide educationally appropriate programming and, increase the capacity of our staff to learn new skills and decrease the number of students placed in costly out-of-district private schools. We commend the efforts of principals and their staffs for their support and commitment to developing these programs in their schools.

Diane Pelletier
Director of Pupil Services

Westford Public Schools' special education department supports 548 students with differing abilities or about 10% of the student population. The state average is +16%. Of the 548 students we serve, 24 students are placed in private special education day schools, collaborative classrooms or residential school placements. This number is reduced from last year due to the increase in in-district program development.

Annually, Westford Public Schools special education department receives funding from three Federal grants; P.L. 94-142 (240), Early Education and Care (262) and Program Improvement (274). PL94-142 (240) provided funding for one school psychologist, five occupational therapists, one speech/language pathologist, 3 special needs teachers, 7 teaching assistants, 4 reading resource facilitators and 1 behavior specialist. Monies were also used to provide home based and behavioral training services to students with autism spectrum disorder, as well as direct services for students with vision and hearing impairments. The Early Education and Care Grant funded a preschool teaching assistant. The Program Improvement Grant (274) funded professional development in the following areas: Enhancing Induction and Mentoring Programs, curriculum development, instruction and assessment for struggling mathematics learners, teaching pragmatic language skills, diagnostic assessment methods, behavior management, certification training for research based reading instruction, teaching study skills at the secondary level and continuation of work begun on curriculum development with general and special educators working together to develop comprehensive alternate curricula for students with severe special needs. These grants are very important to special education programming in the Westford Public Schools. They assist us in providing the mandated services necessary to support students with differing abilities in our district.

This year we opened an Integrated Full Day Kindergarten program at Rita Edwards Miller School. This program was very successful in meeting the needs of our special needs students and providing a comprehensive and rigorous learning experience for all children.

Next year, we will be opening a new class for students with Autism Spectrum Disorder at the Stony Brook Middle School. This provides middle school programming for students leaving the Abbot School. We will also be opening another integrated full-day kindergarten classroom at the Rita Edwards Miller School, beginning in September.

SCHOOL HEALTH SERVICES

Westford School Nurses provide direct care, health education, administrative case management, policy and program development, and oversight on behalf of students whose health needs range from routine to serious and complex.

Joan Mitchell, BS, RN, MED
School Nurse Leader

School nurses responsibilities include:

- first aid, illness assessment, mental/behavioral health support
- collaboration with guidance for the social/emotional needs of students
- individual/classroom health education (i.e. depression/anxiety, sun safety, bullying, hand-washing)
- immunization verification
- medication administration
- update and maintenance of school health records
- health education for students, staff, and parents (i.e. MRSA, H1N1)
- management of individual health care plans and emergency plans
- health screening and referrals for health care and health insurance

Staffing:

- Each school has a school nurse and Westford Academy has two nurses.
Ten Westford Public School nurses are certified by The Massachusetts Department of Education.

School Nurses have collaborated with teachers to provide safety training and medical updates. Letters of support for another guidance counselor position at the middle schools were submitted.

Some of the activities include:

- Epi-pen training for all staff at all schools
- Medical updates as needed, i.e. H1N1, and any other updates/information the nurse feels the administration should know.
- Emergency Management Plan at Blanchard Middle School. Blanchard School served as a shelter during the ice storm in December 2008.
- Hand washing/cough etiquette classes for grades K-8
- Diabetic care as needed-hourly, daily
- Vigilant lice screenings with constant communication with staff and parents
- Conscious choking class presented to dietary staff
- Grade 3-5 nurses gave a parent presentation that included safety, hygiene, and developmental issues
- SOS-Signs of Suicide presentation and questionnaire to 7th grade students at Stony Brook Middle School

Data submitted in June 2009 includes 1122 students with special health care needs. The following is a partial list of students' physical/developmental conditions from the data submitted in June 2009:

*in collaboration with Westford Board of Health

School nurses work closely with the Westford Board of Health and the staff of Pediatrics West to provide quality health services for students, staff, and families in Westford.

FACILITIES AND OPERATIONS

During the 2008-2009 school year the school system conducted a number of facilities maintenance projects with the goal of being able to provide students and staff with a safe, clean, and stimulating educational environment. Many

Kathleen Auth
Director of School Finance

of the summer activities revolve around regular preventive maintenance for the structural components of the school buildings, such as the elevators, boilers, heating and cooling systems, and kitchen equipment. These types of activities have traditionally been conducted when the school buildings are unoccupied, but even in the summer months several of the schools are active with programs sponsored by both the School Department and the Recreation Department, and creative scheduling is called for.

The School Department's capital appropriation for the year included funds to complete an upgrade to many of the Abbot School's unit ventilators, a project that had begun in the preceding year. We also requested and received the funds necessary to replace two boilers at Westford Academy and one at the Nabnasset School. The five year capital plan for the School Department includes several more boiler replacement projects, and these will be carefully planned so that the financial impact can be spread over several years.

The ongoing replacement of flooring continued this year at Abbot, Robinson, Day and the Integrated Preschool. In most cases, carpeted floors were converted to tile, but on occasion a classroom was converted to carpet to address specific needs of students in that room. This type of project will continue to be funded within the School Department's operating budget when possible.

In addition to the regular preventive and corrective maintenance and repairs that are needed throughout the system, it is often possible to enhance the environment in the buildings at little cost. For instance, the lower sections of some of the hallways at Westford Academy were repainted, instantly brightening those areas of the building. Our maintenance staff installed hanging cupboards in some of the classrooms at the Robinson School, creating more storage for the teachers and resulting in less clutter at counter level. A divider was added to the Crisafulli gymnasium to allow more varied use of that space. And we are always grateful to staff, parent and other volunteer groups who often lend their time and skills to enhance the landscaped areas around the schools.

We continue to strive to provide the level of service that the residents of Westford have come to expect, and to do it within the confines of a shrinking maintenance budget. Our custodial and maintenance staff take great pride in their work, and we want to commend them for everything that they do to keep our school buildings in such exceptional condition.

CURRICULUM AND INSTRUCTION

The Westford Public Schools offer a variety of learning opportunities that meet and extend the Massachusetts' curriculum mandates. This results in a high quality, rigorous curriculum for the Westford Public Schools. Our MCAS scores in 2009 placed the Westford Public Schools in the top 2% - 7% in the state. Even with these results, we continually look for ways to improve the school district through our work as a professional learning community. Improving the delivery of instruction and focusing our attention on curriculum that challenges students continues to be our mission. Using both current research on instruction and available data from assessments in all disciplines, we concentrate on teaching and learning and offer high quality, sustainable professional development for our staff members.

Lorraine Tacconi-Moore, Ed.D.
*Assistant Superintendent of
Curriculum & Instruction*

Curriculum Task Committees involve teachers in the areas of the Fine and Performing Arts, English/Language Arts, Foreign Languages, Health/Wellness, History/Social Science, Mathematics, and Science/Technology Engineering, to examine current curricula, refine common benchmarks at each grade level, upgrade assessments to measure the students' understanding of our end of grade/end of year benchmarks, and promote the goals in our strategic plan.

Developing professional learning communities within the schools is ongoing with principals individualizing components to meet the needs of their schools and their school improvement plans, while focusing on student achievement. This is the fifth year of this important initiative. Moreover, using a new design model for curriculum development, teachers worked throughout the summer to improve upon our content offerings in the areas of technology; fine arts; English Language Arts; foreign language; algebra; statistics; biology; astronomy; social studies; American government; and health education.

The University of Westford continues to provide rigorous graduate level courses within our school system. This year's offering included courses in brain-based teaching and learning, curriculum revision using the Understanding by Design model, teaching for comprehension and fluency, developmental writing, mentor teacher training, and multiple courses on integrating technology into the curriculum. Our partnership with Simmons College continues with a third cohort of students studying for either a master's degree or a C.A.G.S. (Certificate of Advanced Graduate Study). Our administrative team also attended to their professional growth through the examination of a tiered instruction model for struggling learners and the piloting of a universal design for learning to improve access to the curriculum for all students.

Licensed school librarians (half-time at the elementary level) serve our schools by managing the libraries and working with teachers to promote independent reading habits and develop information literacy skills. This year, librarians see all students in a fixed schedule in grades K-8. Library collections consist of a mix of print and online resources selected to support the various academic subjects and appeal to the interests of diverse readers at each grade level. At Westford Academy, students have access to many of the same electronic collections that they will encounter at college. Students and their teachers use technology as a learning tool. Additionally, staff takes advantage of our technology for record keeping, data analysis and communication. Students acquire technology skills through application in curriculum-based activities and projects under the guidance of our integration technology specialists and classroom teachers. Each school's technology integration specialist provides the ongoing professional development and support required for this type of integration of technology into the curriculum.

Curriculum and Instruction

The management of Westford Public Schools' technology infrastructure, including technical support, network management, communications applications, and hardware replacement is coordinated with the town of Westford in order to maximize efficiencies and cost savings. This collaboration between the Town and school system intends to develop an academic server structure that will be cost-effective, scalable, and will best meet teaching and learning needs.

As members of the school community, we appreciate the continued support provided by the townspeople of Westford. We are proud of our school system and fully understand the level of commitment that is necessary from the citizenry. The Office of Curriculum and Instruction extends a sincere thank you to each and every one of you.

ABBOT AND NABNASSET ELEMENTARY SCHOOLS

The Abbot and Nabnasset Elementary Schools continue their commitment to provide all students with a strong foundation for lifelong learning. The schools work together to ensure a smooth transition both academically and socially for students moving from second to third grade.

Susan DuBois
Nabnasset Principal

Rose Vetere
Abbot Principal

Vito Umbro
Assistant Principal

Curriculum and Instruction

In September, the Nabnasset Elementary School acquired a literacy specialist who worked with small student groups and individual students; she participated in TEAM meetings, co-taught lessons, and was a valuable resource to all teachers. The Nabnasset teachers focused some of their professional development time this year on brain-based teaching and learning. Throughout the school year teachers participated in workshops to learn strategies to use in their classroom to help students succeed. The Nabnasset also saw the final phase of implementation of the Everyday Math program to Pre-First and Kindergarten classrooms. The school continued monthly “Brain Breaks,” organized by the physical education teacher, Keith Weston. At scheduled times Mr. Weston would announce the Brain Break over the P.A system. All students in the school would stop what they were doing and participate in a variety of exercises within their classroom. It was a fun and energizing time for all. The Nabnasset and Abbot schools also saw an increase in technology use by students and teachers. At the Nabnasset more teachers developed interactive classroom web pages and at the Abbot teachers learned and implemented “web blogging” as a way for students to develop and strengthen their writing skills. At the Abbot School teachers created blogging sites focused on curriculum areas. Mrs. Breen created a site focusing on the Nature Trail that runs along side of the Abbot School. Throughout the year, students took trips to the trail, researched about plants and animals and then posted their research to their blog. Mrs. Breen was awarded one of the six state-wide MassCUE Initiative Grants for 2009 for using Web 2.0 technology to engage students in compelling curriculum-based learning activities.

School Advisory Council

Abbot School Members:

Parent Representatives: Margo Leipins Pawlak, Denise Seyffert, Stephanie Grabowski-Devlin
School Representatives: Rose Vetere, Vito Umbro, Jaime Kelly, Donna Breen, Barbara Menzie

Nabnasset School Members:

Parent Representatives: Colleen Barisano, Lisa Dougherty, Marci Barnes, Kim Schwab
Community Representative: Tatiana Cotter
School Representatives: Susan DuBois, Vito Umbro, Valerie Loughman, Deb Rosenthal

Working with the principals, both School Advisory Councils, (S.A.C.) met monthly to work toward identifying educational needs of students, reviewing the school’s annual budget and formulating and implementing school improvement plan goals. Each S.A.C. began the school year looking at aligning the Westford Public School Core Values with the

building's School Improvement Plan, (S.I.P.) to make a more cohesive and comprehensive plan. Throughout the year the S.A.C. members discussed and worked on the S.I.P goals. Upon the suggestion of the joint S.A.C. meeting in June 2008, we expanded the Parent Projects this year to include the Abbot community. The night of the fall Parent Project we had representatives from the Westford Police Department presenting on child safety and Internet safety. We also had a presenter from the Children's Hospital who spoke about ADHD. During our joint meeting this year the S.A.C. decided to continue the joint Parent Project in the fall of 2009. The Abbot School this year developed and administered a school-wide climate survey to each of the students. Students completed the survey on-line in April 2009. The results of the survey were tabulated on-line and overall were positive. The S.A.C will continue to review the results in the fall and use the data to drive discussion and changes to help continue to improve the school climate. The Nabnasset and Abbot Schools would like to express our appreciation to all of the S.A.C members for volunteering their time and contributions to help build a strong school/community relationship.

Parent/Community Involvement

The Nabnasset and Abbot Schools recognize the importance of a strong relationship with the community. Record number of parent volunteers attended the Volunteer Orientation and made a difference throughout the year as they volunteered in a variety of ways. The Nabnasset continued their yearly school-wide events with much success, including the Nabnasset Halloween Parade, Family and Friendship Dance, Grade Level Movie Nights and Spruce Up Day. The Abbot held a Friendship Dance in February and in June hosted a Multicultural Night. Parents and staff organized the event. The event was well attended by Abbot families and staff. The evening began with a dinner of a wide variety of ethnic foods from around the world. After dinner the attendees enjoyed several cultural performances including Indian dances, African songs, Irish Step Dancing and story telling.

Through funding from the P.T.O, site coordinators responsible for enrichment programs provided a wide variety of performers for our students. These programs tied into the grade level curriculum. The Nabnasset and Abbot also welcomed school-wide general assemblies. At the Nabnasset, David Zucker, winner of the National Young Audience Artist of the Year Award in 1996 performed Poetry in Motion. This participatory program had the students engaged and excited. The Abbot students heard a wonderful performance from the a capella group, Ball in the House. Members of the group talked about their unique style of singing and performed a few songs for the students.

The Nabnasset and Abbot Schools appreciated the Westford P.T.O. for the wonderful Conference Night dinners and staff appreciation luncheons.

Student Leadership and Recognition

Each year the students at the Nabnasset and Abbot Schools participate in a variety of compassion projects to help make a difference in their town, state, national and world communities. This year the Nabnasset and Abbot continued their work with many of the same compassion projects: Pennies for Patients, food drives, and Coats for Kids and Trick-or-Treat for UNICEF. The Abbot third grade students and teachers raised money for the Pennies for Peace campaign. Money raised went to help build and supply schools in Afghanistan. Mrs. Stanvick's fourth grade class organized a fundraising effort for the National Wildlife

Federation. The students of the class presented their fundraiser to the school during an assembly and over the course of several weeks raised \$645 for the National Wildlife Federation.

Conclusion

“Shaping the future one child at a time.” Following the Westford Public School motto, the Nabnasset and Abbot Schools will continue to work together with parents and community members to create a safe enriching learning community. We look forward to another successful and fun school year.

BLANCHARD MIDDLE SCHOOL

August 2008, Blanchard opened its doors to 610 excited students. Students continue to be organized in teams. A new team was added to the 8th grade this year bringing the team totals to 8: Six Blue, Six White, Seven Blue, Seven White, Seven Green, Eight White, Eight Blue, and Eight Green.

Jessica Huizenga
Principal

Timothy Hislop
Assistant Principal

In sixth grade, students attended five core classes over the course of the week: language arts, reading math, science, and social studies. Their days are rounded out by our exploratory foreign language program and integrated arts: art, health, physical education, music and technology education. Seventh and eighth grade students attended five core classes each day, language arts, math, science, social studies, and foreign language.

Our specialized programs continue to service students. In sixth and eighth grade many students benefited from participation in smaller math classes. These classes are able to proceed at a slower pace while completing the entire curriculum. The Academic Coach works with students on a one to one and small group basis to help improve study skills, catch up students who have been out of school for a protracted time period, and provide a setting for successful homework completion. Technology is exploding at Blanchard. With the use of student response clickers, technology integration in science, the use of wiki's and blogs by our students and teachers, we are expanding the capacity of learning in our classrooms.

This year our staff was able to attend some wonderful professional development opportunities. Ten staff and one parent attended the Ron Clark National Educator's Conference in Atlanta, Ga., thanks to the incredible support of the Westford Education Foundation. We also attended the National Blue Ribbon Conference in Reading, MA that challenged us to think about how we can better prepare our students for the 21st century. Critical Friends groups began at the Middle School and plan on continuing to expand the skills of staff to utilize protocols to look at student work and our practices in deeper, more proactive ways. Our Mix-it Up day was highlighted by the Southern Poverty Law Center as a model school for teaching tolerance and diversity. Eighth graders also went on a weeklong trip to Washington D.C. this year. It was a wonderful and historic trip for our students.

Parent/Community Involvement

The 2008/2009 school improvement plan focused on integrating 21st century skills to improve academic achievement, building a collaborative culture, increasing student support, enhancing the Blanchard programs by integrating community resources, and enhancing parent connectedness to the school. The School Council members included: parents Diane Baker, Suzanne Welch, Stephanie Sullivan, and Jasmine Lombardi. Teachers included: Erik Ruhman, Tim Hislop, Jodie Voutselas, and Leslie Doerr. Our community representative was Sandra Habe. The school improvement plan was very cohesive and comprehensive. Each member read two books that really challenged our thinking: *A Whole New Mind*, by Daniel Pink, and *The Global Achievement Gap*, by Tony Wagner. These were excellent and anyone with an interest in education should add them to their reading list. Home-school communication continued with, "Wednesday Notice Day," and Mrs. Huizenga's Friday news notes, coffee talks with parents, as well as, the connect-ed system.

A special thanks to the Westford Middle School PTO, which provided multiple enrichment programs for all grade levels and ran the successful magazine fund-raising drive to support these activities. Our students truly enjoyed the opportunity to leave the classroom and participate in these assemblies. In addition, the WMSPTO, organized and ran several staff

appreciation meals, the eighth grade breakfast, and the eighth grade end-of-year celebration. Thank you to the Sunshine Committee for all of our staff recognitions.

Curriculum and Instruction

Blanchard teachers continued to implement the Westford Public Schools Curriculum Benchmarks, which are based upon the Massachusetts State Curriculum Frameworks. The past year we have investigated how a Professional Learning Community functions and zeroed our focus on the four questions of the PLC Construct: What do we want students to know and be able to do, how do we know when they've learned it, what do we do when they haven't, what do we do to extend and enrich when they have? This led us to redesign our schedule to provide more personalized and individualized instruction and services to all of our students. Staff members have engaged in peer observations to further hone their practices.

Conclusion

The Blanchard School Community looks forward to the excitement and challenges that will be presented in the upcoming school year as we continue to focus on excellence in teaching and learning and contributing to the social and emotional development of our students.

Blanchard is proud of the hard work of the students and staff and take great pride in their accomplishments.

JOHN A. CRISAFULLI & COLONEL JOHN ROBINSON ELEMENTARY SCHOOLS

The Crisafulli and the Robinson Elementary schools have continued to build their community and educational partnership during the school year. The Crisafulli and Robinson welcomed several new staff members during the 2008-2009 school year. The schools welcomed several new classroom teachers and a new Wellness/PE teacher.

Laurie Kirby
Crisafulli Principal

Denise Arvidson
Robinson Principal

Sharon Kennelly
Joint Assistant Principal

The Crisafulli and Robinson students (Pre-1-5) continue to receive one period per week of art, music, and physical education. All students K-5 had the opportunity to participate in library on a weekly basis. They also had many opportunities for research projects integrating library and technology skills.

The Crisafulli School entered its seventh year of educating students. The Crisafulli School served 411 students in seven sections of third, fourth, and fifth grades. The Robinson School entered its thirty-ninth year of educating Westford's students. Enrollment at the end of the year was 384 students. The Robinson School educated a total of twenty-one kindergarten, pre-first, first, and second grade classes.

Parent/Community Involvement

The Robinson School Advisory Council (SAC) was co-chaired by principal Denise Arvidson and parent Liz Berk. Parent members included Len Bruskiewitz, Jackie Welham, Vivien Zhang and staff members Kim Mannone, Mary Terrio, and Amanda Siano. Judith Culver served as the School Committee Representative and Rose O'Donnell served as the Community Member. The 2008 - 2009 School Improvement Plan was developed by the council and included goals of creating a site-based Professional Development Committee to improve student achievement through Professional Learning Communities model, reorganizing the Literacy Model to include Literacy Specialists, providing professional development for all staff members on challenging behaviors, utilizing technology to enhance the curriculum, promoting knowledge of Colonel John Robinson through performances and community events, continuing to enhance the relationship between our sister school, the Crisafulli, and easing the transition from grade two to three. The Robinson SAC offered fall workshops to parents on the topics of Make It/Take It Reading Activities, and Homework Strategies. In the spring, a behavior specialist presented a workshop focusing on Managing Challenging Behaviors to parents.

The Crisafulli School Advisory Council was co-chaired by principal Laurie Kirby and parent Scott Surer. Parent members included Chaitanya Hiremath, Jennifer Payne and Angela Waszak and staff members Laura Fitzgerald, Darlene Faherty, and Sara Policow. Janet Tortora served as community member. The 2008-2009 School Improvement plan was developed by the council and included goals of enhancing student achievement in all academic areas through the use of technology, and professional development focusing on the writing process. The Crisafulli continues to work on fostering our strong sense of community within and outside of our school. The Crisafulli, Abbot, and Day SAC offered fall workshops to parents on the topics of Gardner's Theory of Multiple Intelligences, Keeping Stress Under Control, Child Safety, Hygiene, and Developmental Benchmarks, and Helping Kids with Disabilities Achieve Success. Faculty from the three schools collaborated to plan and share their expertise with parents.

There was a continued effort focusing on a smooth transition from grade two to grade three. During move-up day the grade two staff met with the grade three staff to discuss curriculum and

instruction. In addition, several Robinson/Crisafulli family events were held Robifulli Bingo in April, and the Living Lab Gala in June. The community events were well attended and enjoyed by all.

The Robinson School was recognized as a Massachusetts State School of Character and a National School of Character. Due to this recognition the Robinson School hosted teams of educators from Taiwan and New Zealand.

The PTO continued to provide a variety of enrichment programs for our students. They are able to sponsor the programs through their fundraising efforts. The students enjoyed programs that enriched the Massachusetts Curriculum Frameworks, as well as the Westford Public Schools benchmarks. Some of the programs at Crisafulli and Robinson included Michelle's Menagerie, Pumpnickel Puppets, Rhythm Kids, Helen Keller, David Coffin, Techsplorations, and Wingmasters. The teachers and staff were appreciative of the Conference Night dinners and the Teacher Appreciation luncheons that were provided.

As always, countless parent volunteers served in a variety of capacities as classroom helpers, library and tech lab volunteers, party coordinators and field trip chaperones. We also had the opportunity to host senior volunteers through Community Teamwork and several groups of high school students from Westford Academy.

Student Activities

The Peace-It-Together program continued to be the focus of many school programs and activities. The students participated in several assemblies to become familiar with the "I Care Rules" and common language of the program. All were taught strategies for dealing with conflict through the use of the "Solution Wheel." Staff continued to recognize acts of kindness through the use of "I-care" coupons. Students redeemed these coupons on Fridays with the Principal and Assistant Principal and they enjoyed sharing their kind deeds. An integral part of the Peace-It-Together program involved student participation in compassion projects such as a food drive for local food pantries, and donations of gently used books to The House of Hope in Lowell for their Children's Library. Once again, hats and mittens numbering in the hundreds were collected, as part of the "Warm Hands, Warm Hearts" program and donated to shelters. Students also participated in a "Senior Smiles" program by making gift bags, which were donated to the Cameron Senior Center. The Peace-It-Together committee formed a study group to expand the use of literature, CARE to READ, to address the character traits that are incorporated into the curriculum. The group met monthly to discuss research articles, classroom projects, and current practices.

The Colonel John Robinson School continued the "CARE to READ" program to enhance the Peace-It-Together and Character Education programs. The staff collaborated on literature books and activities that addressed the character traits community, acceptance, responsibility, and excellence. The Teen Peace Initiative funded the purchase of new books for the "CARE to READ" program.

The fifth grade chorus, directed by Mrs. Oliver, performed at the spring all- town chorus night, the school's spring concert, the Memorial Day program, the Robinson, and the fifth grade completion ceremony. The band, under the direction of Mr. Kaminsky, performed at the Westford Academy during the town-wide fifth grade concert, the Memorial Day program, and the completion ceremony. The strings program, under the direction of Ms. Corwin, performed at community meetings and the Crisafulli Strings Concert at Westford Academy.

Curriculum And Instruction

The theme for the academic year was developing Professional Learning Communities. The Crisafulli staff continued their focus on literacy. The book room at Crisafulli continues to expand as staff continues to search for nonfiction leveled reading materials that will allow students to access the curriculum. Many staff members across grade levels participated in a writing study group, which was facilitated by two fifth-grade teachers. The group met for eight sessions to discuss and share best practices in writing instruction. The Robinson School staff focused on Challenging Behaviors and all staff members participated in a book study using The Explosive Child. The Book Buddy Program was expanded to include two first-grade classes and two fourth grade classes to support literacy activities across the grade levels. The staff will continue to work together to review and revise the scheduling process to provide optimal learning opportunities for all students.

The focus of the yearly Curriculum Expo at Robinson School was on Writing. All teachers prepared examples of student work with references to the Massachusetts Curriculum Standards addressed. Each student had a piece of work on display for parents to view during March conferences.

This was the eleventh year of the Reading Recovery program at the Robinson. A Reading Recovery Specialist provided intensive reading instruction to first graders in a one-to-one setting. A new Literacy Specialist was added at the K-2 level. The Literacy Specialist provided classroom support working with students in a small group setting and on an individual basis as needed. This was the Reading Services Committee's ninth year. The committee was formed to give input into the student selection and service delivery process.

The pre-first program completed an eighth year at the Robinson School. The program is designed to be a gift of time for children not developmentally ready for the rigors of grade one. Several children participated in the program and are now prepared to meet with success in grade one. The pre-first committee is comprised of kindergarten, reading and grade one teachers who continued to oversee the program and make recommendations.

Massachusetts Comprehensive Assessment System (MCAS)

Students were tested in Reading and Mathematics in third grade. Fourth graders participated in writing the Long Composition, English Language Arts, and Mathematics. Fifth graders participated in Science and Technology, Mathematics, and Reading. To alleviate stress and test anxiety, the students received pep talks and guidance lessons on doing the best that they can. The staff also emphasized that the purpose of testing was to measure the effectiveness of the curriculum and to identify students' level of proficiency. Each day before testing, the students participated in a power walk followed by a low fat, high carbohydrate snack of plain Cheerios. Children were allowed access to water at any time to remain hydrated.

Conclusion

In conclusion, the Crisafulli and Robinson School communities look forward to the goals and challenges of the new school year and will continue to work to develop opportunities to strengthen our partnership with each other and the community of Westford.

NORMAN E. DAY ELEMENTARY SCHOOL

Throughout the 2008-2009 school year the Norman E. Day School community intensified its focus on the Core Values.

Kevin Regan
Principal

Marie McNamee
Assistant Principal

Curriculum and Instruction

Gayle Olson's Grade Five class piloted the "History Alive" resource within the social studies curriculum. The Day School continued as a Title One-funded school. The support students received was in the subject of Math. During the academic year the school district instituted a language-based classroom in our school. This program supported children with a communication disorder and assisted students within this placement as part of their Individualized Education Program (I.E.P.).

The S.W.I.N.G. (Student Writing Initiative Needs Growth) Program focused on development of student reading and writing skills and was offered to students as an extended day opportunity. Morning Math was available to students working with the Math Resource Facilitators.

Student Activities

Pupils in grades four and five served on the Student Senate directed by Assistant Principal Marie McNamee. The Grades Four and Five Math Clubs each finished in first place in the On-line Math League. It was the third consecutive year the students in the Grade Five Math Club won this national competition! In the spring the W.O.W. (Walking Outdoors for Wellness) Program was organized and offered to students twice per week. The Rain Garden designed and constructed adjacent to Reed Brook, through the expertise of the Westford Water Department and other local agencies and firms, involved Day School grade five students planting selected items.

School Advisory Council

During the school year the following individuals served on the School Advisory Council: parents Nancy McGinty, David Hill, Elaine Scaramuzzo, Sridhar Pola, staff Amanda Daigle, Barbara Cope, Amanda Hall, and Kevin Regan. Classroom Party and Food Distribution guidelines were discussed and finalized and ready for dissemination to school constituents for the 2009-2010 school year.

Parent/Teacher Organization

Throughout the school year monthly meetings were scheduled to discuss numerous activities to support the mission and goals of the school. Members of the site-based P.T.O. were Karla Ferrini, Judi Morrison, Marie McNamee, Lisa Gonsalves, Gina Cargiuolo, Brenda Tobin, and Kevin Regan. A "Got Books" container for used books, CDs and videos was placed in front of the school as a fundraiser.

Professional Development

In November 2008 thirty-three staff members attended an overview of Responsive Classroom. All staff was trained by Grades K-5 Reading Coordinator Margie Berenson to administer the DRA (Developmental Reading Assessment) II.

Recognition

Nicholas Colgan Memorial Award: Jillian Nelson; Jan Nickerson Excellence in Music Award: George Hu; Jeannine Haberman Building Community Award: Patrick Hesseltine; Wanda Hall Grade Three Excellence Award: Emma Hill; Mary-Ellen Reardon Grade Four Excellence Award: Amanda Li; Susan Yetten Grade Five Excellence Award: Rama Mannava; Grade Five Principal Awards: Lauren Canha & Pranav Nanga

Norman E. Day Elementary School

Future Plans

A five-year professional development plan has been developed in order to train all staff in Responsive Classroom Level One. A weekly Enrichment Block will be instituted permitting children to participate in wellness activities, guidance instruction, and technology integration. The Day School will continue to be a Title One School transitioning from supporting students in Math to Reading in 2009-2010. Best wishes are extended to retiring teachers Mrs. Wanda Hall and Mrs. Susan Yetten!

RITA EDWARDS MILLER ELEMENTARY SCHOOL

The Rita Edwards Miller School, now in its seventh year of operation, continues to thrive and live its mission of valuing diversity and working together to foster self-esteem, academic persistence, and respect in a safe, nurturing, and creative environment. The Miller School educated 394 students in grades K-2 this school year. As a result of the commitment demonstrated by all stakeholders, efforts toward continuous improvement and the evolution of a refined identity reflect Miller School's strong and caring membership.

S. Jill Mullavey
Principal

Marie McNamee
Assistant Principal

The school year opened in August 2008, which included a new district-wide integrated kindergarten class. Also, a literacy specialist was hired who works with students in small groups and provides professional development to the Miller teachers. Additionally, a second grade teaching assistant was added to the staff.

Parent/Community Involvement

The Miller School Advisory Council (S.A.C.) members are committed to student achievement and school excellence. The Council works purposefully to identify the educational needs of the school community, to review the school's annual budget and to formulate a school improvement plan.

Parent Representatives: Mr. Eric Barber-Mingo, Mrs. Lynn Jones, Mrs. Jelena Radumilo-Franklin and Mrs. Kristin Cambray

Community Representative: Mrs. Darryl Alexa

Teacher/School Representatives: Mrs. Karen Burke, Mrs. Suzana Moriera and Mrs. Pam Perron

The active involvement of the Miller School families in their child's education and for the school at large is active and vibrant. Parents work collaboratively with teachers, volunteer in classrooms, shelve books in the library, attend parent workshops to learn about the curriculum and how to best support their child at home, adopt-a-site to beautify our grounds, volunteer at book fairs, organize math and science nights, attend poetry and/or author sharing, and perform for families at the school's annual multi-cultural celebration.

Finally, parent/community involvement extends outside of the Miller community. The school reaches out through its willingness to initiate and participate in social compassion projects each year. Gift cards were collected during the holidays and mailed to families of need in Westford. Donations of non-perishables were regularly collected and delivered to the Westford Food Pantry. Pillows were made by the students of the Helping Hands Club and were donated to local nursing homes. An abundance of Chapsticks were collected and mailed to the Pine Street Inn in Boston for the homeless. The Miller community is proud of its accomplishments and services and proud to be sponsors of the Wish Project of Lowell.

Curriculum and Instruction

The Miller School is committed to professional development, research and best practice for student achievement and pedagogy in all disciplines. The Miller staff has undertaken the Responsive Classroom approach to elementary teaching that emphasizes social, emotional, and academic growth in a strong and safe school community.

Handwriting Without Tears is now fully implemented in grades kindergarten through grade two. This program is developmentally flexible with engaging techniques and activities that help to improve students' self-confidence, pencil grip, and body awareness skills.

Rita Edwards Miller School

In addition, the Everyday Math program, which is based on real life problem solving and provides numerous methods of basic skills practice and review is now fully implemented in all K-2 classrooms.

Technology integration continues to be strengthened across domains. Please click on the Miller website and check out the second grade **ePals** Continent Study and/or the Patricia Polacco author study podcast.

The digital microscope was used to capture pond organisms and a first grade class created weather forecasting podcasts which are posted on the homepage as well. View the REMA gallery, which provides samples of student artwork throughout the year!

Conclusion

The Miller School is a dynamic learning environment for students and adults, and filled with incredible gifts and talent. Please drop by and see the “wonder of it all.”

STONY BROOK MIDDLE SCHOOL

During the 2008-2009 school year at Stony Brook nearly six hundred and eighty students in grades six, seven, and eight matriculated. One the first day of school, the sixth graders had the opportunity to attend school without the seventh and eighth graders. This first day of middle school along with the wonderful team-building activities that the sixth grade teachers prepared for their students allowed our newest students the opportunity to become acclimated to their new school.

Peter Cohen
Principal

Julie Vincentsen
Assistant Principal

The two sixth grade teams were comprised of five teachers. Each of the teachers was responsible for teaching one core subject: mathematics, language arts, reading, social studies, or science. The seventh and eighth grade teams consisted of four teachers with responsibility for providing instruction in mathematics, language arts, social studies, or science. The students in each grade received instruction on their respective teams for about four hours each day, then worked with members of the Integrated Arts Team for ninety minutes. During integrated arts they participated in a variety of age-appropriate programs, including music, art, health, physical education, technology education, and foreign language (French, German, Latin, or Spanish).

Curriculum and Instruction

The course of study followed the Massachusetts Curriculum Frameworks. Students were heterogeneously grouped in all subjects with the exception of mathematics. Students in math were placed either in a grade level or accelerated math program based on well-established criteria. Because students' understanding of math concepts occurs at different times during their middle-school years, a goal of instruction is to challenge students and provide opportunities to build each child's confidence in math and guide them in developing their mathematical thinking.

Stony Brook was again the recipient of Title One funds, which allowed us to offer additional mathematics support to qualifying students in sixth grade. These students received additional support in their math classes. Our Title I math tutor hired last year continued her work here this year, enabling us to provide this consistent and ongoing math instruction throughout the year.

During the 2008-2009 school year the math department piloted two new math programs at each of the 6th and 7th grade levels. In June the decision was made based on data and feedback that the 6th grade will move forward with the Everyday Math Program and the 7th grade will be teaching a pre-algebra course for all students.

Assessment

Assessment is an integral part of the learning process at Stony Brook. Teachers used multiple forms of assessment for measuring student achievement. The assessments stretch beyond the traditional pencil-and paper test to reports, projects and hands-on class presentations. An assessment committee will continue the work of looking at the quantity and quality of the assessment tools used at the middle school level. This will also continue to be discussed by the leadership team.

Teachers also worked to create common assessments for language arts, math, science and social studies. Benchmark tests were given in all subject areas this spring to measure the students' understanding and comprehension of the WPS curricula. All sixth and seventh grade students were given the Benchmark test in mathematics to demonstrate their basic knowledge of math concepts and computation. The results were one factor in their math placement for the

Stony Brook Middle School

next school year. In the spring all students participated in MCAS testing. Mathematics tests and English/Language Arts tests were administered to sixth, seventh and eighth graders. Seventh graders also completed the long composition exam. Eighth graders were given a science test.

Professional Development

Professional development for the Stony Brook staff included the district wide workshop opportunities as well as some in house activities with an emphasis on building a professional learning community. The professional learning community will continue to be an emphasis for the coming school year.

Parent/ Community Involvement

The Westford Middle School PTO is a highly supportive organization that provides the middle school students with excellent activities and enrichment programs. Authors, concerts, and field trips were planned for the students. The annual magazine drive was held in the fall and raised significant funds for the school. Additionally, the PTO operated the school store. The Parent Circle also met regularly. The Parent Circle is a forum for parents of adolescents to share their issues and dilemmas and to become better parents.

School Advisory Council

The SAC, consisting of Principal Peter Cohen, three teachers and four parents, and a community member at-large, met throughout the year. A school improvement plan was developed by the advisory council. The council also updated the school mission statement.

Communication

A major emphasis was placed on school communication. Parents received a weekly email from the principal that updated them on Stony Brook happenings. The internet has become the primary method of communication from school to home. In an effort to do our part to save the environment, we have made efforts to become paperless. Paper notices are no longer sent home, but instead posted on the web site.

WESTFORD ACADEMY

Westford Academy welcomed 1599 students for the 2008-2009 school year. We also welcomed a new administrator and several new teachers to our building. The year was highlighted by many achievements in the area of academics, athletics, and co-curricular activities.

James Antonelli
Principal

Adam Goldberg
Assistant Principal

Student performance on the state-mandated MCAS exams continued to place Westford Academy in the top tier of high schools in Massachusetts. The class of 2009 had 100% of its graduates successfully pass both the English Language Arts and mathematics tests. The freshman students that took the MCAS biology exam did an outstanding job and were in the top 10% for the state.

Westford Academy was named a 2008 – No Child Left Behind Blue Ribbon School by the United States Department of Education. This award is given to high-performing schools that meet (AYP) Adequate Yearly Progress consistently, and have students that perform on State assessments in the 90th percentile. Massachusetts can only nominate up to seven schools. This year only three were nominated and only two met AYP, one being Westford Academy.

U.S. News & World Report awarded Westford Academy with a “silver medal” rating in their list of America’s Best High Schools. It was given a college readiness of 37.9. The college readiness index was based on the weighted average of AP participation rate along with how well the students did on those AP tests, or quality-adjusted AP participation.

The end of the school year was also a time for saying goodbye to some veteran teachers.

After a 35-year career, Mr. Albert Duffett retired from the Social Studies Department. Also retiring from the Social Studies Department, after teaching in Tewksbury for 26 years and 9 at Westford Academy, was Mr. James Kastitis. The Math Department will miss Mr. Ken Kravetz who has taught for 35 years, 24 at Westford Academy and Ms. Anne Stowe, a graduate of Westford Academy and a teacher for 35 years at her alma mater. Finally, from the Science Department, Mr. Robert Ricardelli will be retiring after a 36-year career in Westford, 28 being at the high school. We wish them the very best in their retirements.

Recognitions

The College Board National Merit Scholarship Program again recognized several Westford Academy students.

2009 National Merit Commended Students:

Neha Bhatia, Alexander Bristol, Emily Cacciatore, David Cully, Daven Desai, Ashlinn Dowling, Jeffrey Dugas, Emily Eck, Alexander Feng, Kayla Flaherty-Dawson, Jared Forsyth, Prasant Ghantasala, Courtney Greer, Michael Grip, Reena Joubert, Ryan Lynch, Margaret Maguire, Stephen Mavroides, Matthew Mettler, Romit Mirchandani, Daniel Myers, Priyanka Nawathe, Matthew Ricketson, Sudarshan Srivatsan, Eric Storey, Sarah Swan, Hanna Timberlake, Stephen Uram, Daniel Vegeto

2009 National Merit Finalists:

Ankan Dhal, Jonathan Donovan, June Geng, Jonathan Jung, Sarah Kay, Neha Kumar, Alexandra Millet, Faren Tang

2009 National Merit Scholarship Award Recipients:

Alexandra Millet, Sarah Kay

Westford Academy Most Worthy Representatives Awards:

Class of 2009	Danielle Parise, Peter Edwards
Class of 2010	Audrey Tiew, Christopher Hurst
Class of 2011	Amanda Howard, Eric Meredith
Class of 2012	Jessica Bishop, William Alden

2008 Fall Sports Update

- We had three DCL Champions-coed golf, cheerleading, and field hockey

2008-09 Winter Sports Update

- Four DCL Champions – Boys & Girls Basketball, Boys Indoor Track, and Gymnastics
- The Boys Basketball team went undefeated in the league and finished 19-1.
- Katie Feng won the girls' North Division Diving Championship
- Basketball player Peter Lynch reached the 1,000-point career milestone and became the all-time leading boys' scorer.

2009 Spring Sports Update

- The Baseball team won its second consecutive DCL Championship
- Eileen Liu and Jocelyn Lund-Wilde won the MIAA State Championship in girls' tennis doubles
- Chris Fowler won the MIAA State Decathlon
- Seniors Cassandra Ryding and Peter Lynch were named Athletes of the Year

In the area of Fine Arts:

Boston Globe Scholastic Art Award Winners

Gold Key, Senior Portfolio - Mike Flannery

Gold Key - Derya Akbaba, Alice Chan, Caitlin O'Hare

Silver Key - Olivia Gardner, Carolyn Meurer, Irene Yuan

Honorable Mention - Lizzy Britton, Emily Cacciatore, Alice Chan, Zach Richards, Sarah Yim, Caitlin O'Hare, Elizabeth David

In the area of Music:

Outstanding Concert Choir: Freshmen-Jessica Bishop, Sophomore-Jerad Lawson, Junior-Lisa Ritter, and Senior-Lynsey Bourquin

Outstanding Honors Choir: Sophomore-Daniel Jong, Junior- Katie Wright, Senior-Ashlinn Dowling

Outstanding Tri-M Senior: Peter Edwards

Chopin Award: Maggie Maguire

Arion Award: Eileen Liu

Director's Award: Lillian Wilkinson

National Choral Award: Jared Forsyth

Class of 2009 Senior Awards: Chorus - Alex Norton, Orchestra - Dan Searl, Band - Anthony Martins

Graduation Trustee Award in Music: Jared Forsyth

In the area of Theater Arts:

Westford Academy Theater Arts' production of *Angels in America Part II: Perestroika* placed in the top five in the state at the MHSDG State Finals.

The following Westford Academy students were named to the MHSDG All Star Cast:

Matthew Mettler for the role of *Prior Walter*

Maggie Sulka for the role of *Hannah Pitt*

Tara Hurley for excellence in *Audio Design*
Joe Kenneally for excellence in *Audio Design*
Eliot Mooiweer for excellence in *Audio Design*
Jimmie Natusch for excellence in *Audio Design*
Brett Pestana for excellence in *Audio Design*
Joe Kenneally for excellence in *Original Score Composition & Performance*
Peter Edwards for excellence in *Music Performance*
Jared Forsyth for excellence in *Music Performance*
Anthony Martins for excellence in *Music Performance*
Becca Muller for excellence in *Music Performance*
Trevor Wellman for excellence in *Music Performance*

Performers, designers and musicians from Westford Academy Theater Arts production of *Rent* were nominated a total of nineteen times in twenty-three categories in the Wachusett Community College Theater at the Mount (TAMY) High School Theatre Competition. The production itself was named Best Overall Production. In addition to the top honor, WATA has been granted one full two-year associates degree scholarship award to a WA student of our choice to Mount Wachusett Community College. This scholarship has a value of \$25,000.

Communication

Communication remains an important component of Westford Academy's mission. Our newsletter was published quarterly and continued to include a Message from the Principal, calendar of events, and department and school-wide highlights. The principal's Friday email provided parents with a snapshot of the events happening around Westford Academy. The Parent Information Exchange (P.I.E.) meetings provided parents with an opportunity to get information on a number of topics and to have a question-and-answer period with the principal.

25 Years of Service

At the annual Westford Academy staff recognition reception, Mr. Mark Miller, Audio Visual Technician, was recognized for 25 years of service at Westford Academy.

Westford Academy Trustees

The Westford Academy Trustees continue to support scholarships, programming and technology with their annual financial award of approximately \$80,000. Their generous support was distributed through scholarships to graduating seniors, most worthy representatives and excellence awards, and the National Honor Society senior book. This year the Trustees purchased additional technology for our Computer-on-Wheels, a program called Rachel's Challenge, Lego Robotics for the Science Technology classes and a new sound system to be used at graduation and other ceremonies. The overall gift was for \$20,000.

Westford Academy

Conclusion

Westford Academy is a wonderful academic institution with caring administrators, teachers, and staff. The school community focuses on high academic expectations while fostering an environment that is clean, safe and focused on a positive school climate.

As a graduate of Westford Academy, I cannot begin to express how proud I am to be the principal of this high-performing high school.

TAX POSSESSION SALE COMMITTEE

Mission:

The Tax Possession Sale Committee will use the following guiding principles to responsibly manage the Town's inventory of tax possession property.

- Commitment to conduct official business in an open and transparent manner.
- Recognition that the best interest of the Town and its residents is the highest priority.
- Resolve to ensure that the Town gets the maximum benefit from our actions.

Kate Paquin
Chair
Ernest H. Hyde
Darrin Wist
John Mangiaratti
(staff)

Progress

Most of the efforts of the Committee in 2009 focused on the process of actively selling property, which it holds under its jurisdiction. Our main goal was to responsibly sell the land in order to generate revenue from the sale as well as get the property to once again generate tax revenue for Westford. The Committee established and adopted new Rules of Procedure for the process for disposing of its properties

We did sell one property in private sale and have worked with the Finance Committee and the Board of Selectman to have 3 parcels tested in order to gain the best price possible for those parcels.

In conjunction with the special town meeting the TSPC transferred a large parcel of land-locked land to the Conservation Commission. That parcel was located on Texas Road.

The Committee has met with the Affordable Housing Committee and they have expressed interest in a few parcels of land to increase the amount of affordable housing available in Westford.

The TPSC website (www.westfordma.gov/tpsc) was created in 2008 to display current information such as agendas and the mission statement. The website also contains an updated list of all properties that are in tax possession.

Goals

- The committee currently has 55 properties under its jurisdiction. With the recent completion of the Committee's press release it is hoped there will be some interest in some smaller private sales.
- The Committee is currently investigating running an auction for the properties under its jurisdiction in late spring of 2008. This will be used as a direct and cost effective way to move many properties in one day. The committee is hoping to have an auction this spring after certain parcels are tested.
- List properties in local paper. When a property becomes available the Committee would like that property to be immediately available for sale. The long-term goal of the committee is to have few or no properties under its jurisdiction.
- The committee would like to work with other town committees to see if there are town uses for some of the property under the Committee's jurisdiction. We will work with other Committee's to insure that the best interests of the town are taken into consideration.

Tax Possession Sale Committee

The Committee Board Membership

- The committee members were all appointed in 2007 and remain committed to the board. Therefore, no board changes are required. All Committee member's terms are up for renewal in May of 2010.

TECHNOLOGY DEPARTMENT

www.westfordma.gov/tech

In 2009, Westford officially launched www.fbgov.us, a public-private venture to market, sell and support online permitting and licensing software developed by the Town's Technology Department to other municipalities in New England and beyond. By the end of December, Westford had sold the software to 3 towns in MA, RI and ME bringing in around \$15,000 a year in new revenue. This project is in a strong position for continued growth in 2010.

This launch stems from an ongoing commitment over the past three years to make Westford local government better through technology. The timeline highlights some of the major events that paved the way for this project.

Christopher McClure
Director

Kate Maguire
Operations Administrator

Kevin Murphy
Network (Shared with School)

Tom Laflamme
Database Administrator

Eric Coraccio
Systems Administrator

Timeline:

Summer 2006 to present:

Build infrastructure to improve communication, efficiency and uptime and reduce costs.

Completed projects: installed fiber wide area network to all town and school buildings to replace leased t1 lines, improved local networks, replaced traditional servers with central virtual blade servers and network attached storage, installed virtual desktop software at the public library.

Fall 2006 to present:

Improve email, phone and web communication and services internally and with the public.

Completed projects: installed new town-school wide email/ calendar/ web-management/ collaboration software, rebuilt town, library and all 10 school websites, expanded IP and mobile phone systems and linked voicemail to email.

Spring 2007 to present:

Improve and increase information and services available online.

Completed projects: real-time web updates, web notices, agendas and other information with email subscribe option, real-time meeting and other calendars.

Winter 2007 to present:

Create a rich web experience with more databases and Web 2.0 content.

Completed projects: Common Cause eGovernment Award with Distinction for 2008 and 2009, RSS feeds, Google Calendar subscriber links, Boards and Committees database, Voter Registration Database, Document Management System online with over 100,000 public documents, online permits.

Spring 2008 to present:

Create an online GIS based systems integration model linking GIS, Assessors Data, Document Management and Permitting with a single point live query.

Completed projects: launched online parcel lookup tool with single point live query into all land management databases.

Technology Department

Summer 2008 to present:

Create an online permitting system capable of integrating into Westford's systems integration model and meeting the needs of all permitting departments, explore revenue potential of selling this system to other communities on a regional model.

Completed projects: Westford is currently using the system they developed as part of the systems integration model live online at permits.westfordma.gov for building and Board of Health permits. Westford issued and awarded an RFP to market, sell and support this permitting system to other communities. Westford signed a 3-year contract with Hawkeye Government Solutions and launched in summer 2009.

The Permitting project is not a single event, but the culmination of these and many other projects in line with a philosophy of how government technology should work. This is a Technology Department project made possible by input from many departments and individuals. Special mention needs to go to Database Administrator Tom Laflamme who programmed the permitting database and online forms. Other key departments are GIS, Town Clerk, Permitting Departments and Town Manager.

This project stems from a much broader set of goals. The general goals of improved communication, efficiency, services and uptime continue to be met. The Technology Department has realized over \$80,000 a year in direct savings due to its various projects over the past three years plus indirect savings to other departments.

This project has multi-level goals. Westford now enjoys an excellent custom online land management suite highlighted by its own permitting system. This has always been the primary goal of the permitting project. Westford enjoys the cost savings associated with not having to pay another company for permitting software. The bigger, long term goals are to ensure that the Westford model continues to be sustainable, generate revenue for the Town of Westford while providing other communities a quality, affordable solution for government by government, encourage regionalization and standardization to help control costs and deliver a richer product.

Eric Coraccio, Systems Administrator, left Westford in November 2009 for opportunities in the private sector. Eric was instrumental in Westford's virtualization and public safety projects. That position will be filled in 2010 in order to support Westford's vital infrastructure and to continue expanding virtualization across Westford's town and school networks.

TOWN CLERK

The Town Clerk's office phones just never stop ringing! As a gateway to town government, our office is a resource for public information and many services, such as voter registration, dog licensing, bulk trash stickers, fishing & hunting licenses, raffle permits, public records requests and more.

Kaari Mai Tari
Town Clerk

Patty Dubey
Assistant Town Clerk

Rita Shipley
Senior Assistant

Marilyn Frank
Dept. Assistant

Registrars

Voting lists were prepared for two elections and four town meetings this year: May, June and July were bustling with town meeting activity and the death of U.S. Senator Edward M. Kennedy led to a Special State Primary on December 8th. Special voter registration sessions are held 20 days before an election and 10 days before a Special Town Meeting, usually at the Town Clerk's office. On those days the Town Clerk's office is open until 8:00 PM. The voting precincts in Westford are as follows:

Precinct 1	Abbot School, 25 Depot Street
Precinct 2	Blanchard Middle School, 14 West Street
Precinct 3	Abbot School, 25 Depot Street
Precinct 4	Robinson School, 60 Concord Road
Precinct 5	Stony Brook School, 9 Farmer Way – at Veterans Memorial Complex
Precinct 6	Rita Edwards Miller School, 1 Mitchell Way – off Russell's Way

The 2009 population in Westford based on census returns and voter activity was 20,718 as of December 31. There were 491 voter registrations processed in 2009, placing the town's voter population at 14,982.

The data provided from census returns is used to update voter information in the state's Central Voter Registry, which is used to generate voter lists for elections and town meetings, as well as being a data source for the Jury List. This data is valuable to many town departments and state agencies for statistical purposes as well. Information regarding residents under the age of 17 is shared only with the School and Police departments.

Election Management

There is an incredible amount of teamwork that goes into running elections. At the polls, a total of 84 election officers work very hard to make the election day process an easy one for voters and we are grateful for their tremendous efforts. Police officers help to ensure public safety and provide security for the election process from the ballot box during polling hours to transporting the ballots and voter lists at the end of the night. Voters who have an interest in working at the polls are encouraged to contact the Town Clerk's office.

Voters don't have a chance to see the work that goes into scheduling, setting up and taking down all the booths and any other changes that are needed to accommodate voting at the schools, but we would be lost without them. Richie Crocker, Linda Atton and John Emanouil at Abbot School; Lynda Colby and Rick Menard at Blanchard School; Carol Steele and John Winn at Miller School; Brenda Pelletier, Jayne Locke and Dan Barrett at Robinson School and Deb Leavis and Rick Harbaum at Stony Brook School along with their coworkers are an integral part of the election day process. Richie Crocker has a wonderful crew and when we see Kurt Franz at 5:00am to pick up ballots for delivery, we know that it will be a good day!

Vital Statistics

During the 2009 calendar year, 144 births, 53 marriages, and 153 deaths were recorded and 56 marriage intentions were filed. Details are printed elsewhere in the Town Report

Licensing & Permits

Dogs over six months of age must be licensed every year; licenses are based on calendar year. In order to be licensed a current rabies certificate is needed. The cost per license is \$15 per dog for all dogs, but owners ages 70 and over do not have to pay to license their dog(s). We licensed 2,318 dogs in 2009. The Town Clerk's office again participated in the annual rabies clinic by licensing dogs on location. Remember that according to town bylaw, if you neglect to license your dog before the end of the grace period (March 31), you must pay a fine of \$25 in addition to the dog license fee (seniors are not exempt from this late fee). If your dog has received a rabies vaccination, the Town Clerk's office often receives a copy of it directly from the veterinarian, so you can expect to be contacted by Assistant Town Clerk Patty Dubey about licensing your dog.

The Town Clerk's office, serving as licensing agent for the Division of Fisheries and Wildlife, issued 217 fishing, hunting, and sporting licenses during the calendar year.

A total of 124 business certificates or DBAs were issued in Westford in 2009. Certificates are valid for four years, prompt correspondence from the Assessors office regarding personal property tax on business equipment, and need to be either renewed or dissolved in order to keep our records current. Rita Shipley manages the database and keeps businesses up-to-date with renewal reminders.

Eleven raffle & bazaar permits were approved by the Police Chief and issued by the Town Clerk's office. These permits are available only to non-profit organizations that have been active for at least two years and are able to prove that if asked.

Acting as annual licensing officer for the Board of Selectmen, Patty Dubey maintains the files and prepared paperwork for 99 licenses issued by the Selectmen.

Records Management

A total of 633 meetings were held by more than 50 boards and committees whose members are listed in the front of the Town Report. Board and committee membership is printed in the front of this book and is also viewable online at: westfordma.gov/citizen.

Preservation

Special thanks to members of the Records and Archives Management Committee for their assistance with town archives, which is detailed in their report.

Miscellaneous

The Town Clerk's office accepted 316 passport applications in 2009 that were forwarded to the passport processing center.

As commissioners to qualify individuals for certain state offices, the Town Clerk's office staff swore in 44 notaries public.

Town Clerk's office staff also serves as notaries publics, processing 387 notarial acts in 2009. As the first line of response for public information requests, the Town Clerk's office staff relies on the expertise and assistance of many individuals and departments to whom we are grateful.

Births

The following list is printed with permission from the parents and is a partial listing of the births contained in the public record for 2009.

<u>Child's Name</u>	<u>Mother's/Parent Name</u>	<u>Father's /Parent Name</u>	<u>Date of Birth</u>
Cannistraro, Nicholas Joseph	Betty Jo Chiara	David Joseph Cannistraro	6/10/2009

T.R.E.A.D. PROGRAM (TAX RELIEF FOR THE ELDERLY AND DISABLED)

On May 13, 1997 the Town of Westford voted to accept the provisions of Chapter 60, Section 3D that establishes an elderly and disabled taxation fund.

The purpose of this fund is to assist in defraying the real estate taxes of the elderly over 65 and disabled persons of low income. In Westford the program is administered through the Council on Aging.

TREAD awards vary year to year as the funds are dependent upon the generosity of private individuals and businesses. No town funds from the fiscal budget are used. Voluntary tax-deductible donations by the taxpayers or other individuals are the sole support of this program. For calendar year 2009, we received 23 applications and 16 individuals were assisted with varying amounts based on the individual's need. Those with the greatest need get first consideration.

Qualifications Requirements of the recipients:

- Must own and occupy the property for which taxes are assessed
- Must be 65+ years old or have a state-recognized disability
- Must file completed application disclosing exemptions and household income and expenses for all members age 18+

Applications are reviewed by a committee appointed by the Town Manager and state law determines that the make-up of that committee consist of the Finance Director Suzanne Marchand, and a representative from the Board of Assessors, Diane Holmes, plus 3 members at large: Nancy Cook, Timothy Donovan and Dorothy Hall, Program Coordinator. Donated funds are in the custody of the Town and held in an interest-bearing account specifically designated for TREAD.

TREE WARDEN

At the close of 2009, there is still much work to accomplish on keeping up with damaged trees around Town. The December 2008 ice storm wreaked havoc on both Town and private trees, including many trees located at the Town Common, with the extreme southern part of town incurring the least damage.

Richard J. Barrett
Tree Warden

Damaged tree from the December '08 Ice Storm

In addition to regular tree maintenance, the Town of Westford processed in excess of 25,000 cubic yards of woody debris from the ice storm. To put this into perspective, that is the equivalent of over 250 tractor trailers commonly seen on our highways, or the equivalent volume of filling 7 ½ Olympic size swimming pools! The brush was reduced to wood chips and was recycled as an alternative energy source for producing electricity.

Roadside ice storm debris brush collection

Chipped woody debris getting ready to be hauled for energy use

As Tree Warden for the Town of Westford, the value of our trees is fully recognized with an emphasis on preserving their health and beauty. Unfortunately, due to disease and environmental damage such as heavy precipitation and strong winds, tree preservation is certainly a challenge.

Sincere thanks to the residents of Westford for keeping the Tree Warden informed of their vegetation concerns. Appreciation is also extended to the Highway Department crew for their assistance with the many tree management projects throughout the town, and to the Police and Fire Department for insuring all of our safety while these projects are underway.

VETERANS SERVICES

Veterans Services for the Town of Westford completed another successful year, operating from the Millennium facility. The office, on a part time basis, continues to provide services and benefits to eligible veterans and their dependents as outlined in Chapter 115 of the General Laws of Massachusetts.

Paul F. Murray
Veterans Service Officer

The Veterans Services also offer burial, job programs and housing assistance, along with food and fuel aid programs to qualified applicants.

We continue to have good return rate for lost or missing discharge papers (DD-214). This is the key document to Veterans Services, both state and federal.

Veteran's gravesites in all Westford cemeteries were flagged on Memorial Day and revisited Veterans Day.

Nineteen KIA (Killed in Action) street markers for WWII, Korean, and Vietnam Veterans who suffered the supreme sacrifice were dedicated on Veterans Day. These markers will be posted on the street intersections closest to the Veteran's residence at time of service.

The Veterans Day and Memorial Day programs again this year were greatly enhanced by the participation of the youth of Westford, including Westford Academy student volunteers, scouting groups, and Westford Academy band members.

The leadership of these groups now plays a major role in the planning, staging, and success of these events.

The observance of both these days, by the town residents, continues to improve but is not yet what we would expect.

Thank you to all Westford departments, town officials, School Department, police and fire Honor Guards, American Legion Posts 159 and 437, Disabled American Veterans, and the Veterans of Foreign Wars for their support of the veterans office and operations during this past year.

Remembering those Killed in Action,
WWII, Korea, and Vietnam

WATER DEPARTMENT

January 1 to December 31, 2009

The Westford Water Department employs a staff of 13 to manage and maintain the water system and its resources. The full-time superintendent and a three-member Commission with one alternate are responsible for the department which is charged by the town to provide safe, high quality, uninterrupted water at a reasonable pressure. The Water Department must also adhere to water quality requirements established by the U.S. EPA and the Massachusetts Department of Environmental Protection. The Board of Water Commissioners meets twice a month, usually on the first and third Wednesday of the month. You can visit the Water Department's website at www.westfordma.gov/water

Board of Water Commissioners

Hugh C. Maguire
Chairperson

Elizabeth Denly
Secretary

Leslie A. Thomas
Member

Vacant
Alternate Member

Water Department Staff

Robert Worthley, Superintendent
Vacant, Water Treatment Manager
Robin Fullford, Business Manager
Jessica Cajigas, Environmental Compl. Mgr.
Dianne Cloutier, Records Supervisor
Sandra Kane, Administrative Assistant

Paul Ricard, Foreman
Wayne Beauregard, Foreman
Chris Macpherson, Licensed Well Specialist
Joe Emerson, Licensed Well Specialist
Dave Crocker, Licensed Well Specialist
Rob Daley, Licensed Well Specialist
Scott Harkins, Licensed Well Specialist

2009 Highlights

The Water Department won (for the second consecutive year) a Public Water System Award from the Massachusetts Department of Environmental Protection (MassDEP) which recognized community water systems and nontransient-noncommunity (NTNC) water systems for their outstanding performance in 2008. It also won a MassDEP Conservation Award for its efforts toward Water Conservation.

MassDEP Deputy Commissioner Gary Moran with Robert Worthley, Jessica Cajigas and then Superintendent Warren Sweetser.

Water Department

The Water Department is very proud of these accomplishments and strives to protect and supply safe and fit water to its customers with superior levels of compliance.

In December 2009, Robert Worthley was promoted to Water Superintendent after serving seven years as the Department's Water Treatment Manager. Bob has over 20 years experience in the water industry. Congratulations Bob!

Public Outreach

The Water Department continued its public outreach efforts in 2009 including the biannual newsletter "InFLOWmation", and the annual Consumer Confidence Report, which inform the public about water quality issues, pollution prevention and water conservation tips, and Water Department changes. Outreach efforts included aquatic ecology activities with 5th Grade Camp; pollution prevention education through the Day School's Living Lab; judging the school Science and Inventor's Fair; and the Water Department Open House.

The Environmental Compliance Manager continued efforts to increase pesticide awareness through the "Healthy Lawns for Healthy Families" project. A free organic lawn care workshop was held in September for local residents in conjunction with the Roudenbush Community Center. Over 40 residents attended the workshop presented by Chester Mandrik. In addition, the Healthy Lawns for Healthy Families website moved to the town server and can now be found at www.westfordma.gov/healthylawnsforhealthyfamilies

In 2009, the Rain Garden at the Day School was completed by volunteers from the Town of Westford Water, School, Engineering, Conservation, and Highway Departments, and local company Stantec, Inc. The design integrated specific stormwater management calculations and site-specific soil information in order to treat runoff from the school's parking lot before it infiltrates into the ground or flows into Reed Brook. The 150 by 25 foot rain garden is a demonstration project for both the town and the Day School's Living Lab Program. All students from Westford's kindergarten through 5th grade classes will be able to walk through the garden, learning about the native plant species it contains. The garden will also provide habitat for butterflies and other insects for students to observe.

Superintendent Warren Sweetser Retired after 37 Years

On October 16, 2009, Warren Sweetser retired having served the Water Department as a Laborer, a Station Operator, an Acting Foreman, and the Superintendent. He was first hired by Harold Fletcher as a laborer in 1972. That year the town's population was 10,700 and 290 million gallons (MG) of water were pumped. To compare, the town's current population is about 21,000 and in 2009, 468.8 MG of water were pumped. In his 37 years, Warren saw the Water Department through a lot of changes and improvements including the construction of the garage at 63 Forge Village Road, the installation of three public water supply wells and two water storage tanks, and construction of two water treatment plants.

Since Warren became Superintendent in July 1991, many significant advancements were made. In 1992, Town Meeting voted to create the Water Enterprise Fund, making the Water Department self-sufficient; in 1999, Westford Water implemented the first ultra-violet disinfection system in the state; and in 2003, the two new state-of-the-art Water Treatment Plants went on-line, and the new Water Department Office opened at 60 Forge Village Road

Superintendent Warren Sweetser at the 2001 groundbreaking ceremony for construction of the Forge Village Water Treatment Plant.

The Water Department would like to congratulate Warren on his retirement and thank him for his many years of dedicated service to the Town of Westford.

ZONING BOARD OF APPEALS

The Zoning Board of Appeals (ZBA) is a quasi-judicial body chartered under the Massachusetts Zoning Act (Chapter 40A and 40B) and Westford's Zoning Bylaw. Membership consists of five (5) regular voting members and three (3) alternate members appointed by the Board of Selectmen. The ZBA plays a role in regulating land use and development in the Town by hearing applications for variances from the Zoning Bylaw, special permits for allowed activities that require heightened review under Town zoning, appeals of decisions of the Building Commissioner and comprehensive permits for mixed-income developments in accordance with M.G.L. Chapter 40B.

The Zoning Board of Appeals typically meets on the third Wednesday of each month at the Millennium Building. Meetings are open to the public.

Thirty-one Zoning Board petitions were heard in 2009, some of which required more than one requested action and others are pending. The following table summarizes the disposition of these applications:

	Approved	Withdrawn	Denied	Pending
VAR	25	0	0	2
SP	18	0	0	1
CP	1	0	0	0
CP-MOD	0	0	0	1
Totals	43	0	0	4

VAR = variance SP = special permit CP = comprehensive permit

The requests varied greatly, including, but not limited to, variance requests for additions, special permits and variances for altering an existing nonconforming structure, special permits for demolition and rebuild of nonconforming structures, Comprehensive Permit modification, and special permits for Accessory Dwelling Units.

Under Comprehensive Permit Law (Chapter 40B), the ZBA is authorized to waive local regulations, including zoning, for residential developments that consist of at least 25% affordable housing units. One comprehensive permits which had been filed in 2007 (Graniteville Woods) was approved in 2009.

On February 17, 2009 the Board voted to grant the Comprehensive Permit for the Graniteville Woods project for the construction of sixty-eight (68) single-family houses and ninety-six townhouse style units in sixteen buildings with associated infrastructure and improvements.
